STEEL WORKS ARE RAPID TRANSIT AFTER MORE MEN HELPING HEALTH

New State Bureau Finds That Farmers Are Also Seeking Hands to Help Them

Iron and steel manufacturers and farmers have taken more advantage of the facilities of the new State employment bureau than any other class of employers according to a summary of the work of the latest branch of State activity in its first week. The bureau was opened on October 1 with central offices in this city and blanks for specific information as to desires of both employers and employees have been issued by the hundreds by Director Jacob Lightner. The first big application for "hands" came from a steel plant which asked for 135 main and helper men, and the bureau was able to supply 83. Jobs have been offered for fifty men in car shops, fifty in a steel works and twenty-five in a stone quarry, while numerous requests have been made by contractors. Several fruit raisers and packers applied for help and numerous farmers have written letters, while a stock farmer offered a house, the use of garden, vetch cow, hog pen and truck patch with \$25 a month wages and twenty-five bushels of potatoes for a man experienced in farming, married, not over 45. The bureau believes it furnished the man.

The part that rapid transit, cheap transportation from the congested working places of a large city to the open spaces, and better housing of the suburb or the countryside is emphasized by Dr. Samuel G. Dixon, State Commissioner of Health, in his weekly talk on health and hygiene. The commissioner likewise makes a plea for a better form of amusement than golf or tennis and calls attention to the prodigality with which Americans are spending their principal in health resources as well as natural resources. The result, he says, is that we must live on things produced by labor and it behooves all to conserve good health even if it involves car fare.

Dr. Dixon says in part: "As the economic struggle becomes keener the strain upon the individual grows greater. The rapid development of our cities and the concentration of population in surroundings which are in many ways detrimental to health and which deviate so materially from the natural conditions for which man is accustomed by nature have a weakening tendency. The closely built up portions of our cities prevent the free movement of fresh air. The conditions of employment are largely affected and there is a tendency away from the natural methods of life which make for good health. To keep where we now stand in the scale of industry and morals we must work for the proper housing and amusement of the workers."

CITY BACTERIOLOGIST TO ADDRESS ENGINEERS

Dr. George P. Moffitt, city chemist and bacteriologist, will deliver an interesting lecture Wednesday evening to Capitol City Council No. 2, American Order of Steamers Engineers. The Council will meet in Odd Fellows' hall, 321 Market street and Dr. Moffitt is due to speak at 8 o'clock. The city bacteriologist's talk will be on "Bacteriology, Water Purification and Milk Inspection."

MEMORIAL SERVICES

Tride Lodge, No. 60, Ladies' Auxiliary to the Brotherhood of Railroad Firemen and Enginemen, will hold a memorial service in the Eagle Hall, Sixth and Cumberland streets, tomorrow evening in honor of Mrs. Amanda Leonard and Mrs. Mary May, two members who died recently.

As transportation made cities possible, so it must be and is being developed to carry the people into the suburbs at small cost. Here city workers' families may have individual homes with fresh air and they can raise a few vegetables and flowers. The germinating seeds, the development of plants, the eternal miracle of nature's reproductive powers, offers wholesome occupation of interest to most men and women. As an amusement it is as much fun as playing golf and tennis and at the same time brings in income instead of being an expense. It may not be fashionable, but it has a deep appeal to the majority of mankind."

JITNEY CASES TO BE HEARD EARLY

Public Service Commission Arranges For Considerable Business at Scranton

The jitney cases, complaints brought by the Scranton Railways Company to determine whether jitney operators must not have the same certificates of public convenience as trolley companies, will be heard in Scranton by the Public Service Commission on Thursday morning. The commission will have a special sitting in Scranton, commencing tomorrow, for cases from Northeastern Pennsylvania, the jitney cases being the most important. The decision will affect jitneys in every part of the state.

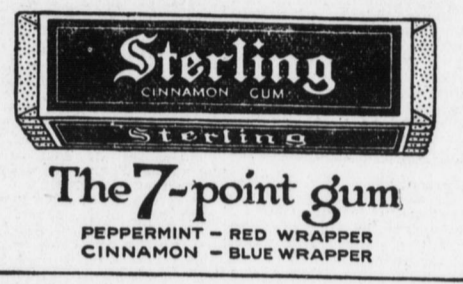

The commission will open its sitting in the Superior Court room tomorrow by hearing the request of the Erie, Delaware, Lackawanna and Western, Pittsburgh and Lake Erie, New York Central, Baltimore and Ohio, New York, Ontario and Western, New York, Susquehanna and Western, Lehigh Valley and Central Railroad of New Jersey for postponement of the effective date of the administrative ruling making one-way tickets good in either direction. This ruling was ordered effective this month.

Wednesday the commission will hear complaints of the township of Plains, Luzerne county, against grade crossings of the Lackawanna, Lehigh Valley and Jersey Central; of the borough of New Milford against the crossing of the Lackawanna; of James Kearny against the Delaware and Hudson station at Archbald, and applications of the Lackawanna for approval of grade crossing plans in Hanover township, Luzerne county, and Park street, Dunmore borough; of the Wilkes-Barre Connecting Railroad for amendment of certificates issued on crossing last January and the application for incorporation of the Wayne Automobile Transportation Company of Wayne county.

The case of the school district of Pittston against the Citizens Electric Illuminating Company is scheduled for Thursday.

CLAIMS 6 MUST GO ON COURT BALLOT

Pittsburgh Candidate For Superior Court Opens Important Proceeding in Court

The Dauphin county court was today petitioned for an alternate writ of mandamus to compel Secretary of the Commonwealth Cyrus E. Woods to certify the name of Stephen Howard Huseilton, of Pittsburgh, to the county commissioners of the State for printing on the ballot for Superior court. The petition, which was presented in behalf of Mr. Huseilton by Frederick L. Kahle, of Pittsburgh, sets forth that the actual number of votes returned by the county commissioners for the State except Beaver, Luzerne and Philadelphia counties, is 751,361, and that no candidate has more than fifty per cent. of the number of votes and therefore all six candidates must go on the ballot. It is believed that the returns from the missing counties will not change this proportion.

DOUBLE JUBILEE FOR REV. LISSE

Married 25 Years; Preacher 25 Years; Will Have Elaborate Program

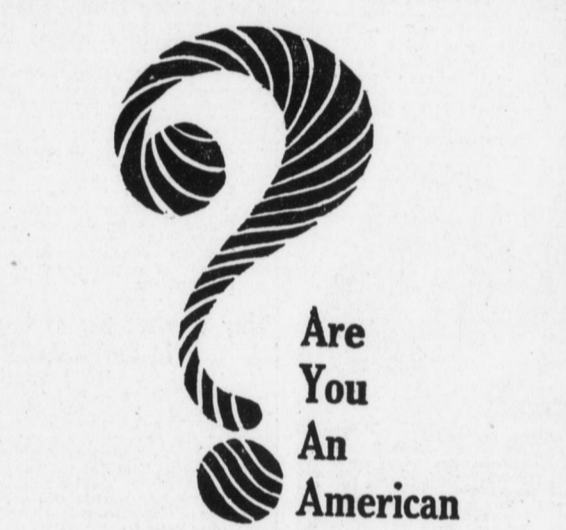

A double silver jubilee will be celebrated Sunday in the German Evangelical Lutheran Zion church, Herr and Capital streets, by the congregation and the Rev. H. F. F. Lisse, pastor of the church. The observance will mark the twenty-fifth anniversary of the Rev. Mr. Lisse's marriage and the twenty-fifth anniversary of his ministry. The congregation and church council has made elaborate preparations for the event on Sunday and a special program has been completed for the day's service. A big surprise is planned for the pastor and his wife.

INDIGESTION AND STOMACH MISERY JUST VANISHES

The moment "Pape's Diapepsin" reaches the stomach all distress goes.

Instantly stops any sourness, gases, heartburn, acidity, dyspepsia.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and all such distresses—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and acid; your stomach is sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distresses vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness. A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world. Pape's Diapepsin instantly neutralizes the acids in the stomach, stops food fermentation or souring, absorbs gases and starts the digestion. The relief is quick, sure, wonderful—stomach sufferers have a pleasant surprise awaiting them.—Advertisement.

Are You An American

That is, are you a regular, sure-enough American who loves his country and knows why? The kind of an American that understands what his government is, who is able to say that it is the best and biggest on earth and then back it up with the facts? If you are that kind of an American, but are a little shy on information, now is the time to post yourself. In order to promote better citizenship this newspaper offers its readers, at cost price, the two patriotic books,

The American Government and The Panama Canal

By FREDERIC J. HASKIN
The Books That Show Uncle Sam at Work.
When you have read them you will be healed for any argument.
Don't let this chance get by you.

WHAT MR. ALLEN B. POND, President Chicago City Club, Says About These Books.

"They should get to the hands of as many American citizens as possible. Patriotism which expresses itself in terms of uninformed sentiment is quite as likely to be unfortunate on the community life as the lack of patriotism, and it is, therefore, of the highest importance that books which tend to create the well-informed patriot should be spread broadcast."
"ALLEN B. POND."

HOW TO GET THESE BOOKS

All that is required is one coupon cut from this issue of this newspaper and 98 cents, to cover the cost of production and handling. Fifteen cents extra by mail.

MEDICAL JOURNAL

Advises Doctors to Prescribe Vinol and Give Reasons Why

"Doctor: You have many patients under your care at this season of the year especially when you may consider are in need of the nutritious, healing properties of cod liver oil. Many people cannot digest or assimilate the ordinary cod liver oil preparations on account of their digestive disturbances. It is for this reason we want to respectfully call your attention to Vinol—a cod liver preparation containing Cod Liver Peptone made from fresh cod livers and cod liver oil (all oil eliminated), together with Iron Peptonate, Beef Peptone, Iron and Ammonium Citrate, and pure Native Wine. "Vinol is nonsect and in our opinion superior to old-fashioned cod liver oil and emulsions, because while it contains all the medicinal value they do, unlike them Vinol is deliciously palatable and agreeable to the weakest stomach. "We feel that medical practitioners who once prescribe Vinol will do so continuously, as under its treatment patients gain strength and put on flesh almost from the start."—From the Canadian Journal of Medicine and Surgery. Vinol is for sale in Harrisburg by George A. Gorgas, Druggist, Kennedy's Medicine Store, 321 Market street; C. F. Kramer, Third and Broad streets; Kitzmiller's Pharmacy, 1325 Derry street, Harrisburg, Pa.—Advertisement.

District Attorney Has Election Fraud Case Under Consideration

The report of the County Commissioners of their findings following the opening of the ballot box in the Second ward of the Sixth ward is now in District Attorney Michael E. Stroup's hands and he said today that he will fully and carefully investigate the matter by which the election board counted fifty-nine more votes for constable than had been cast. William M. Jones, the judge of the election board, was remanded to jail on a writ of habeas corpus after a hearing and assault and battery charge. He had been under bail, but this was withdrawn when the curious findings of the official count developed.

SAYS OTHER CITIES SHOULD COPY HARRISBURG PLAN
In an interesting special article in the Sunday Public Ledger, Harvey M. Watters discusses the "Harrisburg Plan" under which this city completed fifteen successful years of civic improvement and takes the opportunity to point out how other cities of the Commonwealth have failed to take advantage of the splendid precedent set by the capitol city of the State.
