MATTRESS LAWS WILL BE ENFORCED

Department of Labor and Industry Will Carry Out Requirements

Vigorous enforcement of the State laws regulating the use and sale of mattresses has been ordered by Commissioner John Price Jackson, of the State Department of Labor and Industry, complaints having been received that some manufacturers have been using materials that have not been sterilized and some which have been forbidden.

The factory inspectors will visit factories, cleaning establishments, wholesale and retail stores which are under the supervision of the department by the acts of 1913 and 1915. Complaints received here allege that numbers of mattresses are being shipped into the State for retail sale without being labeled with the materials and improperly made and sellers of such mattresses are liable to prosecution the same as Pennsylvania manufacturers or jobbers.

Resale of mattresses once used is prohibited unless sterilized and none that has been used by a person having any contagious or infectious disease may be sold again. Mattresses may not be sold in sales of household goods unless disinfected, the disinfected process to be as prescribed by the Department of Health. The law requires all mattresses to be tagged and second hand mattresses to be clearly marked. The penalty of violation of the act is fine of from \$5 to \$50 for each offense.

Judge Witmer Here.—Federal Judge C. B. Witmer, of Sunbury, was at the State Capitol today. He is on his way to Philadelphia to attend the annual meeting of the Pennsylvania Bar Association.

Mr. Crichton Returns.—Thomas A. Crichton, cashier of the State Treasury, who was one of the candidates for treasury in the Tloga county contest, is back at his desk. He was congratulated by friends upon his excellent run.

Busy on Tax Accounts.—The Auditor General's Department force is working day and night now on the settlement of State taxation accounts. The work will be closed up in about a fortnight it is hoped.

Panama Pictures Received.—Prints of the photograph taken of the Pennsylvania official party to the Panama Pacific Exposition have been received at the Capitol. They were taken in front of the Pennsylvania building.

Will Return Saturday.—W. D. Uher, chief engineer of the State Highway Department, will return from San Francisco on Saturday. He represented the State at the national road congress.

Dividing Rates.—The Public Service Commission issued an order dividing interested railroads the revenue for hauling coal and coke from the Gallitzin, Connelville, Clearfield and other fields to the plants of the Lehigh Fire Brick Works, Bryden Horse Shoe Co., and Crane Iron Works in Catawauqua. The case was heard last winter and attracted wide attention because of the questions involved. An order was made on May 7, 1915, and the new order decides that the Lehigh and New England railroads shall receive 33 cents out of the revenue on each ton of coal or coke and the Pennsylvania and Lehigh Valley railroads shall receive the balance.

Will Not Rescind.—The Public Service Commission last night issued an order refusing to rescind its administrative ruling making one way tickets good in either direction.

Must Give Service.—The Public Service Commission to-day held that a public service company has no right to adopt a policy whereby it will serve only such customers as are remunerative at time of installation of facilities, providing the requests for service are reasonable. The decision was given in an opinion by Commissioner Billing in the complaint of C. A. Sisk, Factoryville, against the Abington Electric Company. It was contended by the complainant that the company refused to furnish current to light his house and barn on the ground that installation would be expensive. It was found that service could be given without great outlay and an order made that it should be accorded at the published rates.

Commission to Meet.—The Forestry Commission will meet Friday to discuss forest protection and to act on applications for sites for camps.

Must Pay as They Go.—Persons or firms contracted with to perform expert or other services by State Department must pay out of their own pockets for expenses which would otherwise lapse at the end of an appropriation year according to an opinion given to the auditor general by Attorney General Francis Shunk Brown to-day. The case arose when the Public Service Commission contracted with experts to make valuation of the Springfield Consolidated Water Company's properties just before the close of the last appropriation year. It was desired to know whether the experts could be paid out of the balance remaining unexpected at the end of the appropriation year. The attorney general holds that they can not, but must be paid as services are rendered. The principle will apply to all departments.

Commission Meetings.—The Public Service Commission to-day announced that it would meet in this city October 5, 6 and 7 and in Scranton October 12, 13 and 14.

Capitol Visitors.—Visitors to the Capitol to-day included Senator James W. Anderson, Somerset; Representatives Charles Evans, Luzerne; H. R. Myers, Washington, and Warren Graham, of Philadelphia; T. P. Sloan, Washington; John S. Gillespie, Pittsburgh.

Going to Washington.—Chairman W. D. B. Ainey, of the Public Service Commission, will go to Washington to-morrow to attend the meeting of the Interstate Commerce Commission in regard to valuation of property.

Commission to Get Busy.—The new Economy and Efficiency Commission, of which the governor is chairman, will meet to-night to outline its work. Harry S. McDevitt, the commission's chief, will discuss the plan. The whole scheme of the State Government will be surveyed and changes suggested to the next legislature.

Col. Elliot Here.—Col. John A. Elliott, of Philadelphia, was at the Capitol to-day to pay his respects to the governor.

Typoid at Shippensburg.—Typhoid fever has appeared at Shippensburg and State inspectors have been notified by Dr. Dixon to make a thorough investigation of the water and milk supplies.

Local Increases.—The S. R. Smith Co. of this city, filed notice of increase of stock from \$200,000 to \$250,000 and the Grantham Preserving and Pickling Co. of Gettysburg, of increase from \$50,000 to \$80,000.

Homes of Refinement

These artistic homes are located on North Seventeenth Street, near Briggs and Boas Streets. Careful restrictions have been placed around this territory, which with the ample lawns and space between buildings, make it one of Harrisburg's most desirable residence sections.

The houses are extremely well built and finished. In the house shown in the lower illustration, there is a splendid living room finished in ivory white, dining room in mahogany, upper floors in ivory white.

The homes shown in the upper illustration are equally well finished in Flemish Oak, birch mahogany and ivory white. A pantry adds to the convenience of the kitchen. A sleeping balcony is provided at the rear of the building.

The interior decorations are selected by an expert decorator, who gives personal attention to the effect in each room. The houses are steam and vapor heated; have complete electric and gas service, with the best fixtures—in fact, no modern convenience has been omitted. Lawn sodded, shrubs and trees planted; street paved.

The houses are open for inspection at any time. See them at your convenience, and be assured you will not be annoyed by agent or representative.

TO HEAR JITNEY MAN WHO HIT CYCLE COP

A hearing to determine the responsibility of yesterday's collision between a jitney and a police motorcycle, will be held at the Mayor's office to-morrow afternoon. The accident happened at noon at the intersection of Green and Forster streets. John Bennett, owner of the jitney, and six other witnesses have been subpoenaed to be present. George Fetrow, motorcycle officer, who was slightly injured, was on the job to-day.

STEELTON PLAN FIELD DAY AT KELKER PARK

Volunteer Workmen Will Trim Trees and Grade Paths October 23

Following Monday evening's meeting of the Municipal League of Steelton when plans for the further development of Luther R. Kelker park were discussed, President Harry C. Wright to-day announced that October 23 has been set as the date for another field day when volunteer workmen will be urged to help trim trees, grade paths and otherwise help to beautify Steelton's only park.

Field day exercises similar to the one planned for October 23 were held last Spring under the auspices of the league. At that time Warren H. Manning, the Boston landscape artist, who planned the parks of Harrisburg and Steelton, was present to direct the work. It is not yet known whether or not Mr. Manning can be here next month.

The park committee of the league, of which C. S. Davis is chairman, with President Wright will direct the exercises this time. It is altogether likely that the Pennsylvania Steel Company will again send some men to help in the work.

Students to Help.—Saturday, October 23, was selected as the date, because there will be no football game in Steelton that day and the school students will be free to participate in the work. At the last field day exercises students from the High school with pupils from the other grades down to the smallest tots in the beginner's department were on hand and helped pull weeds, trim trees, grub bushes, grade walks and clear away underbrush. The affair was a huge success and park development in Steelton was given a wonderful boost.

It is the present plan of the Municipal League to get the tract in shape next month for the winter so that when Spring comes the final planting and grading which will make the park a real recreation place, may be done.

In the meantime a number of contractors, carpenters and painters have volunteered to make some benches and tables to be placed about the park.

SURPRISE PASTOR'S WIFE.—Members of Class No. 9, of St. Mark's Lutheran Sunday school, taught by Dr. J. R. Plank, gave a surprise party at the parsonage last evening in honor of Mrs. W. B. Smith, the pastor's wife. A social evening was enjoyed after which refreshments were served. Mrs. Norman Yeany gave several delightful piano selections. Mrs. Smith received many pretty and useful gifts. Among those present were: Mr. and Mrs. J. R. Plank, Mr. and Mrs. J. H. Baughman, Mr. and Mrs. Spangler Krout, Mrs. Samuel Brandt, Mrs. Alice Dahooft, Mrs. Mary Rockey, Mrs. George Roberts, Mrs. Annie Westhafer, Mrs. Harry Downs, Mrs. Margaret Miller, Mrs. Benjamin Lehman, Mrs. George Fickes, Mrs. William Urban, Mrs. Scott Hummel, Mrs. Norman Yeany, Mrs. Katie Schroll, Mrs. Mary Miller, Mrs. Mary Sanders, Mrs. Mary Phillips, Clayton Fickes, Miss Esther Fickes, Mrs. W. Holtzman, Miss Hazel Westhafer, Miss Blanche Westhafer, Miss Margaret Hummel, Miss Roberta Smith, E. Lehman, Mrs. William B. Smith and the Rev. William B. Smith.

How Any Woman Can Remove Hairy Growths

(Beauty Culture) It is not longer necessary for a woman to visit a beauty specialist to have superfluous hairs removed, for with the aid of a plain delatone paste, she can, in the privacy of her own home, remove even a stubborn growth in a very few minutes. The paste is made by mixing some water with a little powdered delatone. This is applied to the hairs and after 2 or 3 minutes removed and the skin washed, when it will be left clear and hairless. Be sure you buy real delatone

STYLE In Clothing?-- For Young Men? And You Men Who Want to Remain Young Well, we think the kind of style a young man likes is a suit which represents a young man; a suit that expresses buoyancy of spirit — the joy of living — the snappy optimism of a fine young chap — a suit that represents the crispness of an Autumn day — the kind of a suit that all the girls admire.
