# Selfishness: A Tragedy

HIS old world would be visited to-day by stagnation and decay had the great gifts of Science never been given; or the enlightening works of Shakespeare remained in a sealed vault, forever untouched-or had the rose a darkened cellar only wherein to grow.

But to unselfish minds the world owes Progress, and to unselfish hearts its people enjoy enlightenment and happiness.

In return for fresh air and sunshine, the rose gives beauty and inspiration; the farmer gives fertilizer to the soil and the soil yields abundance.

We give and receive proportionately.

We can help ourselves only by helping others. We can help our business only by helping Harrisburg.

A fresher store, a brighter store and a more helpful store will give our citizens greater convenience and comfort in shopping. Added patronage is the answering note.

Loyalty, respect and earnest endeavor on the part of employes is the reaction of given opportunities, short hours and good environment.

### EXPLAINS REFORESTATION

How Americans' carelessness, if th ffense be merely offense be merely carelessness, results in "burning up millions" in one direction alone, was told last night to the Alricks Association at its monthly social meeting by George H. Wirt, chief of the State Forest Protection Bureau, Using lantern slides to bring out numerous points, Mr. Wirt gave the Alricks men a general idea of the comprehensive scheme of reforestation and forest protection which is carried or by the State, referring to the impart of the protection which is carried to be state, referring to the impart of the comprehensive scheme of conomics.

Mrs. Samuel Grissinger entertained er bridge club yesterday afternoon a er home, 1412 Derry street.

## **MEAT CAUSE OF** LAME BACK AND KIDNEY TROUBLE

Take a glass of Salts to flush Kidneys if your back is aching.

Noted authority says Uric Acid from meat irritates the Bladder.

Meat forms uric acid, which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your howels reefforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels, removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rhemmatic twinges. The urine is cloudy, full of sediment: the 'channels often get irritated, oblighing you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon julce, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder discases.—Adw
