

# IMPORTANT FOOTBALL GAMES ON SATURDAY SCHEDULE---LOCAL SHOOTER WINS

## NEW PLAYERS IN LOCAL LINE-UPS

Tech Plays Williamsport on Island Field; Central Journeys to Steelton

With Central playing at Steelton and Tech entertaining the Williamsport high champion at Island Park to-morrow, local football enthusiasts are promised rare sport. Notwithstanding that Steelton has not shown anything extraordinary in form this season, few are of the opinion that Central will have an easy victory. The game will be played on Cottage Hill field, Steelton.

Winn will not be in the Central line-up. He has been dropped because of the four-year rule. Moore will take his place. Martz has been shifted to left tackle and Marcus will play right tackle. At a mass meeting held yesterday, Paris Rapp and Austa Free were selected as cheer leaders. Songs were practiced this afternoon. Central rooters will go by special cars to Steelton.

Tech's Strongest Line-up

Tech High will have its strongest line-up of the season in the game to-morrow against Williamsport high school, champions of Northern Pennsylvania. Included among the veterans will be Captain Miller, who will begin the game at left tackle. Fitzpatrick will play his first game of the season at left guard and McKay

will hold down left tackle, while Britsch will be placed at right half-back. Besides these veterans who have been ineligible up to this time, Harris and Philippelli, who have been members of the Tech team for two seasons, and Snyder, who took part in several contests at center last year, will help to balance the green material on the maroon team.

Williamsport High and Tech played each other to a standstill at Williamsport last season, neither team being able to score. Two years ago, the Tech boys scored an 11 to 6 victory on the island. Last Saturday the Williamsport team won from Clearfield High by a 42 to 0 score.

Faculty Director Grubb has secured the services of Sylvester Pautxits to referee the game. He is a member of Central Board of Officials, and is at present coaching the Conway Hall eleven.

## RED SOX BALK ON WESTERN PLAN

Commission May Order Players to Make Trip; Terms Unsatisfactory

Philadelphia, Pa., Oct. 15.—The final details of the world's series were wound up yesterday when the players of the victorious Red Sox and the defeated Phillies received their shares of the receipts of the first four games.

The Phillies met at the ball park to vote on the trip. The terms offered by Robert McRoy, secretary of the National Commission, were satisfactory to the Phillies, and all save a few of Moran's men agreed to make the trip. Secretary McRoy then called up Manager Bill Carrigan, of the Boston team on the long distance phone, and was informed that the world's champions had balked at the trip and would not go unless they were guaranteed a certain sum of money.

If the players refuse to make the trip under the direction of the National Commission and try to arrange a trip on their own account, it is just possible that the National Commission will call everything off and withhold permission to the teams to play on the coast. The members of the Phillies argued all afternoon yesterday over the trip, and were greatly disappointed, after agreeing to accept the terms to learn that the Boston players had rejected them.

## Pitcher Owns Ball Until Man Behind Bat Gets It

Newark, N. J., Oct. 15.—Calvin McClelland, professor of possession in law at the New Jersey Law School, answered yesterday a question of possession upon which for a week some of the brightest minds in New Jersey have been concentrated, even to the exclusion of the world's series.

The question was: Who is in possession of a baseball after it has left the hand of the pitcher and is on its way toward the batter? The answer given by Professor McClelland follows:  
"Possession is manifested and control over an object and present intention to exclude others from it. The pitcher has manifested control because, when he throws the ball, it is his intention to exclude it from the batter. Therefore, the ball is in the possession of the pitcher until the catcher gets his hands on it."

## Forget Injuries When He Found Deer Dead

Mays Landing, N. J., Oct. 15.—John Cazza of East Vineland went hunting yesterday. By and by two deer appeared at distance.

Cazza climbed a small pine tree and braced himself. When the deer were within gunshot he fired. But both barrels went off at once and the recoil knocked him out of the tree. As he struck the ground the gunstock hit him under the left eye, cutting a deep gash. His left arm was badly bruised by the gun's "kick."

## Convicts Are Set Free to Murder Armenians

New York, Oct. 15.—Further evidence of the atrocities inflicted by the Turks upon the Armenians has been given out here by the American Commission on Armenian Atrocities, in the form of a letter received from an American professor in one of the American colleges in Turkey.

"Every one," the committee explains, "familiar with the temper and spirit of Turkey at the present time will readily understand why his name and more particulars as to the places cannot be given to the public now."

The writer says that during the last week in April the professor at his college was arrested and imprisoned with 25 other prominent Armenians. Later he was taken to Sivas, where he died. On June 26 many of the prominent men of the city, including Professors Hagopian and Manadjanian, were taken to the soldier's barracks until the total numbered 1215.
