

Relief for Catarrh Sufferers Now FREE

You Can Now Treat This Trouble in Your Own Home and Get Relief at Once.

How the Remedy for Catarrh Was Discovered.

THIS terrible disease has ranged unchecked for years simply because symptoms have been treated while the vicious germs that cause the trouble have been left to circulate in the blood, and bring the disease back as fast as local treatments could relieve it.

C. E. Gauss, who experimented for years on a treatment for Catarrh, found that after perfecting a balm that relieved the nose and throat troubles quickly, he could not prevent the trouble beginning all over again.

On test cases, he could completely remove all signs of Catarrh from nose and throat, but in a few weeks they were back.

Careful experiments and investigations have shown that as the troubles were expelled from the nose and throat, the real cause of the disease was overlooked and in a short time the Catarrh would return stronger than ever. Mr. Gauss has gone way ahead of the ordinary methods of treatment and has provided a remedy that

Removes the Cause of Catarrh and Immediately Gives Relief

Reese Jones, of Scranton, Penn., says that after trying many other treatments, he used this new method and "My nose is now entirely clear and free and I am not bothered by the disease any more. The New Combined Treatment is worth its weight in gold."

Temporary relief from catarrh may be obtained in other ways, but the New Combined Treatment must inevitably be accepted for permanent relief.

Sarah J. Cape, Mount Pelia, Tenn., says, "I suffered the pains and distress of catarrh for thirteen years and needless to say, tried nearly every method. But by your new method, I was completely cured and you cannot imagine the joy that has come over me."

Trial Treatment FREE

This new method is so important to the welfare of humanity, so vital to every person suffering from any form of catarrh, that the opportunity to actually test it and prove its results, will be gladly extended without one cent of cost.

A large trial treatment, with complete, minute directions, will be sent free to any catarrh sufferer. Send no money, take no risks, make no promises. Simply clip, sign and mail the coupon and the test package of the New Combined Treatment will be sent fully prepaid, together with the valuable book on Catarrh.

ACT ON FUTURE WATER QUESTION

Petition Will Probably Be Presented to Steelton's Council

To take official action of the plan to obtain filtered water from Steelton for the towns of Oberlin, Bressler and Enhaut, the commissioners of Swatara township will meet to-morrow evening.

Just what action will be the outgrowth of this meeting township officials to-day are not able to say. It is likely, however, that petitions will be circulated following the meeting to ascertain how many consumers may be obtained in these three towns.

Then, these petitions, along with a formal petition from the township officers will probably be presented to Steelton's council. The rest will be simple for it is known that Steelton will benefit from the proposed extension of service.

The three companies of Swatara township have long been actively campaigning for an adequate water supply. Fire Chief John E. Shupp and Ex-Chief Benjamin Capella have recently made a number of visits to the various companies in the township.

Ephraim Morrison Dies From Heart Trouble

Following an attack of heart trouble, Ephraim Morrison, for 25 years an employe of the boiler shop at the Pennsylvania Steel Company, died at his home, 220 Elm street, yesterday.

Mr. Morrison was an employe of the boiler shop since coming to Steelton and at the time of his death was foreman. He was a member of the Steelton Lodge, I. O. O. F., No. 184, and of the Mechanics and Helpers Relief Association. He is survived by his wife, Emma; three daughters, Mrs. A. S. Miller, Miss Ella and Miss Alda; four sons, Charles E., of Elizabeth town, N. J., John, Frank and Miles; four brothers and one sister.

Funeral services will be held at the Morrison home, Saturday afternoon at 2 o'clock. The Rev. A. K. Wier, pastor of the Centenary United Brethren Church, will officiate and burial will be made in Baldwin Cemetery.

INDOOR LIFE MAKES FAT

TAKE OIL OF KOREIN TO KEEP WEIGHT DOWN, OR TO REDUCE SUPERFLUOUS FAT

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air weakens the oxygen-carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any person who is satisfied in their own mind that they are too stout should go to a good druggist and get a box of oil of korein capsules, and take one after each meal and one just before retiring at night.

Even a few days' treatment should show noticeable results. The appetite, digestion, should improve, energy, weight, footprints become lighter and the skin less flabby in appearance. Oil of korein is inexpensive, cannot injure, helps the digestion and is designed to increase the oxygen-carrying power of the blood. Any person who wants to reduce their weight 15 or 20 pounds should give this treatment a trial. There is nothing better. Advertisement.

BASEBALL FANS AWAIT DECISION

[Continued From First Page.]

the 7,000 seats in that section which was begun yesterday by several men and boys was augmented during the night and early to-day was composed of several score of eager fans and numerous small boys who hope to sell their places in line to an advantage.

Former Governor Penn., president of the National League, to-day expressed satisfaction with the plans of the Philadelphia management for the season. He believed more of the regular patrons of the game had been given a chance to purchase seats than any previous series of the kind in the city.

Manager Moran plans to put his men through a stiff workout to-day. They were ordered to report at the grounds early. All the pitchers will be sent through a quick clean-up and batting practice will be indulged in.

Playing Grounds Soggy

 The weather early to-day was cloudy and the northeast wind made the air raw which compelled the Phillies to start their practice wearing sweaters. Despite the unfavorable weather and the soggy ground from recent rains Manager Moran planned morning and afternoon practice for all the players. Many tips have come to Moran on the style of play of the Boston Red Sox and part of the time to-day was spent in practice of defensive plays with men on the bases.

In Doubt About Killifer

 The question whether Bill Killifer will get into the series was still in doubt to-day, that is, as far as the general public was concerned. His lame arm was again examined by a New York expert yesterday. If Killifer cannot get the hat to-morrow Moran will be compelled to send in Burns. What difference this will make in the pitching of Alexander is hard to say. The great twirler has been used to having Killifer on the receiving end but Burns has worked well with the Nebraska in the few games that he has caught him.

Reservations For Seats in Boston Are Mailed

 Boston, Oct. 7.—Thousands of persons learned to-day that they had secured seats in applications for grandstand or pavilion reservations for the world series baseball games to be played at the Braves' field beginning next Monday. After several days of waiting for work only snatches of sleep, President Joseph J. Lannin, of the Boston American, and an augmented office staff, put the last of the notices of reservations in the post to-day. They were about 10,000 covering 2,000 seats for each of the three games.

 [Continued From First Page.] ELECTION DELEGATE The Enhaut Fire Company held its regular meeting to-day evening. Jesse Dando, one of the oldest members of the company, was elected delegate to attend the State Firemen's Association convention which is in session this week at Philadelphia. Mr. Dando has done much to work up interest in the company here.

BRUMBAUGH TOURS INTO HIS OLD HOME

[Continued From First Page.] of dirt road, east of New Alexandria, Westmoreland county, there was a rip-off of unusual admiration down the long line of twenty-three motor cars.

Maintenance—this is the keyword of the new road policy that this tour of Governor Brumbaugh is pointing out to the people of Pennsylvania. Maintenance has saved expensive macadam and asphalt roads, as the party learned Monday and Tuesday.

See Drag in Action They learned why these dirt roads are not filled with ruts, deep in mud and water and almost impassable from the four rains they have visited the section in the last five days. They saw in action the log drag, which is sent over the dirt roads immediately after every rain. They inspected the deep drainage ditches along the road.
