What Is Your Blood Pressure?

The age of the 40s is a critical period in every person's life. And one of the most common things that make it critical is increased "blood pressure" with its accompanying "hardening of the arteries."

Scientists have fully proven that increased blood pressure is caused by poisonous deposits in the delicate tissues of the arteries. One of the chief agents in this process is coffee, with its poisonous drug, caffeine.

"A man is as old as his arteries," life insurance companies say, and the Blood Pressure Test is one of the principal factors nowadays in determining a "risk." How do you stand?

If there is any doubt about coffee's hurting—if you have frequent headaches, biliousness, sleeplessness, nervousness, or heart flutter—try a 10 days' change to

Instant Postum the pure food-drink

Made of prime wheat roasted with a bit of wholesome molasses, Instant Postum contains no caffeine, no cumulative, harmful drug, nothing but the good food values of the cereal.

Postum comes in two forms: The original Postum Cereal—must be well boiled and Instant Postum—the soluble form, made in the cup instantly.

One of the first steps away from increased Blood Pressure in coffee drinkers is POSTUM.

From the daylight into the daylight!

THOSE who step each morning into the Sterling Factory do not exchange the daylight of the open streets for the musty gloom of some dark corner. They come into kitchens flooded with light—kitchens as sunny as modern construction can make them. From this clean, bright home Sterling comes to you—a pure, finely-flavored confection. This thought, no doubt, will reassure you in looking for the 7th point of Sterling excellence.

BRIGHTER CHILDREN

Children are probably brighter to-day than a generation ago—but are they stronger? That's a grave question. So many pinched faces, dulled eyes and languid feelings make us wonder if they will ever grow into robust, healthy men and women. If your children catch colds easily, are tired when rising, lack healthy color, or find studies difficult, give them Scott's Emulsion for one month to enrich their blood and restore the body-forces to healthy action. Scott's Emulsion is used in private schools. It is not a "patent medicine", simply a highly concentrated oil-food, without alcohol or harmful drugs. It cannot harm; it improves blood; it benefits lungs and strengthens the system. Your druggist has it—refuse substitutes. Scott & Bowne, Bloomfield, N. J. 15-2
