## LIBRARY GROWING REPORTS REVEAL

Interesting Matters Brought Out at the Annual Meeting of City's Public Library

### TRUSTEES ARE ELECTED

Casper Dull Re-elected President; Extension of Activities Is Indicated

The extent of the work being done by the Harrisburg Public Library not only in the circulation of standard literature, but in assisting Sunday school and other libraries in the city and in developing educational work among pupils of the public schools was reported upon at the annual meeting of the library last night. The report showed that the movement inaugurated last summer of taking books to schools and playgrounds was bringing results and that a third of the registration of persons desiring books was of children connected with the schools of Harrisburg. The library through its librarian, Miss Alice R. Eaton, is co-operating with the teachers, principals and superintendents in taking library work to the youngsters.

### Gilbert Fund Great Help

The progress of the year was shown by a report of 15,384 books in the library with more made possible by the Lyman D. Gilbert Memorial Fund, created this year, ready to be placed upon the shelves. The Gilbert fund was the largest donation since the establishment of the library. The bequests of Mrs. Sara J. Haldeman-Maly and the proceeds will enable the library to develop at a time when it has just commenced to take steps in the development of the library. There are now 1,118 registrations, over 3,000 school children, a gain of 3215 in a year. The circulation in September usually a dull month was over 8,000. This is 600 ahead of last September.

### Trustees Elected

The contributors last night elected these trustees for two years: Arthur D. Bacon, William M. Donaldson, Geo. A. Gorgas, Spencer C. Gilbert and Haldeman O'Connor. The trustees afterwards re-elected officers as follows: President, Casper Dull, vice-president, George A. Gorgas; secretary, D. Bailey Brandt, treasurer, James McCormick, Jr.

The committees were named as follows: Investment—James McCormick, Jr., William M. Donaldson, Spencer C. Gilbert.

Library—A. Boyd Hamilton, Prof. H. G. Dibble, who was recently elected to succeed the late Prof. W. S. Steele, Arthur D. Bacon.

Executive—Haldeman O'Connor, William A. Boll, George A. Gorgas. The Rotary Club will hold a meeting at the library next Tuesday at 7:30 p. m. in connection with which addresses on the work of the library will be made by President Dull and Miss Eaton after which the members of the club and their wives will inspect the library.

The student training class, which is one of the activities of the library and which has turned out some well qualified library assistants, has been resumed. The successful trainees, the examinations were Miss Elizabeth Gardner, Miss Myra C. Eby, Miss Agnes Rave Hoofnagle, Miss Edith Klester, Miss Grace Gertrude Sample and Miss Frances Marie Spong. Twenty applicants for admission were recorded.

## COLUMBUS DAY STREET PARADE

Italians Observe Discovery of America; Banks Closed; Ball Tonight

Columbus Day was more widely observed in this city this year than it has been for some time. Italians in this city held the first annual observance of the discovery of this country in 1492, by having a street parade this afternoon to be followed by a concert this evening.

Promptly at 3 o'clock the uniformed men led by the Italian Republican Band of Steelton, and the Verdi Band of this city, marched over the following route: Second and Washington streets to Front, to Market, to Fifth, countermarch to Fourth, to Sixth, to Reily, to Third, to State, to Front, to Market, to Market Square and then were dismissed. Several hundred were in line. Joseph Patriola was the chief marshal of the parade. M. Calzarazi, leader, and C. Calzarazi, manager of the bands made the arrangements for their part of the program.

Banks in this city were closed for the holiday, but no special program

was given in any of the city schools which were not closed. Harrisburg Council, 869, Knights of Columbus, have planned an elaborate dress ball to be given in the hall in North street. The Sons of Italy will give a reception in Steelton to-night for the benefit of the Italian Red Cross.

## FOUNDRYMEN GET MORE PROTECTION

Latest State Code Takes Good Care of the Workers in Such Establishments Now

Announcement was made to-day by the State Industrial Board that the new foundry regulations which provide a code for safety and sanitation in foundries will take effect on November 1, having been approved by the board after being drafted by a committee representing the State, leading foundrymen and representatives of the workers. The regulations which will affect thousands of workers embody a number of features from other States, but most of them

have been based on Pennsylvania conditions. Women working in core rooms are not to be allowed to make or handle cores weighing over fifteen pounds or to handle material heated beyond 110 degrees.

Wash rooms, locker rooms, improved sanitation, ventilation and protection are included in the code, while covered vestibules are required from November 1 to April 1, facilities provided for drying clothing and care taken to prevent cold drafts. Mechanical ventilation is required in establishments where smoke, steam, gas or dust are not carried off by natural means, while cleaning and chipping must be done separately or in protected spaces. Main gangways are to be not less than 5 feet wide and truck ladle gangways 4 feet and every gangway and entry must be kept free from obstructions or dampness.

The number of employees is to govern washroom equipment.

## Date For Reopening of Panama Canal in Doubt

Afterward addresses and speeches were made. The Rev. Harvey Klaier, the principal speaker, delivered an address on "The Unchurched Man."

By Associated Press

New York, Oct. 12.—Shipping interests here were not greatly surprised to-day by the announcement from Panama that Major-General George W. Goethals had withdrawn the tentative date, November 1, which had been set for the reopening of the Panama canal following the great slide of September 26. Many New York steamship companies already had made arrangements to have their steamers, which have been held up by the closing the canal, proceed to their destinations by way of the Straits of Magellan. This increases the time between the Atlantic and Pacific coast by eighteen to fifty days.

It was stated to-day that in all 111 vessels have been delayed by the closing of the canal and the loss to each was estimated at \$1,500 a day.

## A Piano of Acknowledged Prestige and Merit For \$285

It used to be said that this was impossible. The proof that it IS possible is in the Marshall & Wendell pianos, priced at \$285 and upwards, now sold here. It is probably the only piano sold in the city for \$285, whose prestige and merit have been established and acknowledged for 79 years.

And you can buy a Marshall & Wendell piano, with its name, reputation and quality, at the low price of \$285, only because THIS STORE has the buying and selling power to contract for one hundred and fifty of these pianos yearly. Otherwise, the price would be \$325 to \$350.

We invite everyone interested in pianos to call and become familiar with the tone, design of case and general merits of these Marshall & Wendell pianos at \$285.
