

Why Suffer With Backache, Kidneys or Rheumatism Now?

Letter Tells of Long Looked-for Prescription.

Dear Readers:—I am making a personal appeal to those of you who are bothered with kidney and bladder trouble and rheumatism, to give up the use of harsh salts or alcoholic kidney medicines that you know nothing about, and in their place take a short treatment of "An-Uric" and be convinced of its superiority, as I was.

I have taken many of the kidney medicines but none with the results of "An-Uric." I am so pleased with the curative properties of this wonderful prescription that I cannot say enough about it.

You've all undoubtedly heard of the famous Doctor Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists at Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo N. Y., for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "An-Uric" has not

been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing tablet, Doctor Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

I know of one or two leading druggists in town who have managed to procure a supply of "An-Uric" for their anxious customers in and around this locality.

Simply ask for Doctor Pierce's An-Uric Tablets. There can be no imitation. Every package of "An-Uric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous friend to ailing women, and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and re-constitutor for any one.

At any rate don't give up hope of being cured of your malady until just a few doses of "An-Uric" have proven that it will make you feel like a different person.—F. W. D.

SOW WHEAT LATE SURFACE ADVICE

That Is the Best Way to Avoid the Ravages of the Hessian Fly in Next Year

State Zoologist H. A. Surface, who has just received a number of reports from districts in the Cumberland, Lebanon, Juniata and lower Susquehanna valleys where the Hessian fly damaged wheat is out with a warning to people to get after it before it can propagate for next season. The zoologist says the pest "is very small, but power in its influence." To head it off, sow wheat late, he says.

The female is now laying eggs on the volunteer grain and will lay on the leaves of the wheat as it appears this fall. They are the cause of wheat assuming a bluish-green appearance. The best plan, and one which he has tested, is to sow wheat late. This is the best time to start in the southern counties.

Dr. Surface says "Some persons have suggested pasturing the infested fields with cattle, or with sheep so that the tramping of the animals would crush the larvae. It has also been suggested to roll the fields with a roller, but neither of these suggestions is worth much toward destroying the pests. One cannot spray for the Hessian fly after it is beneath the sheath of the leaf, because it is there protected. One cannot crush it by rolling or trampling, because what would do this successfully would also crush the plant and grind it to pieces. In short, there is no method of attacking the larvae of the Hessian fly after it is once in the plant. Therefore, the best possible means of avoiding its damage must be in measures that will prevent its appearance in the wheat. The primary and most valuable means of all is to sow the wheat late. In the southern part of this State it should not be sown before the 25th of September. For each full degree of latitude northward it may be sown two days earlier, and for each five hundred feet elevation it can be sown a day earlier in addition. Thus one can figure out the earliest possible date at which it is safe to sow to avoid damage by the Hessian fly, in accordance with the latitude and altitude. In general, and especially during the warm season, farmers should avoid sowing everywhere in this State this year until toward the end of the last full week in September.

"There is another brood of the Hessian fly next summer, but the proper date of sowing is for the control of the full brood, and at this time of the year no better means of its control is known than late seeding."

Homes of Refinement

These artistic homes are located on North Seventeenth Street, near Briggs and Boas Streets. Careful restrictions have been placed around this territory, which with the ample lawns and space between buildings, make it one of Harrisburg's most desirable residence sections.

The houses are extremely well built and finished. In the house shown in the lower illustration, there is a splendid living room finished in ivory white, dining room in mahogany, upper floors in ivory white.

The homes shown in the upper illustration are equally well finished in Flemish Oak, birch mahogany and ivory white. A pantry adds to the convenience of the kitchen. A sleeping balcony is provided at the rear of the building.

The interior decorations are selected by an expert decorator, who gives personal attention to the effect in each room. The houses are steam and vapor heated; have complete electric and gas service, with the best fixtures—in fact, no modern convenience has been omitted. Lawn sodded, shrubs and trees planted; street paved.

The houses are open for inspection at any time. See them at your convenience, and be assured you will not be annoyed by agent or representative.

AMUSEMENTS

ORPHEUM
To-day and to-morrow with daily matinee—Lyman H. Howe's Travel Festival
Tuesday and Wednesday and Wednesday matinee, September 24 and 25
—Joe Weber presents "The Only Girl."
Thursday matinee and night, September 30—"The Girls From Joyland."

CELEBRATE BY TRAVELING WITH HOWE

How well the expositions are doing may be realized after seeing Lyman H. Howe's filmization of the event itself—the completion and operation of the Panama Canal—and also the celebrations at San Francisco and San Diego at the Orpheum for two days commencing to-day with special matinees both days. These pictures are here just at the right time, the celebration of our own city, improvements. Every foot of film exhibited by Howe commands admiration. While a "trip to the California Exposition through the Panama Canal" will be the predominating feature of the new program, there will also be many other splendid subjects widely diversified in character, one of which includes the sensations of a ride on a submarine. "Our Baby" will be repeated by request.—Advertisement.

"THE ONLY GIRL"

What promises to be the appearance of the most important, is the appearance of "The Only Girl" which comes to the Orpheum Tuesday and Wednesday with a special matinee Wednesday. The production comes here under the management of Joe Weber, director from the Lyric Theater, New York, where it ran for nearly one year. "The Only Girl" is the result of the collaboration of Victor Herbert and Henry Blossom, who have in the past given us "The Red Mill," "Mlle. Modiste" and operas of that high standard. "The Only Girl" is something new in musical comedy inasmuch as it does not have a stage full of a varied lot of clumsy chorus girls but instead a group of stunning young women who have been carefully selected for their distinct types of beauty. The sale opens to-morrow. — Advertisement.

MAJESTIC VAUDEVILLE

One of the artistic hits of the Majestic's new bill is the delightful tersichorean offering of Mile. Sabina and Cleve Bronner. This is the lone ringer, but it is of so high an order that it will interest and compel admiration from any audience. The big headliner, however, of the celebration week bill is the Max Comedy Circus, vaudeville's greatest attraction, and attraction. Claud and Marion Cleve, the clever musical comedy pair, are certainly pleasing and with seeing; the Pearl Brothers and Burns, song and patter comedians, are creating an upheaval of laughter and applause.

COLONIAL TODAY

The Circular Staircase
Inasmuch as few mystery stories have proven successful when adapted to motion pictures, Manager Lanham of the Colonial Theater, considers himself lucky in securing the five reel Selig Red Seal play "The Circular Staircase." This exciting film will be shown to-day and to-morrow and the critics who have passed judgment on it have declared it to be the most successful film of its class. The novel from which the film was adapted was written by Mary Roberts Rinehart and its characters and theme are too well known to need repeating. Eugene Besserer, who has been a star of the Selig Company for several years, is featured. The supporting cast includes such well-known players as Guy Oliver, Edith Johnson, Stella Razeto and William Howard. Monday and Tuesday the Colonial will present Robert Edeson in the Vitagraph's great feature of a medical mystery, entitled "Mortmain" in which Edeson is shown in a strong acting role.—Advertisement.

FINAL ARRANGEMENTS FOR THE BIG 1915 EXPOSITION AT HAGERSTOWN

Final arrangements for the 1915 exhibition of the Great Hagerstown Inter-State Fair and Exposition are now being made by the officials of the fair at Hagerstown. The wants of thousands of patrons, the exhibitors, the army of concessionaries, and the hosts of employees, will be provided for in every way. An information bureau will be maintained as usual. A department of the post office will be established at the fair grounds. Express companies will be quartered there, while there will be a telephone exchange. The exhibit building, the immense cow barn, covering an acre of ground and capable of housing 800 head of cattle, the poultry building, wherein will be shown nearly 10,000 birds, the magnificent racing and attractions, the agricultural hall and the corn show, all combined, makes an exhibit that requires an effort to view complete in

CATARRH GERMS EASILY KILLED

Only Way To Cure This Disease Is to Destroy Its Cause
If you have catarrh and want to get rid of it you must kill the germs which cause catarrh. Stomach dosing, ointments, sprays, creams, douches, etc., fail because they overlook this fact. They all help by giving temporary relief but they do not reach the germ life that has found lodgement in your head, nose, throat, and could not destroy it if they did.

The best known way of destroying the dangerous germs of Catarrh and consequently ending the disease itself, is to breathe into the air passages of your nose and throat the pleasant, penetrating air of Hyomel (pronounced High-o-mel). Hyomel is a pure oil of Eucalyptus combined with other powerful, healing, antiseptic and germicidal ingredients. You breathe it through a little pocket inhaler which H. C. Kennedy and other leading druggists in Harrisburg and vicinity are furnishing with every complete treatment sold. Every time you inhale the sweet, fragrant air of Hyomel through this little device you are drawing into your swollen, inflamed germ laden membranes a medicated air which will not only reduce all the swelling and inflammation and open your clogged nose and stopped-up air passages, but will absolutely and positively destroy every trace of Catarrh germ life it reaches. Druggists are so sure of the blessed, lasting relief that Hyomel brings to catarrh sufferers that they sell it invariably on the positive guarantee that money paid will be refunded if successful results are not secured from its use. Get a Hyomel outfit from your druggist to-day and begin at once to drive this dangerous and disgusting disease from your system forever.
