Academy used the forward pass successfully. The line plunges proved fatal to Cedarcroft. The Academy stars were Roth, Kreider, R. Bennett and W. Bennett while Steinberg and Climber played best for the visitors. Steinberg went out of the game in the second quarter because of a sprained ankle.

The Academy is preparing to defeat Franklin and Marshall next week as they want a clean slate this season. This will be a hard game and if Franklin and Marshall wins they will drop the Academy from their armual schedule.

SCHOOL FOR UMPIRES

Special to The Telegraph
Cincinnati, Oct. 25. — The commendation of Superintendent Condon, of the public schools of this city, that a school for baseball umpires be established in the second industrial school, one class for beginners and the other for advanced pupils, to be in charge of William Hart and William Carpenter, former National League umpires, has been approved by the board of education.

YALE WINS TRAP SHOOT

Special to The Telegraph

Princeton, N. J., Oct. 25.—The intercollegiate trap shooting match held at Princeton this morning was won by Yale with a score of 366 out of a possible 500, the exceedingly strong wind caused poor scores. Princeton and Dartmouth followed in the order named. Lewin and Chisholm, of Yale, were individual high scores each making \$3 out of 100 targets.

C. K. BILLINGS ON UHLAN

This photograph of C. K. Billings on his great trotter Uhlan is the best and most recent picture of the famous animal, perhaps the greatest horse in the world. For some time Mr. Billings has been riding his wonderful horse and he has proved as fine under saddle as he does in harness. Uhlan is a black gelding, eleven years old, by Blonderla-Bingen. He made a one-mile track record of 1.58 October 8, 1912. His one-mile record with a wagon is 2.00. He made a mile on a half-mile track in 2.02%, and he made a mile to pole in 2.03%. He was purchased in 1909 for about \$35,000.

Don't Delay Buying Coal

Take warning from the railroads. They are storing millions of tons of coal along their lines.

It costs them money to store coal and later load it on cars for shipment to other points.

There is a serious scarcity of men in the coal regions coupled with an equally serious shortage of cars. This is the reason the railroads are so anxious to have coal.

In later winter with inexperienced miners there will surely be trouble.

You may look for coal of poorer preparation because of the necessary haste in mining, a scarcity of railroad equipment, etc., etc.

We advise you to fill your bins with a full supply of our high grade SUN-GLO COAL which we purchased during the dull summer months.
