

# PHILLIES END REGULAR SCHEDULE TODAY---MAIL APPLICANTS GET TICKETS

## TWO MORE GAMES WITH BROOKLYN

Mail Orders Eat Up Supply of Tickets For Philadelphia Games

Special to The Telegraph. Philadelphia, Oct. 5.—With the double-header scheduled for this afternoon, the Phillies end the regular season. Brooklyn will be the attraction. Pat Moran will take his players to some quiet hook for a two days' rest.

Unsolicited mail applications quickly absorbed the entire reserved seat capacity of the park, according to President William H. Baker last night, and made a public sale unnecessary. Mail received as late as Saturday will not be opened, but returned to the senders, because there are no seats left to supply the demand.

"We did the best we could," said President Baker "to play fair with everybody. We had thousands of applications from patrons and we marked all that passed inspection as eligible to receive tickets.

The reserved sections, which are beyond the reach of fans unless they stray into the hands of speculators, consist of 12,000 seats. The grandstand \$3 section numbers 3,900 seats and the \$2 section 2,000 seats. In addition the boxes, which cost \$5 a seat and include the temporary wooden structure in right field, as well as the first four rows of the ordinary upper pavilion seats, total 4,000. These box seats are an enormous source of income to the club owners, as they will derive \$20,000 a game from them alone.

**COLUMBIA BIRDS FLY FAST**  
Columbia, Oct. 5.—The Columbia branch of the American Pigeon Racing Union was held from Orange Court House, Virginia, and the best time was four hours and twelve minutes, a bad hour having reduced the speed of the birds. The scores were as follows: Herbert, 1052.85; Baker, 1046.87; Broome, 1045.06; Rettew, 1018.41; Bard, 1008.93; Harn, 1004.05. The next fly will be made from Amherst, Virginia, to cover a distance of 200 miles, and the same contestants will enter birds.

### Peter Volo Sets Record in Grand Circuit Race

Special to The Telegraph. Lexington, Ky., Oct. 5.—Peter Volo, 2, 3 and 4-year-old trotting champion, won the \$3000 Castleton Cup, the principal attraction of the opening card of the Grand Circuit meeting here yesterday, in straight heats, before a record crowd, and in doing so not only set a new mark for the race, but a new world's record for a stallion for two heats. This time in the first heat, 2:02 1/2, is the best made by any trotter in a regular Grand Circuit race this year, the only mark better having been made by Peter Volo in his match with Lee Axworthy at Cleveland, when he negotiated the mile in 2:02.

### John K. Tener Foresees Victory For Phillies

Victory is predicted for the Phillies by John K. Tener, president of the National League. He says: "When one considers what a wonderful race the Philadelphia team put up to capture the National League pennant it is hard to imagine that they will lower their colors to the Red Sox when they clash in the world's series. Under the careful handling of Pat Moran the Philadelphia club has developed into a persistent, steady and careful working combination. "When they take the field the Red Sox will face a perfect, smooth-rolled playing machine that makes very few mistakes and moves along in a resistless manner. That steady system overcame all the teams in the National League and should prove just as powerful and successful against the American League flag winners. "At the same time it must be taken into consideration that the Red Sox is undoubtedly an alert aggregation, which plays clever ball and is always ready to take advantage of every slip. "Their pitching band and wonderful outfield make a great combination, but despite all this I look for the steady, persevering Philadelphia system to succeed and emerge triumphant from the great struggle."

### Circulate Petitions For Paxtang Paving

Special to The Telegraph. Paxtang, Pa., Oct. 5.—Paxtang avenue and Perry street will be paved in the early spring with a combination of asphalt and concrete much like the River Road above the Harrisburg city limits. If the residents of the two thoroughfares will petition Council and state that they desire the improvement. Owners of four-fifths of the properties fronting on the two thoroughfares will have to sign the petition if the paving is to be done. D. M. Ricker, a member of Council's highway committee and a resident of Paxtang avenue, is now in possession of petitions, plans and specifications for both streets and stated this morning that the petitions would be put in circulation some time during the present week. If the necessary signers are secured the petitions will be presented to Council for favorable action. Under the present petitions the borough will not pay for paving as the cost of the street intersections will be divided among the owners of properties on the two streets. Residents in other sections of the town have no voice in the paving plans.

### YOUR PRINTING NEEDS

We are best supplied where the facilities for such work are the best. When you consider that the printed material you use represents a cash investment which you calculate should bring to you many times its cost—THE PRICE OF QUALITY SHOULD BE THE CONSIDERATION. If clients are to see the printed material you use; your thought should be the quality, rather than the price. Which doesn't mean that the price need, or should be, exorbitant. The Telegraph Printing Co. produces the highest grades of work in all respective lines. All of it is based upon quality at prices which are most fair for the work. We are printing specialists, as well as being leaders in the associate line—binding, designing and photo-engraving. To employ our services means no greater effort than to phone us. ### Boston Machine Superior Declares Ban Johnson

San Johnson, president of the American League, picks Boston to win. He explains his belief as follows: "When the world's series is finished I feel confident that the Red Sox will be the champions of the world. This is not meant to convey the idea that the Philadelphia club is not a first-class team, for results of the past season show it to be a great aggregation. "Taking the players of both teams, man for man, the Red Sox figure stronger than their National League rivals. The Boston outfield is admittedly the greatest working combination in the country, and the Boston staff of pitchers is certainly as good as the opposing combination. The entire team works together so splendidly that the slightest error on the part of the Philadelphia club will prove costly to the latter. "There is not the slightest doubt that the Philadelphia club is one of the greatest National League teams that has come from that city and their remarkable climb to the top of their league this year compels one to acknowledge that they are dangerous opponents of an team. "Admitting all this, I am still forced to say that I believe the Red Sox will conquer them in the coming struggle for the great honors."

### Yale Captain Rests by Order of Coaches

Special to The Telegraph. New Haven, Conn., Oct. 5.—Captain Aleck Wilson, who turned the dope upside down in the Virginia game by playing wretched football and fumbling so often that Virginia found it easy to score, will be given a rest. He has worked too hard, the coaches think, and yesterday he was not allowed to play. Wait, a substitute halfback last season, and one of the fastest men on the squad, took Wilson's place and filled it creditably. The two other changes in the "Varsity" eleven were the substitutes of Gates for Sheldon at left tackle, and Bentley for "Bev" Thompson at quarterback. Thompson made a poor showing in the Virginia game. Bentley did better this afternoon in the 25-minute signal practice, which the regulars went through. Smith was kept at left half-back, where he displayed good speed Saturday. Guernsey also improved somewhat at full-back.

### The Wizard Board Will Show Plays Accurately

The Wizard baseball board, on which will be reproduced the world's series games, was placed in position at Chestnut Street Hall to-day. The first game will be played Friday and the second on Saturday, both at Philadelphia. Every play will be recorded on the scoreboard one minute after it takes place on the baseball field. This will be the fifth season for the Wizard player in Harrisburg. Baseball fans have found it the most accurate and explanatory, as no details are overlooked in the game. Play starts at 2 o'clock. In case of rain fans will get rain checks, good for the following game. No extra charge will be made. One of those Wizard players is in operation in Providence and when the Grays played in Harrisburg 4,000 fans watched the plays as described from the Island Park score box. The plays at Chestnut Street Hall will be explained by a competent umpire. SCHOOL BOARD IN SESSION Paxtang, Pa., Oct. 5.—Paxtang Borough School Board met in regular session last night and ordered the payment of several bills. The treasurer's report showed the board is in excellent financial condition—much better than it was a year ago, due to the increase in taxable property.

## SATURDAY GAMES PROMISE THRILLS

Scholastic Teams Prepare For Hardest Battles; Tech Goes to Sunbury

The first opportunity to make a comparison of the strength of the local scholastic eleven with the Steelton team, will come Saturday. Three important games will be played. Tech goes to Sunbury for a game with the High school eleven of that place. This is one of Tech's hardest battles. Central will entertain the Stevens Trade school of Lancaster at Island Park and Steelton high meets Lebanon at Steelton. In preparation for these games the coaches are giving their respective teams hard drills each day. In view of the fact that Lebanon took a game from Tech, the Steelton squad is being instructed in a number of new plays. Central feels certain of victory and looks for another large score.

### Law Ritter Will Umpire World's Series Contests

Law Ritter will get back into the game, starting Friday. He will be the chief umpire at the world's series game to be played in Board of Trade Hall. Ritter is a real baseball player. He is also an authority on the game, and the players he does not know are not in the game. The local catcher will use the famous electrical scoreboard to describe the games. He has bushels of dope to tell the fans who witness the games and between innings there will be inside baseball. The electrical board is the latest invention, showing plays as they are made, giving the name of players as they come to bat and marking up every detail, the same as an official scorer. The same admission will be charged as at all regular games. With Law Ritter's board no matter how a batter sends the ball it shows accurately. A grounder is described accurately. A fly ball is seen moving in the direction it is hit and the player is seen catching it.

### Will Take Group Photo of Town's First Officers

Special to The Telegraph. Paxtang, Pa., Oct. 5.—Arrangements are being made by several borough officials to have a group picture of all of the town's officers taken on the steps of the schoolhouse next Sunday afternoon, at 2 o'clock. The borough is now a little more than a year old and with the coming election some of the original officers will be replaced by other aspirants. As a remembrance of their associations, the officials have arranged for the picture. Every man elected when the borough was incorporated in June, 1914, will be in the group.

## BOWLING STARTS WITH GOOD SCORES

Crescents Take Opening Game From Skipper; Montgomery Has High Score

The bowling season had an auspicious opening at the Casino alleys last night. The first game was won by the Crescents over the Skippers, margin 237 pins. Both teams bowled in great form and at times it looked like a close finish. The Crescents took a big lead in the third set. Montgomery started off with individual honors, tossing out Attkins, last season's champion by a small margin. In the third game Montgomery bowled a total of 215. The scores follow:

CHESCENTS	Montgomery	198	188	215	593
	R. Martin	181	136	163	480

### President Wilson Decides to Attend First Big Game

Washington, D. C., Oct. 5.—President Wilson, it became known at the White House yesterday will be present at the second game of the World's series at Philadelphia Saturday. Some time ago the President, who is an enthusiastic "fan," expressed the hope that he would be able to witness at least one game of the series. Among those who will accompany the President are Dr. Cary T. Grayson, U. S. N., his naval aid and physician, and Secretary Joseph P. Tumulty. A special box in the center section of the stand has been provided for the President's party. He will return from Philadelphia the same day, leaving there shortly after the game. The President will throw out the first ball used Saturday. He had planned to attend the opening game of the World's series on Friday, but changed the program because of another engagement.

### Alexander in Good Shape For Gruelling Battles

Manager Pat Moran, of the Phillies, pins great hope on Grover Cleveland Alexander. Speaking about the series the star twirler says: "I've got my task cut out for me when the Red Sox batters come to the plate to face me and I realize it fully. I note that the Sox have been getting away with a lot of their hard series, in spite of rather light hitting, but you can't tell what the inspiration of the world's series will do to those batting eyes. "I've given Pat Moran my best so far, and I won't leave him in the lurch now, when he is going out for the dream of his life. We'll win for Pat Moran if it's in us—and I think it is."
