

# Fall Opening

## Thursday Evening, October 7th

### From 7 to 10 O'clock

#### You Are Invited

Increased business has again induced us to add another large floor to our building. In order to do justice to the occasion we have arranged for this formal opening as we want the people of Harrisburg and vicinity to see and know just what kind of an establishment we have.

Come here on Thursday evening and expect to see a display of all kinds of FURNITURE for the home, such as you probably never have heretofore seen in our city.

Seven years ago when this store was opened, we said it would always be our object to make it one of the very best and most complete Home Furnishing Establishments in Central Pennsylvania. On Thursday evening you can judge for yourself as to just how nearly we have made good that promise.

### Our New Picture Department

We particularly invite your inspection and criticism of our new and very large line of pictures. We believe we have one of the most careful and complete exhibits of pictures that can be seen within a radius of one hundred miles. We shall be glad to know what you think about it. People tell us that our picture show is a real treat. Art lovers should not miss it. Don't forget the time, Thursday evening, October 7th.

## CLOSE WALL GAP INSIDE OF WEEK

Less Than Dozen Flights of "Steps" Yet to Be Placed Along River Front

WET WEATHER'S DELAY Three Miles of Great Walk on City's Banks — Building Dam

The gap in the river wall at Market street, the only open section with the exception of "Hardscrabble", in the three-mile length of the water front improvement, will be closed with steps within another week unless wet weather or other untoward conditions should interfere. This, at least, is the expectation of the engineers and contractors, who are busy putting in the last of the concrete piers to-day.

Less than a dozen sections of steps remain to be put into place and the material will be "set" in forms, it is hoped, before the end of this week. The stretch of 14-foot-wide granite-lithic wall which will be the finishing touch will be put down, very likely, early next week. Wet weather and the sudden changes in the river's height from time to time have delayed the operations to some extent during the last week or ten days and the job has not progressed as rapidly as had been expected.

While the construction work on the wall gap is being pushed ahead the remainder of the slabs of concrete which will finish off the river dam at Dock street are being lifted into place. Probably sixty of the big blocks—covering approximately 400 feet—must be swung into position on the top tier of the dam. This operation, the last of the city's present program of municipal improvements, will be finished, too, before another week has passed.

### Opening of Brown & Co. Show Room This Evening

The formal opening this evening of Brown & Co.'s enlarged store marks another distinct step forward in this progressive and rapidly growing furniture and housefurnishing store. The firm started in business seven years ago at 1217 North Third street and by successive enlargements has now acquired a floor space said to be larger than that of any store above Market street. The opening to-night signals the latest 4000 addition made to the store, which places this display room among the finest in the city. The new room will be devoted principally to the exhibition of dining room furniture.

A feature of this evening's opening will be the introduction of the art department, pictures having received special consideration by this firm. The firm now occupies the buildings on North Third and Broad streets, all of which are reached by way of the North Third street entrance.

### Two Local Men Elected Officers of Brotherhood

J. T. Winters, of this city was elected president of the Lutheran Brotherhood at the second session of the convention of the East Pennsylvania Synod of the Evangelical Lutheran church in Philadelphia yesterday. H. Mumm of Lebanon was elected secretary and E. A. Horner of this city treasurer.

## A SPOONFUL OF SALTS RELIEVES ACHING KIDNEYS

We eat too much meat, which clogs kidneys, says noted authority.

If back hurts or bladder bothers, stop all meat for a while.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and lousy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, sour stomach, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jads Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jads Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia water drink. —Advertisement.

### A Pennsylvania Woman Tells About Blood Disorders.

Hummelstown, Pa., Box 246.—"After having suffered for a year with an ulcer on my leg, I am thankful to say I am well again and able to do my work. I had given up all hopes of ever getting better when one day I decided to try Doctor Pierce's medicines. I bought a bottle of 'Golden Medical Discovery' and a box of 'All-Healing Salve.' After taking four bottles of the medicine and using the 'Salve,' I find that I am entirely cured."—Mrs. Louise Corry.

Pimples, boils, carbuncles, aches, chills and rashes are "DANGER SIGNALS"—the human system's method of giving warning that the blood has become impoverished and circulation poor. In this condition the human body is almost powerless to resist more serious illness. Don't delay! You need Dr. Pierce's Golden Medical Discovery.

It gets to working immediately at the seat of the trouble—the stomach. It lends a helping hand. Helps to digest the food. Tones up the stomach. Soon brings back normal conditions. Food is properly assimilated and turned into rich, red blood. Every organ is strengthened and every tissue revitalized.

Made from roots taken from our great American forests. Try this remedy now. Sold by medicine dealers in liquid or tablet form—or send 50 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial box.

You can have the complete "Medical Adviser" of 1008 pages—cloth bound—free—by sending Dr. Pierce three dimes for wrapping and mailing.

### Mummers Work on New Year Day Plans

Plans for the New Year demonstration by the Harrisburg Mummers Association, were discussed last night. Communications were received from several firms promising to enter floats this year. An advisory committee was authorized to include representatives from the Harrisburg Chamber of Commerce, Motor Club of Harrisburg, Rotary Club of Harrisburg and the Harrisburg Liquor Dealers' Association. These members are named on the publicity committee: Clarence O. Backenstoss, Robert R. Free, Wellington G. Jones and Harry Lowengard. The association will start weekly meetings in November.

### Rockefeller Runs Race With Death and Wins

Special to The Telegraph  
Sunrise, Wyo., Oct. 7. — John D. Rockefeller, yesterday ran a foot race with death and won. He insisted on going into the heart of open face workings at the Sunrise iron mine where a mountain is being blasted away. He did not wait for the superintendent to accompany him as he started to shake hands and converse with ore diggers, steam shovelers and engineers.

The dynamite crew, not knowing that visitors were near, lighted fuses of fifty enormous blasts. Mr. Rockefeller was almost in the pit when miners, hiding in their bombproof shelters hundreds of yards away, saw him start shouting. With his prophetic, Charles O. Heydt, and W. Mackenzie King, at his heels, he fled across the steep mountainside.

They had barely started a steel shovel car and crawled underneath when blasts began to go off, filling the air with flying rocks. The car was heavily bombarded, but the party escaped injury.

### Unsanitary Conditions Are Found by Health Officers in Restaurants

Unsanitary conditions in a number of downtown restaurants and quick lunch houses have been found by Drs. William V. Hughes and G. A. Zimmerman, city food inspectors, who are making their second and semiannual inspection trip of these places.

Most of the unsanitary ones are in the business district. Six months ago the inspection trip was made by the food inspectors of the city health department when similar conditions were discovered. The proprietors were warned at that time, and now, according to J. M. J. Baunick, city health officer, they are liable to be prosecuted unless the present conditions are improved.

### RILEY EXERCISES IN SCHOOL

While there was no general observance of the birthday anniversary of James Whitcomb Riley in the public schools of the city, teachers in the thirty-two grammar schools held brief exercises. Sketches of the life of Riley were read in many instances by teachers and students recited poems.

### How To Get Rid of a Bad Cough

A Home-Made Remedy that Will Do It Quickly, Cheap and Easily Made

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist 2½ ounces of Pinex (50 cents worth), pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered or very nearly so. Even whooping cough is greatly relieved in this way.

The above mixture makes a full pint—a family supply of the finest cough remedy that money could buy—at a cost of only 54 cents. Easily prepared in 5 minutes. Full directions with Pinex.

This Pinex and Sugar Syrup preparation takes right hold of a cough and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. Also quickly heals the inflamed membranes which accompany a painful cough, and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. Excellent for bronchitis, spasmodic croup, and winter coughs. Keeps perfectly and tastes good—children like it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in ginseng which is so healing to the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex," do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

### Dr. Shaw Says Suffrage Must Be Granted Before U. S. Is Real Republic

Practically every phase of the equal suffrage stand was discussed by Dr. Anna Howard Shaw, president of the National Women's Suffrage Association before a large audience in Technical High School auditorium last night. With the keen originality which has made her the peer of her sex as a speaker, bright witticisms were frequently interspersed throughout her talk.

"The women know what they want," said Dr. Shaw, "and they are not afraid to say so. We are asking for just one thing and that is that this government be the thing, which it pretends to be, but which it is not, a republic in the full sense of the word. We are not asking for anything that is abnormal or that does not comply with progressiveness. Suffrage must be granted before this government is a republic." Immediately afterward Dr. Shaw left for Pittsburgh.

### Wilson to Ask For "Free Sugar" Tariff Repeal

Washington, D. C., Oct. 7. — The Wilson administration will ask for the indefinite suspension of the free sugar schedule at the next session of Congress.

Information as to the administration's abandonment of the idea of permitting sugar to go on the free list was conveyed in an announcement from Secretary of the Treasury McAdoo yesterday. Mr. McAdoo announced that he will recommend in his forthcoming message to Congress that the existing tariff on sugar be retained for several years. He will recommend, in addition, that the war revenue act be extended until peace is restored in Europe.

This announcement marks the first reversal on the part of the administration in regard to the tariff law, and it is believed that it foreshadows a more liberal attitude toward other suggested changes.

### BILLION BUSHEL CROP IS ASSURED

Greatest Quantity of Wheat Ever Produced, Found in U. S.

By Associated Press  
Washington, D. C., Oct. 7.—A billion-bushel wheat crop, the greatest ever grown in any country, has been produced in the United States this year. The government's preliminary estimates of the great crop, made to-day, placed it at 1,002,029,000 bushels, or 111,000,000 bushels larger than the record crop of 1912.

The corn crop, now approaching maturity, is estimated at 3,026,159,000 bushels, or 98,000,000 bushels less than the record.
