TO MAKE DANDRUFF **QUICKLY VANISH**

Try This Simple, Inexpensive Home Treatment

No ne likes dandruff, but to get rid of it you must do more than wash your hair. The cause of dandruff lies not in the hair, but on the scalp, and in the hair roots, and just as twice daily you use a germicidal tooth powder or cream to cleanse your teeth of germs, so you should use Parislan Sage twice daily to drive dandruff from your scalp, prevent its return, protect your hair from falling out and nourish its proper growth. Dandruff makes your hair fall out. Parislan Sage makes Dandruff fall out and your hair stay in.

A delightful perfumed hair and scalp treatment easily applied at home, very inexpensive and obtainable from H. C. Kennedy or at any drug or toilet counter.

CHILD'S TONGUE

If cross, bilious, sick, feverish, or full of cold, take no chances.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Children love this "fruit laxative." Children love this "fruit laxative," and nothing else cleanses the tender stomach. liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Three Small Girls Tell What City Improvements Have Done For Them

RUTH REEVES, First Prize Winner

EDITH J. SWIGART, Second Prize Winner

MARY LEWIS, Third Prize Winner

By MARY LEWIS

Writing on "Why is Harrisburg a Better City For the Boys and Girls as a Result of the Improvements of the Last Fifteen Years" in the Telegraph Prize Essay Contest, more than a score of small boys and girls presented some hundreds of reasons. The advanced schools, parks and playgrounds, the pretty river front, supervised games, open air schools and many other of the city's advantages were touched on.

The prize-winning essays were decided on by officials of the Harrisburg School Board and the awards of \$5, \$3 and \$2 made to Ruth Reeves, Edith J. Swigart and Mary Lewis, respectively.

Many permanent public improvements have been made during the past fifteen years, but to us the younger element of the city, the wonderful advancement that has taken place in advancement that has taken place in our public schools and the park and playground development are the most

Before this time the conditions along the river were bad. All along the river lith gathered and the whole affair presented an unattractive appearance. Now the conditions are quite different and river front is very attractive for grown-ups as well as for children. Canoeing, boating and swimming are sports in which many boys and girls participate.

The parks of the city are very beautiful. Harrisburg is almost surrounded by Parks, this making it easy for helidren for all parts of the city to get to them. Here children come daily to enjoy the recreation and games which help to make them better boys and girls.

the sick children who could not go to school if this institution did not exist, can go.

There is Technical High, that large school with all improvements where the boys of Harrisburg can learn trades. The Harrisburg High school enables the girls and boys to obtain a good general education.

There are also the grade schools for the younger children. The rooms are arranged so that the children are not crowded and are able to get lots of sunshine and fresh air.

The domestic science in the high school is a new study and a very helpful one, because some girls' mothers, I am sorry to say, do not know how to cook. In this class they are taught to prepare many appetizing dishes.

The libraries are of great importance to the boys and girls. They can go to them and get books for education and pleasure.

Then the curfew law, which has been enforced in Harrisburg this year, keeps boys and girls under fifteen years of age off the streets after 9.15 o'clock unless accompanied by an inder preson. Previous to this law children were seen on the streets.

I came back to school again because most of us are in school and are interested in it. All boys and girls under sixteen years of age are compelled to attend school unless they must help to support their families.

Track meet is a fine thing for the schools. It gives the boys physical training and makes everybody have a good school spirt.

The playgrounds also give young folks healthy exercise and keeps them from playing on the streets. For these reasons I think Harrisburg is a better city for boys and girls on account of the recent improvements.

with gasoline.

Women here who have tried dry cleaning find it very easy and inexpensive to clean and freshen all the ribbons, silks, satins, laces, yokes, furs, silk shirtwaists, kid gloves and shoes, neckties, children's clothes, suits, caps, Swiss, lawn, organdie and chiffon dresses, woolen garments, fancy vests, draperies, rugs, in fact, any and every thing that would be ruined with soap and water.

Get two ounces of solvite at any drug store and put it in two gallons of gasoline, where it instantly dissolves, then put in the goods to be cleaned, rub a little and out they come, looking as bright and fresh as new. You will find nothing fades, shrinks or wrinkles, requiring no pressing.

You can do five dollars' worth of home dry cleaning in an hour at little cost. It is so easy and you can't make a mistake. Any grocery or garage will supply the gasoline and you can obtain two ounces of solvite at the drug store which is simply a gasoline soap, then a wash boiler or large dishpan completes your dry cleaning out-fit.—Adv.

ROGER W. BABSON TO ADDRESS C. OF C. OCT. 20

Since this time all the streets have been paved, parks have been laid out and improved, a score of playgrounds have been made, river front has been improved and the Mulberry street, viaduct built.

The well paved streets of Harrisburg give the children opportunity to enjoy many games. These kind of streets make it possible for children to play on them without getting so dusty and soiled. Before the streets were paved children were also liable to carry disease into their homes from the badly kept streets.

No Trouble to Remove Superfluous Hair

(Toilet Tips)

It is an easy matter to rid the skin of objectionable hair or fuzz, if you proceed as follows: Mix a paste with some water and a little powdered delatone, apply to hairy surface and in 2 or 3 minutes rub off, wash the skin and the hairs are gone. This method of banishing hairy growths is painless and does not mar the skin, but to avoid disappointment, be certain to get real delatone.
