### Youth's Tale Leads to Arrest of Father and His Housekeeper

Charged with bigamy, perjury and furnishing liquor to minors Henry T. Kipple and Ellen Gabourne alias Cooper, were arrested Saturday evening and locked up by Constable John Diehl. The arrest was made in accordance with District Attorney Michael E. Stroup's orders following the sensational expose of the relations existing

between Kipple and Mrs. Cooper by 17-year-old Charles Kipple, the son of Henry. The youthful Kipple told his story in juvenile court Friday when his father, district attorney and court officers were at a loss to explain his presence in court. Even Kipple, the father and prosecutor, was silent when the court asked as to the charges. The boy then naively declared that he "guessed he'd been pinched by his father because he knew his dad wasn't married to the woman he was living with."

Investigation developed that both Kipple and Mrs. Cooper had not only never been divorced but they swore to statements to the contrary when they obtained a license to marry on September 3. Furthermore, it was discovered that the pair had been furnishing liquor to minors.

The pair will be heard to-morrow afternoon before Alderman Landis.

### MELBA

In all grand opera there is one selection which is carefully avoided by those singers who fear the extent of their ability to reach its heights. This particular piece no singer living has been able to present perfectly, no singer save one, that one, Madame Melba. She will offer on her program at the Orpheum Theater, Monday evening, the 25th of October, the "Mad Scene from Hamlet," as arranged by Ambrose Thomas. This shows the range of emotion experienced by Ophelia as her sanity slowly disappears and she becomes a raving, senseless being. No scene in Shakespeare is said to tax the ability of the actress as much as this one.—Advertisement.

# Resinol Soap

## clears bad complexions

If you want a clear, fresh, glowing complexion, use Resinol Soap at least once a day. Work a warm, creamy lather of it well into the pores, then rinse the face with plenty of cold water.

It does not take many days of such regular care with Resinol Soap to show an improvement, because the Resinol medication soothes and refreshes the skin, while the pure soap, free of alkali, is cleansing it.

When the skin is in a very neglected condition, with pimples, blackheads, redness or roughness, spread just a little Resinol Ointment for ten or fifteen minutes before using Resinol Soap.

Resinol Soap is not artificially colored, its rich brown being entirely due to the Resinol medication it contains. Twenty-five cents at all druggists and dealers in toilet goods. For a trial size cake, write to Dept. 4-P, Resinol, Baltimore, Md.
