Bowman's Lead in the Showing of Autumn Blouses Because of Greater Variety

It is no credit to a store to speak of having the most blouses; but it is a credit to a store and an advantage to the customer when greater varieties are featured and almost as many styles as waists and such is the Bowman Policy.

At this time your attention is called to the large and unusual showing of Lower Priced Blouses.

The "Imperial"---A Blouse, New and Smart

Perhaps the simplicity of this style adds to its attractiveness, but the prominent feature is two large front tabs that overlap each fastening with a large pearl button. The double-breasted effect is pleasing. Crepe de chine; pink and white—at **\$2.95.**

Stylish Voile Waists Are Plentiful at 95c

The many kinds of voile are here including corded, striped, plaid, embroidered and plain as well as madras. Styles also are numerous, featuring newest collar effects and dainty trimming.

Voile Waists at **\$1.00** — This grade is a splendid quality, and with pretty lace and embroidered effects as well as tiny cluser tucks, these blouses are extraordinary.

This showing has been enlarged by recent shipments of fashion's favorite voile waists in exquisite styles, and especially in lace front effects, and handsome embroidered designs. Tucks in great numbers will be found.

Crepe de Chine blouses show mannish stripes and in style you'll find the popular smocking, stitched and pleated vestee effects, and embroidered designs are charming. Price is **\$1.95**

Lace Waists at **\$2.95** — A pretty model comes in Bolero effect in combination with chiffon. Very effective also is a lace waist, or rather a lace front with silk marquisette.
