

GREEK SOLDIERS TO BE MOBILIZED

Twenty Classes Are Called Out in Reply to Bulgaria's Move

By Associated Press
Athens, via London, Sept. 24, 2 p. m.—A decree for general mobilization of twenty classes of Greek soldiers was signed last night by King Constantine and promulgated. The decision of the King has aroused the greatest enthusiasm.

Issuance of the mobilization decree came quickly after the king had granted an audience to Premier Venizelos. The premier informed the king that mobilization was the only possible reply to Bulgaria's move. To this the sovereign agreed, stipulating that it should be regarded as a defensive measure.

The minister of war, General Danglis, subsequently took the decree to the palace, and the king signed it. The twenty classes now called to the colors are in addition to four classes already under arms.

The semi-official newspaper Patris of Athens says the military measures undertaken by Greece show a decision has been reached to meet Bulgaria's move energetically and without delay. It adds that the intention of Greece is to defend her own rights and to fulfill the duty to support Serbia.
