MAY BE NO GAME ON THANKSGIVING

Central Has Not Joined P. I. A. A. to Which Technical High Belongs

Central and Tech are at swords' edges again over the annual Thanksgiving football game, and unless they come to their usual amicable agreement, Harrisburgers may be without a gridiron game as a supplement to their turkey dinner.
 It has all come about from the fact that Tech is a member of the Pennsylvania Interscholastic Athletic Association while Central is not. Steelton High school is also a member of this organization. Principal C. S. Davis, being the moving spirit in the association. Section 8 of the constitution says, "No games shall be played with high schools of this State not belonging to the Association."
 And thereby hangs the tale.
 Tech and Steelton being members of the association would present those schools from playing with Central, according to Section 8. Most of the schools in the State are members of the association except those in Pittsburgh and Philadelphia.

Might Lose Rote
 Just why Central is hanging back when Tech, Steelton, Middletown, York, Lebanon and other nearby schools are members of the P. I. A. A. is problematical, but it is said by Tech enthusiasts that the co-ed institution fears being deprived of the services of Rote, who is captain and the backbone of the eleven. His take in several respects, it is declared, might make him ineligible to play longer for Central. It is believed that Steelton and Tech would be willing to yield a notch or two, in order that they could play Central without being outlawed by the State organization.

Either Central must join ranks with the other high schools, or else Steelton, Tech, Middletown and the other nearby high schools must drop out of the organized ranks and form a "Federal" football league.

Judge Ben B. Lindsey Makes Threat to Kill

Denver, Oct. 6.—Driven to desperation by the open and veiled attacks made upon him by his enemies, Judge Ben B. Lindsey of the Juvenile Court declared today that he would take a shotgun and kill the next liar who circulated slanderous reports about him.
 "If there is no law to protect my reputation against perjured affidavits and criminally false statements, I will revert to the methods of the primitive and kill the first man who assails it again," said the Judge. "I am going to get a shotgun and fill him full of lead. It's the only thing left for me to do."

4 Diphtheria Cases in Webster Building

Four cases of diphtheria have been reported to the city health bureau since last Thursday, all of them pupils in the Webster school building, Thirteenth and Kittanning streets.
 Dr. J. M. J. Raunick, city health officer, said today, that he did not think it necessary to close the school just yet. The children having the disease were sent home and quarantined, and the building has been fumigated. Dr. Raunick said he thought it best to keep all of the children under constant observation. Daily inspection trips are made by the school medical inspector, Dr. Charles S. Rebeck.

KANSAS OVERRUN WITH MONEY

Topeka, Kan., Oct. 6.—Kansas banks have actually overflowed with money this year. Never before in their history have deposits reached a point where the banks could not receive them without violating the law. Most of the banks have added to their surplus or capital accounts in order to permit the acceptance of additional deposits.

Gifts With Personality

Thoughtful people begin considering their Christmas gifts and the loved ones they want to remember long in advance.
 They plan gifts that have their personality in them.
 Perhaps it is a picture, a bit of lace, a piece of embroidery, some bead work, an odd bit of furnishing.
 They make the gift in whole, or in part, themselves.
 And now is the time to select the needed materials.
 Suggestions such as you seek will be found from time to time in the advertising columns of the Telegraph.

BURNING ITCHING FOR 15 YEARS

On Shoulders and Down Back. In Water Blisters, Sore and Inflamed.

HEALED BY CUTICURA SOAP AND OINTMENT

"I had burning and itching on my shoulders and down my back to my waist for fifteen years. It was so bad at night I could not sleep half the night. It would break out all over my shoulders in water blisters, and the skin was very sore and inflamed. The more I scratched the worse it itched and burned. When my clothing touched it, it nearly set me wild. I tried four remedies and they all failed to do me any good. Then I tried Cuticura Soap and Ointment. I applied the Cuticura Soap and Ointment upon going to bed, and the trouble all disappeared, and I am entirely healed." (Signed) Mrs. Lizzie Hill, Brush Valley, Pa., Feb. 10, 1915.

Engineers' Society to Hold Series of Luncheons

Farley Gannett, president of the Engineers' Society of Harrisburg, announced this morning a series of luncheons which the society is arranging for the coming Fall. The plan is to give one of these luncheons at the Engineers' Club every Thursday noon, the purpose being to stimulate a keener interest in the society and to give the members an opportunity of hearing men prominent in business and professional life discuss problems of vital concern to the welfare of the society. Theodore E. Seelye is chairman of the entertainment committee, which has charge of arrangements. The first of the luncheons will be given Thursday, October 14, the speaker to be announced later.

FOR ERUPTIONAL AILS OF THE SKIN USE POSLAM

Poslam brings skin comfort; quick relief from soreness, itching and aggravation. When Pimples, Eruptions, Rash, Blisters, Inflamed Itch, Spots, Abrasions or other surface troubles annoy, Poslam is the soothing antiseptic remedy to quickly heal and drive them away. Oftentimes it clears away undue redness over night. For Eczema and stubborn skin diseases it is an excellent treatment.
 Poslam Soap imparts the good effects of antiseptic medication with Poslam. Try it for Toilet and Bath.
