DOG CALLS OWN EXECUTION

Telephone Is Upset and Police Are Hurried to Scene
Special to The Telegraph
Danville, Ill., Oct. 14.—A dog afflicted with rabies indirectly called the police department and thus brought about its own destruction. Before it was killed it overturned much of the furniture at the home of Louis Smith, its owner, and badly scared the servant.
In its rampage it upset a desk on which the telephone rested, and as the receiver fell from the hook central asked for the number. The operator heard the howling of the dog and believing that something was wrong called the police department.

FORD'S PROFITS ARE \$27,000,000

Company's Earnings in Ten Months Shown by Retiring Official of Company

Special to The Telegraph
Detroit, Mich., Oct. 14.—Reorganization of the Ford Motor Company, made necessary by the withdrawal of James Couzens, vice-president, general manager and treasurer, after his row with Henry Ford over the latter's peace and preparedness views, was effected yesterday. Mr. Couzens, in retiring, submitted his financial statement, which shows that the company has more than \$44,000,000 cash and has cleared profits of more than \$27,000,000 in the last ten months.
Frank L. Klingensmith, secretary of the company, and who, ten years ago, was working in Detroit as a clerk for \$12 a week, succeeds Mr. Couzens as secretary. His successor as secretary is Edsel B. Ford, son of Henry Ford, who only recently became of age.
The annual financial statement of the company, approved by the directors, shows figures that stagger the imagination. Total assets are given as nearly \$89,000,000 and cash on hand as \$44,000,000. The statement covered ten months, from October 1, 1914, to July 31, 1915, the latter being the time from which the Ford fiscal year will now date.
Mr. Couzens retains his stock in the company and remains as a director. His financial interest in the company is not for sale.

Lord Reading Gets Place on Supreme Court Bench

Special to The Telegraph
Washington, D. C., Oct. 14.—Lord Reading, Chief Justice of England, said in the Supreme Court yesterday for more than an hour at the court of Chief Justice White while counsel were arguing a case involving the power of the Commissioner of Immigration at New York to exclude two Russians on the ground that there was a lack of employment on the Pacific coast, to which point the men were destined, and that they were likely to become charges on the Federal Government.
It was the third time in United States history that a presiding jurist of the High Court of England has occupied a seat on the Supreme Court bench by courtesy of the Chief Justice.

WILSON APPROVES GARRISON'S PLAN

Congress Will Hear of Arrangements to Increase U. S. Army

DETAILS NOT ANNOUNCED

Total Appropriation For Defense of Country Estimated at \$432,000,000

By Associated Press
Washington, D. C., Oct. 14.—President Wilson to-day approved Secretary Garrison's plan for increasing the army. It calls for an annual expenditure of \$184,000,000, an increase of approximately \$75,000,000. The plan in its approved form will be presented to Congress with the full backing of the administration.
Much of the increased appropriation would be devoted to coast defenses and a substantial increase in the field artillery. Details as to increases in the personnel of the army have not yet been made public.
If the navy, which will ask for an increase of \$100,000,000, carries through its plan making the total naval appropriation \$248,000,000, the appropriations for national defense, including the army, \$184,000,000, would total \$432,000,000. It is probable, however, that in final form the appropriations will not exceed \$400,000,000.

By Associated Press
New York, Oct. 14.—George F. Stackpole, the 71-year-old lawyer who has made a remarkable fight against an attack of anthrax during the past six days, was to-day reported by his physician as showing continued improvement. Mr. Stackpole is not entirely out of danger, however, for the considerable amount of poison in his system has greatly weakened his heart action and stimulants have been necessary for the past forty-eight hours.
When Mr. Stackpole awoke to-day he immediately asked for the details of the world's series baseball game and then remarked that he had not "made a home run yet."

Great Britain Uneasy Because of Situation

By Associated Press
London, Oct. 14, 12:15 p. m.—Increasing uneasiness is felt in London at the absence of definite news concerning the concerted allied action in the Balkans. This feeling is intensified by news of the dispute in the French Chamber of Deputies in regard to the Balkan danger, by Italy's persistent silence regarding participation in the expedition and by uncertainty concerning the British program.
Opinion here is divided to some extent as to the advisability of taking part in the Balkan conflict. The general opinion is that Great Britain is morally bound to assist Serbia if this can be done without a dangerous attenuation of the main front, where it is felt the war will finally be decided, notwithstanding the Balkan diversion.
