

It was your money that dug the big ditch at Panama.

You gave \$4, your wife gave \$4, your baby gave \$4.

Four dollars is what every man and woman and child in the United States contributed to the construction of the great waterway that unites the Atlantic and Pacific, and will make over the commercial map of

When the "ghost walked" on pay days, 1,600 pounds of gold and 24 tons of silver were paid out.

It was honestly spent, too, and you got more than a hundred cents' worth for every dollar you paid out.

By unheard-of efficiency in excavating, enough savings were realized to make Uncle Sam a present of the canal terminals.

By merely shaking out the empty cement bags, \$50,000 a month was saved.

Must be Americanized

New York, Oct. 13.—"The foreignborn population of this country must
be an Americanized population. No
other kind can fight the battles of
America, either in war or in peace."

Colonel Theodore Roosevelt so asserted in a speech on "Americanism"
before the Knights of Columbus at
Carnegie Hall last night. The Colonel
said that at the outset it was the duty
of immigrants to learn English and it
was the duty of America to provide
them means to learn the language.

"If an immigrant is not fit to become a citizen he should not be allowed to come here," said the Colonel.
"If he is fit he should be given all

Escape in Aeroplane

New York, Oct. 13.—For the first time in his life Rear Admiral Robert E. Peary entered an aeroplane yesterday and started toward the skies over Long Beach, Long Island. For the first time the engines of the Curtis smachine in which the discoverer of the North Pole was seated, broken of an inlet and was towed to shore.

"It was great," he announced on landing from his impromptu quarter deck. "I did not know the engine had broken down till we had lit, and the pilot told me. I thought the volplaning was simply a part of the program. It was a wonderful experience."

NEWS OF THE RAILROADS CHEAP FARE FOR **DOGS WITH CHAIN**

Can Be Checked as Baggage When Crated; Hunters Make Inquiries

Hunting dogs will not be carried free on Pennsylvania Railroad passenger trains. This information came to-day from the local baggage department. With the opening of the hunt-ing season on Friday, many inquirles have been made regarding dogs.

There are two ways dogs will be cared for. If they are attached to a chain, baggagemen on trains will handle the canines. The rate will be one-quarter cent per mile. Dogs will also be checked as baggage if crated. The weight limit in this case will be

The weight limit in this case with 100 pounds.

Hunters say they find the first plan the best. There is very little delay in placing the dogs in charge of baggagemen, and the charge is small. While the rate would mean 10 and 15 cents per dog in many cases, the average price paid for dogs is 25 cents per head. This fee goes to the baggagemen.
