304 Market St. **Doutrich's** Harrisburg Pa.  
Always Reliable

COPYRIGHT 1915. THE HOUSE OF KUPPENHEIME.

**WOMAN'S AUXILIARY MEETS**  
Special to The Telegraph  
Sunbury, Pa., Oct. 7.—Yesterday the eleventh annual convention of the Woman's Auxiliary to the Board of Missions in the Diocese of Harrisburg of the Protestant Episcopal Church was opened here in St. Matthew's Church. Mrs. James F. Bullitt, of St. Andrew's parish, Harrisburg, is the present. A "quiet hour" at the morning session was conducted by the Rev. George Israel Brown, of Lancaster.

**RETURNS BECAUSE OF ILLNESS**  
By Associated Press  
New York, Oct. 7.—Dr. John Rathbone Oliver, son of Robert S. Oliver, of Albany, N. Y., formerly assistant secretary of war who arrived here yesterday after serving for several months as a regimental surgeon in the Austrian army, said to-day that his return was made necessary by a nervous breakdown.

**SPYKER IS GIVEN A COUNSELSHIP**  
Huntingdon County Man Becomes Associate of Francis H. Bohlen

**COLLINS WILL COME HERE**  
Noted Williamsport Lawyer Will Become Deputy Attorney General

Two prominent lawyers of Central Pennsylvania were to-day appointed to places in the State Government by Attorney General Brown and will assume their duties immediately. Samuel I. Spyster, of Huntingdon, the chairman of the Republican county committee of that county and a boyhood friend of the Governor, was appointed associate counsel of the State's Workmen's Compensation and Workmen's Insurance Fund boards. The attorney general some time ago named Francis H. Bohlen, of Philadelphia, an expert on compensation and secretary of the State Industrial Accidents Commission, as counsel. Under the plan announced to-day by Mr. Brown the legal work of the two boards will be handled together for the present at least. The boards each have an allowance of \$10,000 for counsels' services, the amounts to be apportioned

as the attorney general and members may elect. Emerson Collins, of Williamsport, active in legal matters in interior counties, has accepted an appointment as deputy attorney general. Mr. Collins, who has had wide experience in general practice, is understood to have been taken the place to become familiar with State government matters. The salary will be \$3,500 a year, it is understood. Big Case On Slag Hearing was begun to-day by the Public Service Commission in the complaint of the National Tube Company, in which various steel companies of the State have intervened, against the roads for grading and filling, had to be considered as freight in interstate business. The principle was put into effect in inter-State business and the steel companies object to it. Buller Gets Results. — Officials of the Department of Fisheries visited the plant of the Byron Tannery Company at Mercersburg yesterday investigating a complaint which reached the department that this company was polluting the west branch of the Conococheague creek. Chief Clerk Featenby and Warden Albert had a lengthy interview with the president and manager of the company and a conference has been arranged to be held at the office of the department the early part of next week between the officials of this company and the Commissioner of Fisheries. N. R. Buller, the president of the company, having offered to come to Harrisburg and bring with him data showing the different chemicals used in the tanning process and how to separate one from the other with a view of having a separate filter for each. The officials of the company are in hearty accord with the work of the department and desire to install some device which will absolutely take care of the refuse from the plant and do away with the adverse criticism. Last year this company installed settling beds which cost the company \$5,000, but which have not proven satisfactory to the department and after the conference next week it is expected that the

**Valuable Discovery in Complexion Beautifier**  
Because of its peculiar power of absorption, also because it serves every eminent purpose, ordinary mercerized wax is perhaps the most valuable complexion beautifier discovered within recent years. It not only cleanses the skin, but it also softens it. Some use powder afterward, but this is not necessary. This rule for applying mercerized wax has been found very satisfactory: Wash the face with warm water, drying lightly. Before thoroughly dry, anoint the face with the wax, but don't rub it in. The favorite way is to use before retiring, allowing it to remain on all night and washing it off in the morning with warm water. All druggists have this wax in original, one-ounce packages. For the removal of a wrinkled or flabby condition there's nothing better than to bathe the face in a solution made by dissolving 1 ounce powdered exfolite in 1/2 pint witch-hazel. Beneficial results are quickly noticeable.—Advertisement.

# DID YOU EVER SEE A TAPEWORM?

## These Monstrous Parasites, With Their Thousands of Mouths, That Are Constantly Sapping the Very Life Blood From Their Victim's Body

How many thousands of people are suffering from these monster parasites that have been treated for years for what is supposed to be stomach troubles, or possibly your case has been diagnosed as almost any ailment known to the human body, the same as this lady. Mrs. H. Kent, who resides at Twelfth and Lake streets, Chattanooga, Tenn., for ten years this woman has been ill. The torture and misery she suffered during the time would have killed almost any person with an ordinary constitution. But her ruggedness and her never-say-die nerve kept her alive. She had severe hacking, choking cough, especially in the morning, that could only be relieved by eating or drinking. Sometimes her stomach would bloat, caused jumping, fluttering of the heart, shortness of breath, dizziness, sharp shooting pains in lower bowels, pains in back of head. For seven years this is how this lady suffered, with apparently no hopes of ever getting well. The last seven

months prior to Gray, the Quaker Health Teacher, going to Chattanooga, she was given up as incurable, told she had consumption, was taking no medicine at all, only waiting for her time to come, when she read about Quaker remedies. She had heard about the wonderful cures that had been made in Mobile, Birmingham and Montgomery, Ala., and the many persons who had expelled tapeworms, as she stated, I really felt that here is where I get cured. She was the first customer Gray had. She procured one bottle of the Quaker Herb Extract on Monday, and on the following Thursday expelled a monster 58-ft. tapeworm, head and all complete. Her little daughter, Pearl, only 9 years old, was complaining of her stomach, and the mother gave the medicine to the child, and in a few days she, too, expelled a monster tapeworm. Oh, what joy and happiness the Quaker brought to this home, saved the lives of mother and child. Now, my friends, Gray is only giving this one case of the many thousands that the wonderful Quaker

Herb remedies have restored to life and happiness. He has been in Harrisburg 5 days; this is the same Quaker medicine. Papers all over the South and East are devoting columns to the great good he did in the different cities. Dailies are full of the grand work he has done there. And now he has come to Harrisburg to prove to the people of this city that the Quaker Herb remedies do the work that others have left undone. If you have a tapeworm, or if you know of any person who may have one, call on the health teacher, who is now at Keller's Drug Store, 405 Market street, and get a bottle of Quaker Herb Extract free, absolutely free. Gray is there. He will be only too pleased to answer all questions about the Quaker Herb remedies. He can be seen at the Keller Drug Store from 9 a. m. to 5 p. m. If you suffer with Rheumatism, Catarrh, Kidney, Liver, Stomach or Blood trouble, start to-day. Quaker has cured thousands. \$1.00 per bottle, 6 for \$5.00, now 3 for \$2.50. Oil of Balm, 50c.—Advertisement.

gravity filter which is being installed at the request of the Department of Fisheries will be erected at this plant and the stream kept clear of pollution. Will Ask Bids Soon. — The State Board of Public Grounds and Buildings will ask bids before long for bridges in Cambria and Bradford counties. The plans for the Cambria bridge were made by G. A. Flink, of this city, and are being considered for approval. First Prosecution.—The first prosecution for violation of the meat hygiene act, which was made at Altoona, has attracted much attention throughout the State. The inspectors have been instructed to call attention to the dangers people involve in failing to observe the law. Board to Meet. — The State Workmen's Compensation Board will meet on Friday to discuss a number of forms and other preliminary details. The members are planning to go to other States to gather additional information. Sheehan Pays \$60,000. — James B. Sheehan, Philadelphia register of wills, paid the State Treasury \$60,000 as collateral inheritance taxes for the month of September. To Attend Fair.—State Zoologist H. A. Surface will attend the Reading fair next week. He will speak on behalf of his division and also take part in the demonstration at the State exhibit. Attending Celebration. — Adjutant General Thomas J. Stewart, Major F. D. Beary and Captain W. H. Kemper are at South Bethlehem to-day attending the military demonstration incident to the centennial. No Site Donated. — If arrangements are completed for the donation of a site the State Armory Body may take action in regard to a building for West Chester when it meets here on October 19. Thus far nothing has been done although members of the Board are willing to go ahead. Clearing Reservoirs. — The reservoirs and dams of the Shippensburg

water supply have been cleared of water and disinfected under the direction of inspectors and engineers from the State Board of Health. The reports to-day showed approximately sixty cases with half that number of suspected cases. Important Inspection. — An inspection which may have important results in the development of industrial and vocational education is being made to-day at Greenville, Mercer county, where a school especially devoted to industrial training has been projected. The local authorities have asked that the State Board send its experts to give advice as to the design and equipment of the building. Forty-two Licensed. — Thus far 42 licenses have been issued to persons and firms engaged in short loan business. The probabilities are that this number will be considerably increased by the end of the week. INTEREST SHOWN IN TROOPS By Associated Press Nish, Serbia, Oct. 5, via Paris, Oct. 7, 11.45 A. M.—News of the landing of French troops at Saloniki spread throughout the country with great rapidity and caused intense enthusiasm. It is considered to have dissipated the grim shadow of Germany which was falling across the frontier.

**\$10,000,000 FIRE IN BOMBAY**  
By Associated Press  
Berlin, Oct. 7 (by wireless of Sayville).—It is reported from Bombay that a great fire occurred on September 6 in cotton warehouses, causing a loss of \$10,000,000, says the Overseas News Agency. IRON ORE SHIPPING TIED UP By Associated Press Stockholm, Oct. 7, via London, 12.08 J. M.—Iron ore shipping is completely tied up owing to rumors that a British submarine mined the waterway in the Baltic between Trelleborg, Sweden, and Sassnitz, Germany. Twenty large German steamers laden with iron ore and wood are anchored in Swedish waters. WILL FORM NEW CABINET By Associated Press London, Oct. 7.—Alexander Zaimis has accepted King Constantine's invitation to form a new cabinet, according to a Reuter dispatch from Athens.

**Handy On Eye-glasses**  
"IF YOU CAN'T SEE, SEE US"  
You will be greatly surprised by our scientific and wonderful methods of fitting glasses. The Static and Dynamic methods, which we use, are the only correct ones, and are entirely different from the methods used elsewhere. We have produced astonishing results by relieving and curing our patients of brain fog, insomnia, dizziness, nausea, watery eyes, blurry vision and other troubles. We have corrected, by the use of properly fitted glasses, cross eyes and astigmatism. "No Drops Used"  
We manufacture glasses with a 10-year gold-filled frame, spherical lenses for as low as \$1.50. Examination included. Prescription work accordingly. All examinations are made by skilled practitioners who are graduates of recognized optical institutions. **THE BOYD-NORRIS OPTICAL CO.**  
310 MARKET ST., 2nd Floor  
Hours—9 to 12; 1 to 5; 7 to 8

**Oils Soothe Skin Disease**  
Oil of wintergreen, thymol, glycerine and other healing ingredients compounded in proper proportion into the D. D. D. Prescription has now become the universal favorite of skin sufferers in relieving and curing skin disease. It is a mild wash that penetrates the pores and gives instant relief from all burning and itching. It kills and washes off the gnawing disease germs, leaving the skin free to quickly heal. All druggists sell D. D. D. 50c and 15c. A generous trial bottle for only 15c. We are so confident of the gratifying effect of D. D. D. that we will offer you the first full size bottle on the guarantee that it will relieve your suffering or your money refunded. D. D. D. Soap keeps your skin healthy. Ask about it. **GEORGE A. GORGAS, Druggist, Harrisburg.**  
**D. D. D.—for 15 years—the Standard Skin Remedy**
