DEPARTING ALIENS ESTABLISH NEW RECORDS FOR U. S. PORTS

Washington, D. C., Oct. 20.—More aliens departed from the United States in August than arrived, the number departing being greater than in any month, except last December, since the European war began. Latest statistics of the Bureau of Immigration, issued to-day, show 29,293 emigrant and 12,444 non-emigrant aliens departed, making a total of 41,737, while 21,949 immigrant and 5,454 nonimmigrants arrived, a total of 27,413.

OPPOSE ALLIES OPERATIONS

London, Oct. 20, 10.50 a. m.—Advices from Athens indicate that Turkey and Bulgaria are undertaking energetic measures to oppose the land and sea operations of the entente allies in the Balkans.

TEST THE RAPID HEALING WORK OF POSLAM

It is wonderful to see how greatly a small quantity of Poslam and a few applications will benefit diseased, eruptive skin. Often after brief treatment the improvement is startling. Poslam works quickly upon Eczema, Acne and stubborn itching skin troubles. Itching is allayed, pimples are reduced, Scap Scale, Chafing Feet, Rash, Inflamed Complexions, all are easily subject to its soothing influence. As to soaps, you should know that Poslam Soap, medicated with Poslam, is unsurpassed in richness and those qualities which make for skin health. For samples, send 4c stamps to Emergency Laboratories, 32 West 25th St., New York City. Sold by all Druggists.

FULL CREW CASES TO BE THRESHED

Public Service Commission Will Assemble all Filed on Subject For Discussion

The Public Service Commission is planning to clear its docket of all complaints charging violation of the full crew law at its meeting on Thursday, November 4. Most of the complaints have been informal and some date back months. Five complaints are listed, covering various phases of the full crew law, and some of them referring to matters which will be threshed out at the hearing. The railroads mentioned are the Pennsylvania, Cumberland Valley, Central of New Jersey and Pittsburgh and Lake Erie. H. M. Fritz, legislative representative of the Brotherhood of Railway Trainmen, of Waynesboro, complained that the Cumberland Valley Railroad Company was operating trains between Waynesboro and Chambersburg with a less number of men than required by the full crew law. In the case against the Central Railroad Company of New Jersey, the allegation was made that train No. 24, between Scranton and Bethlehem Junction, was operated with a short crew. The president of the brotherhood charged that the New York, Chicago & St. Louis Railroad Company was operating one train each way between

Buffalo and Chicago without a baggage-master.

The same official complained that train No. 8 of the Pennsylvania railroad from Tyrone was operated without a brakeman.

The companies in each instance denied any violation of the full crew law. **Big Payment Made.**—County Treasurer Arthur H. Bailey today paid the State Treasurer \$2,700 representing hunters license revenue from Deaumont county. It is the largest payment to be made this season for this purpose by a treasurer.

Lykens Increase.—The Lykens Valley Light and Heat Company, which has offices in Philadelphia, has filed notice at the Capitol of increase of stock from \$47,000 to \$600,000 and of bonds from \$100,000 to \$1,100,000. The Pine Hill Coal Company, Scranton, filed notice of increase of its debt from \$54,000 to \$500,000.

Emerson to Attend.—State Commissioner of Health Dixon today detailed C. A. Emerson, acting chief engineer, to represent the State Department of Health at the American Water Works convention at Atlantic City.

Complaint Filed.—G. R. Hurd today filed complaint against the station facilities of the New York and Pennsylvania railroad at Genesee. The Public Service Commission will likely give a hearing in the case.

Ferry Gets Paid.—Two districts of Perry county were sent checks for school appropriations by State Treasurer Young today. They were Juniata \$1,239.93 and Saville \$2,118.62.

Dr. Schaeffer Out Again.—State Superintendent N. C. Schaeffer, who has been ill, is about again. He spoke at Reading today.

Representative Here.—Representative E. E. Jones, of Susquehanna, was at the Capitol today.

Leach Appointed.—William A. Leach, of the Fourth ward, this city, has been appointed to a place in the Department of Labor and Industry.

To Discuss System.—The State Economy and Efficiency Commission, composed of the Governor, Attorney General and Auditor General, will meet to-day to discuss the scope of the survey of the State government to be made by Harry S. McDevitt, the counsel. Mr. McDevitt has opened offices for the commission in the legislative wing of the building and will make inquiries of every department. The survey will take months.

Oleo Arrests.—Twenty-seven arrests for violation of the oleo and egg laws have been made in Philadelphia, Lehigh and Cambria counties by agents of the State Dairy and Food Commissioner. The agents of the division are keeping close watch on the sales of oleo. Thus far about 2,500,000 gallons for the sale of oleo have been issued. **Board Next Tuesday.**—The meeting

Here's New Vigor For Overworked Stomachs

Hundreds of the best druggists who have been in the drug business long enough to have their own opinion of the best way of selling medicines say the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest they ever heard of. The Mi-o-na people don't believe that a medicine ought to be paid for unless it does the user some good. And so Mi-o-na is always sold under a positive guarantee to relieve dyspepsia and refund the money. You simply leave 50 cents on deposit with your druggist and if, after you have used the Mi-o-na, you decide that it has done you no good, all you have to do is to tell him so and he will refund your money. Hundreds of people can tell how they have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na, and continued use will soon give the power to eat most anything at any time and not suffer distress afterward. "Mi-o-na is sold under a positive guarantee to refund the money if it does not stop all stomach distress. This is the strongest proof that can be offered as to the merit of the medicine. Nothing less than a man's success in his work or a woman's fascinating personality more than a weak stomach, with its attending evils, the Mi-o-na and see how much more there is in life. Get it from H. C. Kennedy or any leading druggist in this vicinity.—Advertisement.

We're on the Crest of a Wave of Prosperity

This "Live Store" has been enjoying its full share of increased business—in fact the greatest in our history. Business is good here. Better by far than our most enthusiastic expectations. We hold no patent on our methods; we have no secret way of doing business - - - we simply give the people what they want at honest prices - - - impartial treatment to all.

No man can stand still. He must either go forward or backward. We have the double forward move in this fast growing store ---your personal appearance either helps or hinders your progress. However you may feel, yourself, to others you are only as you look---only as prosperous as you appear.

If you are a "live one," look it. Look like ready money and you'll feel like it, and the money will come. For nothing succeeds like success.

TO COMPETE WITH FEDERAL YARDS

[Continued From First Page.] said the Secretary, "and unless this investment is utilized for new construction much of it is wasted. If the government is prepared to construct naval craft, private shipbuilding companies desiring contracts must compete with government yards. This tends to secure competitive prices and prevent combinations between private corporations to charge higher prices than conditions justify. "Not only must the yards be able to build ships but, naval establishments should be equipped to manufacture a portion of all munitions of war."

Big Saving Noted

In this connection, Mr. Daniels pointed out that the government paid 80 cents a pound to a private manufacturer a few years ago for making powder, but the navy now is making it at a cost of about 25 cents a pound. Torpedoes and mines, he said, also were being manufactured by the

UPPER END WILL GIVE BIG REPUBLICAN VOTE

[Continued From First Page.] he added, "Do not understand me to advocate any monopoly by the government in the manufacture of munitions. There are many things we can buy from private manufacturers at a reasonable price. The navy, however, should be free to make a large part of its own munitions, if private concerns charge excessive prices as has sometimes been the case when the government is shut up to buy from only two or three manufacturers. "It has been ascertained by a special commission that the navy with a modern plant, can manufacture armor plate from \$230 to \$260 as against the noncompetitive prices of \$425 to \$486 a ton charged in the last contract. Experience in Europe teaches that the navy should no longer rely upon private manufacturers for projectiles. "And if Congress approves, we will erect a large factory which will turn out a large product of 14-inch armor-piercing shells as well as smaller projectiles. This will insure better shells and better competition."

Five Year Naval Program Will Cost \$502,482,214

Washington, D. C., Oct. 20.—Secretary Daniels last night announced the details of the national defense program for the navy. It embraces the expenditure of \$502,482,214 during the next five years for construction of new vessels for the navy, aviation and reserve of munitions. As this will be in addition to the annual appropriation of \$100,000,000 a year necessary for the upkeep of the navy, and aggregating \$500,000,000 in the next five years, exclusive of new construction, it is apparent that the plans of the administration call for an expenditure of more than \$1,000,000,000 on the navy during the next five years, or an average of more than \$200,000,000 for each annual naval appropriation bill from 1917 to 1921.

KEEP U BOATS UNDER WATER 2 MONTHS

[Continued From First Page.] remain there for more than a week and speed back to this country without showing more than their periscopes. Colonel Demming is optimistic concerning the formula. "I have worked on ingredients for neutralizing the deadly chlorine and carbonic acid gases for the last twelve years and I believe I have discovered it at last," Colonel Demming said this morning. **Hold Tests To-day.** The tests will be conducted late this afternoon in Colonel Demming's laboratory in the presence of the naval officers, a few newspapermen and close friends of Colonel Demming. The formula for purifying the air in submarines, Colonel Demming said, is composed of marvelously cheap ingredients. It would cost less than \$10 a month per submarine and would effectively overcome the deadly chlorine gas which is created by the friction of machinery and the salt water which oozes through the steel hull. When told that he had a Philadelphia inventor's invention beaten sixty different ways, Colonel Demming said: "Sure, I know that. When I found I was nearing perfection with my experiment, I wrote to Edison, a close friend of mine, and told him that I had made a wonderful discovery. Edison hasn't even replied," said the colonel with a grin.

Big Mass Meetings

The mass meetings at Elizabethtown and Berksburg last night were very well attended. At the former town Squire Isalah Daniels presided. The Star theater was crowded and the following made addresses: James E. Lentz, for recorder; F. B. Snavely and Fernando Lautermilch, for poor director; Michael E. Stroup, for district attorney; Dr. Henry M. Stine, for county commissioner; Henry W. Gough, for controller; Charles E. Pass and Frank E. Wickersham. At Berksburg the meeting was in the open air and Squire Morris Daniels presided. Speeches were made by Mark Mumma, candidate for county treasurer; H. W. Gough, Jan. E. Lentz, F. B. Snavely, M. E. Stroup and Senator E. E. Beldeman.

UPPER END WILL GIVE BIG REPUBLICAN VOTE

[Continued From First Page.] the ticket. There is no dissatisfaction anywhere and the outlook is for a swooping Republican victory. "There are several reasons for this. First, not to attempt any undue credit for myself, I believe the ticket as a whole is composed of strong, honest men who are the choice of the voters themselves. The voters nominated the candidates by big majorities and they are with them and are standing behind them. Secondly, the upper end people are contented with their representation, having two resident and one former resident on the ticket. The city has its quota of candidates and that old-time stronghold of Republicanism, the lower end, embracing Steelton, Middletown and the country to the east, is well represented. Altogether things are looking brighter every day for the whole ticket, and I say this after making a careful canvass of the county."
