## CUNNINGHAM TO MAKE BIDDERS ACT

### Gives Notice That No Irregularities Will Be Tolerated in State Contracts

In awarding contracts for the construction of bridges advertised by the State Highway Department, State Highway Commissioner Cunningham yesterday served notice on bidders that all irregular bids would be thrown out and that the policy of the Department during his administration would be to require the completion of the work at the time and in the manner prescribed in the specifications.

In a number of instances the low bidder did not receive the award because of starting irregularities in the bidding. Unit prices were omitted, no time was specified for the completion of the contract and, in one instance, bidding blanks were signed by an individual who offered nothing to show that he had the slightest connection with the firm in the name of which the bid was made.

The following table gives the county and township in which the bridge is located, the name of the successful bidder and the price:

- Cameron: Shippen; Farrier Engineering Co., Pittsburgh, \$4,388.
- Monroe: Stroud; Jacob Stem, of Stroudsburg, Pa., \$740.85.
- Center and Clearfield: Central Construction Co., Wooster, O., \$2,767.65.
- Worming: Falls; Anthracite Bridge Co., Scranton, Pa., \$1,776.28.
- Susquehanna: Great Bend, Anthracite Bridge Co., Scranton, Pa., \$1,591.30.
- Monroe: Paradise; Jacob Stem, Stroudsburg, \$1,683.49.
- Susquehanna: Clifford; Anthracite Bridge Co., Scranton, \$2,278.30.
- Cameron: Shippen; G. W. Ensign, Inc., Harrisburg, Pa., \$1,113.10.
- Susquehanna: Gibson; Anthracite Bridge Co., Scranton, \$1,917.00.
- Sullivan: Davidson; Whittaker & Diehl, Harrisburg, \$4,258.45.
- Worming: Easton; Anthracite Bridge Co., Scranton, \$3,845.50.
- Susquehanna: Brooklyn; Anthracite Bridge Co., Scranton, \$1,921.50.
- Butler: Penn; Central Construction Co., Wooster, O., \$1,804.46.
- Elk: Ridgway; Will Dickinson, Ridgway, \$2,819.90.
- Monroe: Hamilton; Jacob Stem, Stroudsburg, \$1,253.25.
- Monroe: Pocono; Jacob Stem, Stroudsburg, \$680.63.
- Beaver: Raccoon; R. D. Hunter, Beaver, \$2,669.80.

No award was made for the bridge in Dingman and Milford townships, Pike county for the reason that there was only one bidder and the Department officials decided that it was entirely too high.

No award was made for the bridge in Polk township, Monroe county, for the reason that the low bidder neglected to mention any unit prices and specified no time for the completion of the contract and the only other bidder named a price approximately twice as high as the estimated value of the bridge.

No award was made for the bridge in Pocono township, Monroe county, for the reason that an error was discovered in the bidding blanks prepared by the State Highway Department and as this gives insufficient information to the bidders, it was decided not to make any award.

### NEUTRALITY FOR RUMANIA

Berlin, Oct. 1. (By Associated Press.)—The Overseas News Agency says today the following among its dispatches: "Special reports from Bucharest say that at the opening of the new club house of the conservative party Alexander Marghiloman, the president and leader of the conservatives, in a speech declared that the only attitude for Rumania was one of neutrality, as decided upon by the crown council."

## NEW YORK "WHITE SLAVE" ACCUSES POLICE

MISS ALICE HENRY

New York, Oct. 1.—That the police protect vice in New York, and that one man controls 1,500 "white slaves" is the accusation of Miss Alice Henry, who recently had her jaw broken, her cheek bone fractured and half her teeth knocked out because she dared to tell the Grand Jury and District Attorney Smith the inside story of vice in this city.

She alleges that the "white slave" evil is as great as ever and that one man, "Mortche" Goldberg, controls the lives of 1,500 women. She also alleges that some members of the police force are in league with the "white slaves."

Two weeks ago Miss Henry was attacked by tenderloin thugs and severely beaten.

According to her story, Miss Henry was caught by one of Goldberg's agents when but 19 years of age, and less than six months in this country. The fellow, named "Louis" took her to a house which he said was his hideout. There Miss Henry was kept a prisoner for seven months without once being taken outside. Later she was allowed to go out, but never alone. She says that "Louis" received \$150 for her from Goldberg. For five years she lived as a white slave in three different places operated by Goldberg.

## TOO MANY WANT TO SEE GOVERNOR

### Has to Decline Invitations to Make Speeches and Lay Cornerstones on Tour

So many invitations have been extended to Governor Brumbaugh to make speeches, address conventions and meetings, to speak at banquets, to lay cornerstones and for his presence at other functions on the coming "Seeing Pennsylvania" tour that he has been compelled to refuse them. The announcement of the route of the tour ten or twelve days ago caused numerous invitations to pour in on the Governor with the result that if he had accepted all of them it was estimated that the tour would have had to be cut down from 880 to 600 miles. As a result it has been announced that the Governor will not accept any invitations and that if it is found that attending any of the functions for which tentative engagements have been made will interfere with the progress of the tour or delay the party they will be cancelled and the persons in charge notified.

It is expected that automobile clubs from practically every city on the tour will act as escorts. In addition to Pittsburgh, Altoona, Williamsport, Scranton and Wilkes-Barre automobilists escorting the party word has been received that Greensburg, Huntingdon, Bedford, Washington, Allentown and Easton motor clubs will send delegations. The Johnstown Automobile Club will act as escort into that city and the Johnstown Chamber of Commerce will give a luncheon. The night stops will be Bedford, Pittsburgh, Altoona, Williamsport, Pocono Summit and Philadelphia, with luncheon stops at Chambersburg, Greensburg, Johnstown, Huntingdon and possibly Wilkes-Barre. The party will leave Harrisburg at 8.30 a. m. Monday, heading for Carlisle.

## SUGGESTS FOUR ANNUAL EVENTS

[Continued from First Page] meeting Monday night. In it he will refer to these annual events and may make further suggestions. President Gilbert will also issue a letter of thanks to all who helped make the recent great municipal improvement celebration a big success. Mr. Gilbert said today:

Advocates Boat Clubs "It has been proved what Harrisburg can do in the way of special events. The improved river front offers rare advantages for taking care of thousands of people during water sports and river carnivals. Harrisburg should have a big river event every year. What I would like to see at an early date is the organization of boat clubs and the erection of boat-houses along the river.

"This city should have one big association to look after an annual regatta. The sooner efforts start toward an organization of this kind the better. The opportunity is right here for a big event on the river every year. It should take place on Labor Day. I think the mummies are the right people to take care of the street cabaret and annual New Year's Day parade. The school children made a big hit and the people would like to see a demonstration every year. The first one might come as a boost for the new high school building.

There is but one place for a display of fireworks—along the island. People can see everything that goes on from the river front. As to the annual regatta, there is no larger inducement than those river steps and the increased park facilities. I would like to see them all come next year."

### NORWEGIAN STEAMER BURNS

By Associated Press. Havre, France, Oct. 1.—The Norwegian steamer Elizabeth of Bergen, caught fire and sank while anchored three miles southwest of the mouth of the Seine. The crew escaped before the vessel sank. Port authorities who investigated declared the explosion was accidental.

## STATE BALANCE IS GROWING LITTLE

### Not Much Change as Compared With the Statement at the End of Eighth Month

The following is a statement of the operations of the State Treasury during September:

Receipts—General fund, \$2,535,922.72; school fund, \$2,142.25; motor vehicle fund, \$31,675.50; game protection fund, \$197.50; bounty fund, \$2,617.20; State insurance fund, \$63.59; total for month, \$3,572,678.76.

Payments—General fund, \$3,231,760.40. Balance at close of month—General fund, \$3,068,005.42; sinking fund, \$651,110.02; school fund (uninvested), \$20,648.74; game protection fund, \$512,528.88; bounty fund, \$2,955.95; State insurance fund, \$173,678.71; total balances, \$4,428,927.72.

Balance at close of August, \$4,088,009.38.

### SENTIMENT FAVORS RUSSIA

By Associated Press. Rome, Sept. 30, 8:45 p. m., via Paris, Oct. 1.—Despite a rigorous Bulgarian censorship the Tribune claims to have received dispatches from Sofia by way of Athens stating that the situation has been complicated by an apparent change of front on the part of King Ferdinand, who has recalled the appointment of Crown Prince Boris as commander-in-chief of the army. Sentiment in favor of Russia is reported to be increasing in the rural districts.

### RUNAWAY CAR COLLIDES WITH PASSENGER TRAIN

Only battered, twisted metal and heaps of charcoal remained of a passenger train following a serious wreck which recently occurred near the Glinda oil fields in California, says the October Popular Mechanics in an illustrated article. The disaster happened when a large tank car filled with petroleum broke loose, rolled down grade for five miles, rounded a curve at an estimated speed of 65 miles an

hour and swung into the main line of a western railway just in time to crash, head-on, into a speeding passenger train. The impact caused the oil car and the locomotive to telescope, while the coaches at the rear were hurled back for some distance. A sheet of oil shot out of the smashed end of the tank, drenching the entire train. Almost instantly this was ignited by the heat from the engine's fire box, enveloping everything in a cloud of flame and smoke.

hour and swung into the main line of a western railway just in time to crash, head-on, into a speeding passenger train. The impact caused the oil car and the locomotive to telescope, while the coaches at the rear were hurled back for some distance. A sheet of oil shot out of the smashed end of the tank, drenching the entire train. Almost instantly this was ignited by the heat from the engine's fire box, enveloping everything in a cloud of flame and smoke.

# "Welcome!"

The word is packed by cheerful, welcoming appearances if your home is lighted with modern gas light. This is the week to put in the healthful and artistic fixtures and lights because it is

## GAS LIGHTING WEEK WITH BIG REDUCTIONS

We are conducting special displays and demonstrations at our store to show the true superiority of modern gas lighting.

All Semi-Indirects, Table Lamps, Domes and Fixtures reduced 20%.  
Four 15-cent Mantles, 50 cents.

Another big feature is the opening of a special sale of "C. E.-Z." Lights at special low prices—70 cents and up, according to equipment, which will last several weeks.

The special 20 per cent. reductions close Saturday, so don't fail to see the display or have a representative call.

*"Happier because BRIGHTER"*

**HARVARD MEMORIAL LIBRARY**  
GREATEST OF ITS KIND KNOWN  
One of the finest library buildings possessed by any educational institution has lately been completed on the campus of Harvard University. It has been erected at a cost of approximately \$2,000,000 as a memorial to Harry Elkins Widener, of the class of '85 who lost his life in the "Titanic" tragedy. It is intended to be used not only by undergraduates and research students of the institution, but as a place of special study for students at large. The structure is a mother's tribute to her son's memory. The library will be the official home of the Harvard Commission on Western History, a body which is collecting material intended partly for the future use of historians and students of

American ancestry and progress. At the present time the building holds some 706,240 volumes and about 423,000 pamphlets, while with a number of special collections also included, the number exceeds 1,800,000 titles. Several views of the library appear in the October Popular Mechanics Magazine.

**THIRTY-EIGHT YEARS FOR MURDERER**  
Special to The Telegraph  
Pittsburgh, Oct. 1.—The longest sentence ever imposed for homicide in the history of Allegheny county courts was passed on Edward Vlearre in the criminal court yesterday. Vlearre was sentenced to serve not less than 38 years, 11 months and 15 days and not more than forty years in the Western Penitentiary.
