## BELIEVE MORRIS KILLED IN FIGHT

Coroner's Investigation of Death of Carlisle Man Found Along Track

Carlisle, Pa., Sept. 27.—That Charles Morris, found dead along the Reading Railroad tracks Saturday was murdered at Hobbs' Retreat, a noted resort for tramps near here, and that his body was placed on the tracks as a blind, is the opinion of local officials following a continuation of the coroner's investigation yesterday. The presumption now is that Morris was either killed or stunned by a blow on the head in a brawl with his friends on Friday night and his head placed on the rails in order that the first passing train might obliterate the real cause of his death. Marks as if his body had been dragged and also the absence of blood at the point where the body was found are further facts quoted in support of the theory. James Welsh, a pal of the dead man, held as an important witness, has given the officers several conflicting stories. Efforts are being made to locate "Baltimore Benny" Murphy, a fair follower and Henry Taylor, of Carlisle, who are missing and who were last seen with the dead man. No verdict was reached by the coroner's jury, the case being held over.

## CHILD'S HEAD FULL OF PIMPLES

Itchy and Burning. Irritated and Scratched Her Scalp. Would Cry Awful.  
**HEALED BY CUTICURA SOAP AND OINTMENT**  
"When my little daughter was two months old her head broke out full of small pimples. They festered and left big thick scales covering the top of her head almost like one scale. Her head was itchy and burning and she irritated and scratched her scalp. We had to watch her very close in order to keep her from scratching her head. She would dig her finger nails in and scratch, and then she would cry something awful. I sent for Cuticura Soap and Ointment. You could see the scales were loose and ready to come off the next morning. After using them two weeks she was healed."

## COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief in Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work. In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.
