**Number Two.**  
A JOINT RESOLUTION  
Proposing an amendment to section eight of article nine of the Constitution of Pennsylvania.

Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, that the following is proposed as an amendment to the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:

Amend section eight, article nine of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality, or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof, as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed val-

uation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon the assessed value of the taxable property therein, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of wharves and docks, or for the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt or debts, and the annual installments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking-fund for their cancellation, shall be established and maintained," so that it shall read as follows:

Section 8. The debt of any county, city, borough, township, school district, or other municipality, or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof, as shall be provided by law; but any city, the debt of which now exceeds eight hundred and seventy-four, exceeded seven per centum of such assessed valuation, and has not since been reduced to less than such per centum, may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation. The city of Philadelphia, upon the conditions hereinafter set forth, may increase its indebtedness to the extent of three per centum in excess of seven per centum upon the assessed valuation for the specific purpose of providing for all or any of the following purposes, to wit: For the construction and improvement of wharves and docks and for the reclamation of land to be used in the construction of wharves and docks, owned or to be owned by said city.

Such increase, however, shall only be made with the assent of the electors thereof at a public election, to be held in such manner as shall be provided by law. In ascertaining the borrowing capacity of said city of Philadelphia, at any time, there shall be excluded from the calculation a credit, where the work resulting from any previous expenditure shall be yielding to said city an annual current net revenue; the amount of which credit shall be ascertained by capitalizing the annual net revenue during the year immediately preceding the time of such ascertainment. Such capitalization shall be accomplished by ascertaining the principal amount which would yield such annual, current net revenue, at the average rate of interest, and sinking-fund charges payable upon the indebtedness incurred by said city for such purpose, up to the time of such ascertainment. The method of determining such amount, so to be excluded or allowed as a credit, may be prescribed by the General Assembly.

In incurring indebtedness, for any one, or more of said purposes of construction, improvement, or reclamation, the city of Philadelphia may issue its obligations maturing not later than fifty years from the date thereof, with provision for a sinking-fund sufficient to retire said obligation at maturity, the payments to such sinking-fund to be in equal or graded annual installments. Such obligations may be in an amount sufficient to provide for and may include the amount of the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred, and said city shall not be required to levy a tax to pay said interest and sinking-fund charges for the expiration of said period of one year after the completion of such work.
