Getting Rid of Blackheads And Other Aids to Beauty

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them. To do this get about two ounces of plain powdered neroxin from any drug store. Sprinkle a little on a hot, wet sponge, rub over the blackheads briskly, wash the parts and you will be surprised how the blackheads briskly, wash the parts and you will be surprised how the blackheads have disappeared. The blackheads are simply a mixture of dust added and the samply a mixture of the body that form in the sample and squeezing only cause irritation make large pores and do not get them out after they become hard. The powdered neroxin and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.

A soft, velvety complexion is the envy of every woman, and any woman can have her heart's desire if she will, before retiring every night, wast the face arms and neck with wast the face arms and neck with wast on cold water, dash on cold water, dash on cold water, and the mapply freely a cream gand by dissolving one ounce of powdered intone in a pint of hot water. This will give to the complexion that soft, velvety appearance so much admired and sought.

Women troubled with excessive perspiration in the armying a little hydrolized talcum on the parts. This simple powder will simmediately despiration, it certainly will solve the soppy dress shield problem.—Advertisement.

One of the lawyers who began the action against George declared to-day that appeal to the highest court will certainly be taken if the Supreme court will permit an alcatur, as the order to appeal is called. The necessary petition is now in course of preparation, it is understood.

The Reason For Appeal

Among other things the lawyer pointed out the plaintiff is of the opinion that Governor Brumbaugh, supported by the opinion of the attornew general considered the act of 1887 sufficient to guarantee equal civil rights to everybody.

For this reason, the State's chief executive vetoed the recently passed "civil rights" act.

The Superior court's opinion was reviewed by many attorneys of the Dauphin county bar to-day. It is voluminous. Some interesting problems are decided by the Superior court in connection with the George case and its relation to the act of 1887. Said Judge Kephart:

The Constitutional Amendment It was the intention of the Thirteenth, Fourteenth and Fifteenth amendments of the Federal constitution to create and protect from discrimination the privileges **UNDERWRITERS**

amendments of the Federal constitution to create and protect from discrimination the privileges and immunities (civil rights) of citizens of the United States regardless of race and color. The underlying motives existing at the time of their enactment was the problem of the colored race. It was thought that the intention of these amendments was to preserve the same rights to all races and colors, yet the Supreme court of the United States has sustained the laws and regulations making a distinction between the races in matters concerning their social relations, and in so doing emphasized the fact that civil equal right did not mean the same or identical right.

Simple Inexpensive Remedy Checks Early Tendency to Constipation

About the first thing impressed on the young Mother is the necessity for regularity in her baby, which brings up the question of the most desirable laxative for children's use.

Mrs. Jesse Richardson, Philpot, Ky., says she has used Dr. Caldwell's Syrup Pepsin for the past year and that there is no medicine in the world like it. She writes, "My little son, William, Jr., just loved it because it is so pleasant to take, and everybody talks about his being such a fine healthy boy."

comply with the act of 1887 by refusing them admission to any part of the house, or refusing to provide them the same accommodations as that accorded to others patronizing the theater, or was there a compliance with the act of equal and sufficient accommodations offered?

It is evident under the authority . . that the regulation of the proprietor of the theater would not have been any violation of the law unless the act of 1887 makes it so. These regulations are not an invasion of any common law right.

The Siechanicsburg Case
The Superior court also sustained the decision of the Cumberland county court of Common Pleas refusing the appeal of John Gray for a new trial after summary conviction for digging up Chestnut street Mechanicsburg without obtaining a permit from the borough authorities. Gray went ahead and excavated the street and was arrested by the burgess who fined him. \$50. He appealed to the Common Pleas court, butthe Superior court holds that the appeal should have been taken from the criminal court.
