## ANNOUNCEMENT

Owing to the extensive increase in our Watch and Jewelry Repair Business, it is impossible for one department to take care of the work.

Consequently, we have created three separate departments to take care of the various classes of repair work, placing in charge of each an efficient manager with skilled workmen under his supervision.

We take pleasure in announcing that beginning to-day, these departments will be conducted as follows:

Watch Making. Engrav- Jewelry Repairs & Precing and Watch Repairs HARRY C. SUTTON

### SWATARA WANTS FIRE PROTECTION Commissioners Appoint Committee of Three to Meet With Chief Shupp

At a recent meeting of the Swatara township commissioners a committee was appointed to confer with John E. Shupp, chief of the Steelton fire department, with a view to evolving a more adequate system of fire protec-

tion for Swatara township.

The committee consists of C. E.
Livingston, of Oberlin; Marshal J.

Aungst, of Enhaut, and William M.

Still, of Bressler. No date for the

Aungst, of Ershaut, and William M. Still, of Bressler. No date for the conference has yet been sgt.

Fire Chief Shupp has been in touch with the Swatara township firemen and commissioners for several weeks in an endeavor to bring about better fire protection for the three villages just east of Steelton and more particularly the Mohn street district. It is here that many disastrous fires have occurred in recent years.

Forerunner of Annexation

This co-operation of the borough and township fire departments is looked upon as merely another forerunner of the eventual annexation to the borough of this rapidly growing section. Within a short time, if present plans materialize, the citizens of Oberlin, Bressler and Enhaut will petition Steelton's council to permit the extension of water mains through these villages. This can easily be done because of the forethought of the men who designed Steelton's filter plant and water mains. One main already reaches the boundary of the township and it is of sufficient capacity to supply water to the three villages.

# The Greatest Day in Our Career

Never have we experienced a day in our quarter century of business like Saturday. The business done surpassed all previous records. Hundreds of purchasers kept our force continuously active during the entire day, making hurried service necessary.

 $\P$  If, under the circumstances, purchases were made which do not measure up to the absolute satisfaction of the purchasers, we want them to tell us about it. For unless everything bought here is absolutely satisfactory, money will be cheerfully refunded.

 $\P$  Even more pleasing than the substantial patronage accorded us were the kind words of expression from those patrons and many good friends who came in to extend congratulations upon our 25th birthday. It was an evidence of good will that we value highly, and will strive constantly to retain.

## Fall Opening

Thursday Evening, October 7th

From 7 to 10 O'clock

You Are Invited

Increased business has again induced us to add another large floor to our building. In order to do justice to the occasion we have arranged for this formal opening as we want the people of Harrisburg and vicinity to see and know just what kind of an establishment we have.

Come here on Thursday evening and expect to see a display of all kinds of FURNITURE for the home, such as you probably never have heretofore seen in our city.

Seven years ago when this store was opened, we said it would always be our object to make it one of the very best and most complete Home Furnishing Establishments in Central Pennsylvania. On Thursday evening you can judge for yourself as to just how nearly we have made good that promise.

#### Our New Picture Department

We particularly invite your inspection and criticism of our new and very large line of pictures. We believe we have one of the most careful and complete exhibits of pictures that can be seen within a radius of one hundred miles. We shall be glad to know what you think about it. People tell us that our picture show is a real treat. Ait lovers should not miss it. Don't forget the time, Thursday evening, October 7th.
