

DISSOLUTION OF "MOVIE" TRUST IS ORDERED BY U. S.

Judge Oliver B. Dickinson Hands Down Opinion in District Court

NO SUGGESTIONS MADE

Many Millions of Dollars Involved in Suit Brought by Government

Philadelphia, Oct. 1.—The United States Government won a sweeping victory in one of its important anti-trust cases to-day when Judge Oliver B. Dickinson in the United States District Court here handed down an opinion dissolving the alleged moving picture trust on the ground that it was violating the Sherman law regulating interstate and foreign commerce. The decision was rendered against the Motion Picture Patents Company, the General Film Company and many other concerns and individuals manufacturing motion picture films and accessories or controlling the rights of their manufacture. Many millions of dollars are involved in the business.

Frank Bell Lectures on Christian Science to Johnstown Audience

Johnstown, Pa., Oct. 1.—There was a good attendance at Library Hall to hear the lecture by Frank Bell, of Harrisburg, Pa., a member of the board of lecturers of the mother church, the First Church of Christ, Scientist, of Boston, Mass. The lecture was given under the auspices of the First Church of Christ, Scientist, of this city. Many persons from towns near this city were present.

The healing of disease is incidental to and not the prime object of Christian Science practice. But because this is not generally recognized outside the Christian Science ranks and because the healing is the phase most prominent in public thought with regard to Christian Science, and because the healing do constitute important proof of the correctness of its teachings, it is pertinent to refer briefly to some of the evidence that Christian Science does heal all manner of disease.

The extraordinary growth of the movement is in itself an impressive testimony to the efficacy of its healing. Although the first Christian Science church was established less than four years ago, there are to-day more than fifteen hundred organized bodies of men and women conducting public services under the by-laws of the Christian Science Church. While the largest numerical representation is in the United States, where Christian Science had its beginning, churches are to be found quite numerously in England, Canada and Germany and in France, Ireland, Scotland, Wales, Holland, Italy, Norway, Sweden, Switzerland, South Africa, Australia, New Zealand, China, the Philippines, Argentina and Bermuda. From virtually every quarter come reports of corroborative evidence of which is found in the fact that the demand for the authorized literature is increasing so rapidly as to tax the constantly enlarging publication facilities.

LONDON PAPERS OPPOSED

London, Oct. 1.—The financial column of the London morning papers depreciate as unpatriotic any investment in the American loan by British investors. The Morning Post even calls for the arrest of those who are urged by the government reminding the public that such applications should not be made.

WARNS AGAINST TRASHY BOOKS

[Continued from First Page]

ature, in a short talk said in part: "We should have standards for Sabbath school teachers and officers, the same as the public schools have standards for their instructors. Trained teachers for religious instruction are necessary. He went on to say that building committees of various churches have recognized the importance of this department, and its needs first, recognizing the importance of properly equipping this department. He gave instances showing the importance of this step and made this statement that the Sunday school is one of the most important branches of church work.

Urges Seminary Training

The Rev. Dr. J. P. Landis, dead of Bonebrake Theological Seminary, Dayton, Ohio, the secretary of the general United Brethren Church, then spoke of the elements of church work education. Dr. Landis said: "The pastor is not only an evangelist, he is an instructor, a professor of the Bible. To preach properly he must make an impression by arousing an emotion that will come. When this is accomplished the backsliding church members will not backslide. They must be solidly converted men and women. The Sunday school aids in this. A certain preacher once said to an enterprising young man in his congregation, 'Don't go to the theological seminary, you'll lose your religion.' Never say that to your young men. It is a false theory. I know that some theological seminaries are too dead, too dry, too remote from the needs of the people in this country and the billion people in other countries."

Should Teach Systematic Giving

Carefully prepared sermons should be preached for the instruction in and encouragement of systematic giving. This was the statement made by the Rev. Dr. C. A. Snavely, of Philadelphia, in his report on Christian Stewardship. He urged that the general conference plan should be adopted by every congregation and that the church budget include all of the various interests of church work. He favored the every plan advocated by the Rev. Dr. Lowery.

The Rev. Dr. J. S. Kendall, of Dayton, secretary of the general finance commission, then spoke on "Christian Stewardship." He claimed that many people had no conception of discipline, and that many church members unhook themselves from church work Sunday morning, staying unhooked until the following Sunday morning. "The way we use our money is the way we spend our lives. Some people we must twist and shake and shake and twist, and those kind when they give, feel as good about it as the man who is paying taxes. The church members will find that success lies in hooking up not only on the Sabbath but in the week. The church must teach that discipline teaches self denial."

Bishop Weeekley appointed the Revs. D. D. Lowery, J. A. Lyter, R. R. Butterwick, of Mountville, S. C. Enck, of Philadelphia, and Congressman A. S. Kreider, as a committee to arrange a program for the Bible School Conference at Mt. Gretna next summer. Bishop Weeekley presided at the new church to be organized in North Philadelphia brought this total up to \$2140, the following additional sums having been announced: Anville, \$100; Halifax, \$50; Littleton, \$19, and Grantville, \$10. The Rev. W. M. Seligman gave a short talk this morning on the interdenominational work being done at Mt. Gretna.

Attacking Vice-Fascinating Ministers

Attacking the ministers who do not reply to the offers of the Anti-Saloon League to fill their pulpits and have temperance services, and criticizing the men who "stay on the fence" on the following Sunday morning, the Rev. H. H. Holtsapple, superintendent of the Harrisburg district of the Anti-Saloon League, bitterly scored the undecided men in an address before the delegates in session in the Sixth Street United Brethren Church this afternoon. "The meanest man aside from the brewer and the dealer is the one who does not want to 'hang in' to help and is too much of a moral coward to classify himself against the cause and for the whisky bunch. While we are warring against the cause, where he really does stand, the cause suffers and the enemy prospers," the Rev. Dr. Holtsapple said.

Discuss College Work

A business session this afternoon followed the address by the Rev. Dr. Holtsapple. The Rev. H. F. Rhoads, of Highspire, presented a report from the committee on education in which he asked support to the Lebanon Valley College, and requested the Rev. Dr. Weeekley, general secretary.

Pastors were asked to observe educational day with appropriate services. G. D. Gosard, president of Lebanon Valley College, also spoke this afternoon telling of the work done in that institution and giving facts showing the demand for the last few years to be the foremost position among educational institutions. The report on temperance was given by the Rev. A. S. Lehman, of Hummelstown, who gave an interesting account of the progress of the work in this district alone.

To-morrow all of the remaining business of the convention will be completed in preparation for the appointments to be announced Sunday morning by Bishop Weeekley, and the ordination services.

Young people's work, Bible cause, women's missionary work, and memorials services will be discussed to-morrow after reports have been given by the committees of these departments. Fifty automobiles had been obtained for an auto trip over the city

BLIND ORGANIST AT THE REGENT

Comes to Harrisburg From Reading to Play in Movie Theater

Professor C. Walter Wallace, a blind organist, who for three years has played regularly in churches and a motion picture theater in Reading, will come to Harrisburg next Wednesday to become one of the regular organists at Peter Magaro's Regent motion picture theater, 410 Market street.

Mr. Magaro in making the announcement to-day, said that Miss Merchant, the present organist, will remain with the theater, dividing the programs with the blind musician.

Professor C. Walter Wallace, a blind organist, who for three years has played regularly in churches and a motion picture theater in Reading, will come to Harrisburg next Wednesday to become one of the regular organists at Peter Magaro's Regent motion picture theater, 410 Market street.

TRUE BILL ON MURDER CHARGE

Ex-Chauffeur Must Answer to Alleged Slaying of His Daughter

Ex-Police Chauffeur William H. Shuman must answer to a jury for the murder of his daughter Margaret. The Dauphin county grand jury this morning returned a true bill against the former police officer after hearing only three witnesses, County Detective James T. Walters and Drs. Hyman Weiner and J. Harvey Miller, who performed the autopsy.

Whether or not Shuman will be called this week has not been definitely decided, although the chances are that the trial will proceed with at the continued session in November if the case cannot be reached this week.

Most of to-day's session in No. 1 courtroom was taken up with the trial of Stella Colery charged with maintaining a house of questionable character at 611 Walnut street, and Maggie Selbert, John Hays and Helen Grier as inmates.

The courtroom was edified now and then at the tiffs between District Attorney M. E. Stroup and Robert Stucken, counsel for the defense. The question of the Colery's state of dress, or undress, on the night the place was raided was threshed out to the amusement of the spectators.

Joseph D. Lelo, an autoist, who was charged with having run down pretty little Laura Walker on the road between Lykens and Elizabethtown, and Elizabethville, was tried before Judge J. H. Swartz. The trial brought to the witness stand the two sisters of the little plaintiff and the trio was easily the prettiest that had attended court in many a day.

Cases Before Court Other cases that occupied the court's attention included: Blanch Butler, felonious assault upon Ada Reynolds, slashing her with a knife, acquitted, and Russell Jones, stealing a bicycle and running away when he ran away from home, convicted.

Gus Rogers was convicted of stealing \$18 from Ed. Fortney, largely through the vigilance of a cab driver and the co-operation of Gus Haines, a constable. Bear was charged by Daniel C. Gushall, 1400 North Sixth street, with larceny as bailed. Gushall alleges that he gave the firm of Adams Express, Pennsylvania Railroad stock October 23, 1913, but never received the stock. The case was heard by Alderman E. J. Hilton.

French Had Personal Insults to Wipe Out Paris, Oct. 1.—The French capital is being thrilled by stories of the fighting on the Western front related by soldiers wounded in the desperate combats which have resulted in important gains for the allies.

For several days the Germans had been getting singularly aggressive and insolent," said one of the men who charged at St. Mihiel. "They shouted insults at us and flung into our trenches notes wrapped around pebbles. One of their favorite taunts was 'you are too cowardly to come here come on if you are not too lazy.' This ended by getting on our nerves. It seemed to each one of us that we had not only France to defend, but a personal insult to wipe out."

Thus, when, at 12:45 on the 25th, the order came which sent us against Hill No. 119 we were filled with joy. I was in the first 'wave.' We made our first assault on the German trenches. Fifty yards from the goal machine guns took us but we put on speed and jumped over the first trench without stopping. We knew the second 'wave' which followed on it was not too far behind. Things changed, however, when we got between the first and second line of trenches. Until our supporting 'wave' arrived we underwent the steepest climb of the line. It was that fragment of shell broke my arm and put me out of action."

German Wants Guarantee That Present Great War Will Not Be Repeated Berlin, Oct. 1 (by wireless to Sayville).—Germany's attitude toward the present war is being made plain in an interview given by Dr. Alfred Zimmermann, under secretary for foreign affairs, to the Nieuw Rotterdam Courant. This interview, reprinted in the Lokal Anzeiger, was given out as follows to-day by the Overseas News Agency.

Dr. Zimmermann insisted Holland had nothing to fear from Germany. He said Germany would not violate the neutrality of Holland or interfere with her political or economic problem. Germany appreciates the fact that Holland is maintaining strict neutrality.

As to Belgium, the under secretary stated that its future was still uncertain, but a solution of this difficult problem must be found which will render it certain that Belgium will not be utilized for the purposes of England. Germany wishes a guarantee that there will not be in the future another war such as the present one. Zimmermann's future also is unknown. The German under secretary expressed the conviction that no one would be able to oppose German's will."

CASTORIA

For Infants and Children In Use For Over 30 Years Always bears the Signature of J. C. Watson

The dead body of a man, believed to be William H. Fleming of Philadelphia was found last night along the Pennsylvania railroad tracks near Newport. The head was severed from the body and was found in a shallow ditch. It is believed that the man committed suicide by throwing himself in front of a train. The man was fairly well dressed. On the inside of the coat pocket was the name of William H. Fleming, Philadelphia; and the address of a clothing firm. The body was placed in charge of an undertaker at Newport, and the police authorities at Philadelphia notified.

FIND TRUE BILLS IN ROAD ACTIONS

Grand Jury Indicts Supervisors of Lykens Township For Failure to Repair Highway

Lykens township's board of supervisors was indicted to-day by the Dauphin county grand jury for alleged violations of the road laws in failing to keep in proper repair the highways of that section of the county. The condition in Lykens is similar to that which existed in Derry township relative to the repair of the "Horseshoe pike" except that the supervisors compelled the county authorities to make the necessary repairs by mandamus on the board. C. Elmer Wolf was the prosecutor in the case.

To Build in South Fourth Street.—Harris Cohen to-day took out a permit to build a single story brick house at 20 South Fourth street at a cost of \$4500. Whether the dwelling will be used for store room purposes only has not been decided. It is probable there will be apartments, too.

Realty Transfers.—Realty transfers to-day included: Sarah Brashaw to H. H. Powell, Steelton, \$2700; George L. Brown to John Smith, Rockville, \$2800; John L. Zelders to Paul C. Stecher, Susquehanna township, \$1; M. B. Young to C. Carnicco, Steelton, \$3300; H. H. Nissley to Lucy Smith, Lower Paxton; Lucy Smith to W. J. Soland, Swatara, and E. M. Hershey to H. H. Nissley, Swatara, \$1 each; J. T. Alter to Frances Thurston, 172 North Sixth street; \$1; M. R. Nissley to William L. Vetterling, Howard alley, \$450; W. J. Silver to M. A. Fought, 2015 North Seventh, \$1.

More Than \$80,000 School Taxes In.—More than \$80,000 in city school taxes was paid into the city treasury yesterday by citizens. For several years take advantage of the last day to avoid the 5 per cent. penalty. The penalty becomes effective to-day. Payment of taxes also keeps the treasury clerks busy, as to-day the 1 per cent. penalty becomes effective.

Open Ballot Bids October 6.—Bids for furnishing the county with about 45,000 official and 11,000 specimen ballots for the Fall general election will be opened by the County Controller at 11 o'clock Wednesday, October 6. The contracts will be awarded an hour later and the bids to be delivered by noon Wednesday, October 7.

VAN PAPAN MAY LEAVE HIS POST [Continued from First Page] possession of the State Department are four cipher letters from Dr. Dumba, some from Captain von Papan and one, it is believed, from Count von Bernstorff, although on the latter point official confirmation was lacking. In the batch, however, were letters from Count von Bernstorff introducing Mr. Archibald. There is nothing so far as officials would disclose, which indicated that the German ambassador had violated diplomatic proprieties.

Correspondence Described The State Department's description of the correspondence is as follows: Memorandum of the German ambassador containing his letter to Secretary Lansing of reported activity of the embassy officials in violation of American neutrality.

Count von Papan to the German war office; mentioning the Bridport arms company already made public. "Captain von Papan to his wife, in which he refers to 'Idiotic Yankees.' "Captain von Papan to the German war office on matters of routine.

Three cipher letters, two to the German and one to the Austrian governments. "Austrian ambassador to his foreign office, criticizing the President and discussing the inadvisability of continuing protests of the shipment of war munitions to the Allies.

"Austro-Hungarian Consul Schweigel, at St. Louis, reporting a conversation with Mr. Meeker, representative of Chicago packers.

"Count von Bernstorff to James F. J. Archibald. "Captain von Papan, introducing Archibald. "Four letters from Count von Bernstorff, introducing Archibald."

Laying of Cornerstone at Arlington Postponed Washington, Oct. 1.—Laying the cornerstone of the National Amphitheater in Arlington cemetery, the feature of to-day's program at the Grand Army encampment was postponed because of a driving rain which enveloped this city.

President Wilson who was to have laid the cornerstone, held himself in readiness to go despite the downpour, but the command to charge postponed the affair to some day next week. The President will attend then but practically all the veterans will have departed for their homes.

A commander-in-chief was to be elected from the following nominations to-day: Elias P. Montford, of Cincinnati; Frank O. Cole, of Jersey City; William J. Patterson, of Pittsburg; and Captain Patrick Coney, of Topeka. The choice was said to rest between the first two men. Kansas City was the unanimous choice as the next encampment city.

Hand Your On Eye-glasses

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove poisons from little stomach, liver, bowels. Give "California Syrup of Figs" if cross, bilious or feverish.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhea, sour bile gently moves out of its treacherous folds of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mother, can rest easy after giving the child this fruit laxative, because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."—Advertisement.

Local Churchmen Will Take Prominent Part in U. E. Conference

Harrisburg churchmen will take a prominent part in the sessions of the annual meeting of the General Missionary Board of the United Evangelical church which will be held at Johnstown, October 7 to 10.

The Board of Missions is composed of twenty members, the officers being: President, the Rev. Dr. H. B. Hartzler, of this city; vice president, the Rev. Dr. S. L. Weist, of Bethlehem; corresponding secretary, the Rev. Dr. B. H. Neibel, of Penbrook; recording secretary, the Rev. Dr. J. Q. A. Curry, of Johnstown and treasurer, J. G. Mohr, of Reading.

The Rev. Dr. Hartzler who is a former bishop is widely known throughout the State, especially in the section surrounding Johnstown. For several years he was chancellor of the Bible Institute at Arbutus Park. He is now editor of the "Evangelical."

WOMEN, HERE IS A MONEY SAVER

Use gasoline to dry clean family's clothes and save \$5.00

Dry cleaning at home is just as simple as laundering. Any woman can clean five dollars' worth in fifteen minutes at little cost by getting from the drug store two ounces of solvite and putting this in a gallon of gasoline, where it quickly dissolves. Then immerse articles to be cleaned; rub a little and in a few moments the gasoline evaporates and the articles look bright and fresh as new.

You can dry clean silk waists, dresses, coats, ribbons, kid gloves, satin shoes, evening slippers, shawls, belts, yokes, furs, boas, muffs, neckties, lawns, dimity and chiffon dresses, draperies, fine laces, lace curtains, woolen garments, in fact, any and everything that would be ruined by soap and water as dry cleaning doesn't fade, shrink or wrinkle, making pressing unnecessary.

Your grocer or any garage will supply the gasoline and you can obtain two ounces of solvite at the drug store, which is simply a gasoline soap. Then a wash boiler or large dishpan completes your dry cleaning outfit.—Advertisement.

SAFETY FIRST

The object of "Safety First" is prevention. You can prevent your advertising from meeting the fate of the waste basket if you will make it with proper illustration. Bring your next copy to us for illustrative treatment. One treatment will convince you that our methods are a success.
