TAYLOR GETS MORE GROUND FOR PARK

Court Approves Condemning of Almshouse Strip—Old Potter's Field

More than an acre and a quarter of additional parkway was officially obtained by the city through the efforts of City Commissioner Harvey Taylor to-day when the Dauphin county court confirmed the report of the board of viewers recommending the condemnation by the municipality of 1.26 acres of almshouse property. The ground includes a strip of the old "Potter's Field." The condemnation proceedings were only formal as the county authorities had agreed to give the strip to Mr. Taylor. Consequently the viewers which included Attorney Paul G. Smith, Earl E. Graeff and H. C. Wright, say the benefits and damages are equalized.

Service Irregular Says Auditor—Because the service of legal papers was declared to be irregular in that the defendant did not live at the residence given, Auditor Harry L. Quicke obtained execution against Isenberg and after his debt was paid and the balance remained, Malehorn Brothers had a claim for part of the sum but according to the auditor the Bogar Lumber Company, another creditor, has the prior claim.

Hull, suggest a bridge 110 feet long to cost about \$1700.

It reached the crossing to stop, witnesses say and crashed into the train. Late Saturday night Jacob H. AFTER YOU ARE FORTY

Forty is the age of greatest effort with most people. Vitality is used up at the most rapid pace. The struggle to secure a competence for old age produces nerve strain, the failure to succeed causes worry, nervous breakdown, neurasthenia.

Middle-aged people find that they cannot run as fast, nor are they as agile as in youth. The internal organs also feel the effect of age. The digestion resents things that it accepts before, the heart palpitates on slight exertion, the muscles of the back ache after a day's work. Your blood is thinner and not so bright a red as formerly.

When these things occur, whether you are fourteen or forty, you need a tonic. Dr. Williams' Pink Pills suit the people's need because they are non-alcoholic and they really build up the blood and strengthen the nerves. Dr. Williams' Pink Pills are useful for growing children and for men and women whose nervous energy has been overdrawn. They are certainly worth a trial in every case of weak nerve and thin blood.
Your druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50 by the Dr. Williams' Medicine Co., Schenectady, N. Y. Write to-day for free booklet on the blood and nerves.—Advertisement.

SPENT A FORTUNE ON TRAVELOGUES

World's Greatest Traveler Will Open at Chestnut St. Hall Wednesday

One hundred and fifty thousand dollars is approximately the amount which Frank R. Roberson, the world's greatest traveler, has spent on the travelogues which he is going to give at the Chestnut Street Auditorium in Harrisburg, commencing next Wednesday evening under the auspices of the Telegraph. And he takes back a large part of the interest on this amount and pays himself a salary as head of a remarkably successful travelogue company almost entirely in dimes.
Mr. Roberson has been traveling for twenty-five years. For twenty-one years he has been capitalizing his travel by presenting travelogues—tours in

picture to the lands he has seen and the place he has been. For the past six years he has been presenting them on a ten-cent basis in conjunction with some of the largest dailies of the country. It is under this latest arrangement that Mr. Roberson comes to Harrisburg and through the medium of the Telegraph will present his screen-tours at a price heard of for high class entertainment.

Cost of Views
One scarcely realizes the amount of money required not only to travel, but to get up a series of travelogues. Mr. Roberson figures that in his travel he has spent \$50,000. In addition to this are the amounts required for photography, coloring and other incidental expenses. The total of it all divided by the number of slides in his repertoire of 42 travelogues gives the cost of each picture he puts on the screen \$4.85.

Slides are only half a travelogue; motion pictures are the other half. And although there is no way to figure accurately how much each foot of film has cost, when one takes his own as Mr. Roberson does, it is figured that motion pictures run almost to the total cost of the colored views.
All of which goes to show the high caliber of attraction which the Telegraph has been fortunate enough to secure for its readers. Roberson is recognized as in the front ranks of his

wanted a copy of the papers sent to him as he wished "to marry again."

That was only one of the many stories that were told to Additional Law Judge S. J. M. McCarrell to-day. Some fifty odd tales were scheduled on the calendar.

The unkindness of Anthony Vlahovic toward his wife Regina when he trailed home at midnight was the cause of Mrs. Vlahovic's sudden departure to her mother. So the wife alleged in seeking divorce on the grounds of "cruel and barbarous treatment." Anthony, she said, came in while she and the baby were sound asleep and had carelessly thrown his arm across her face. She objected to his taking up all the room and when she suggested that he "move over," he roundly cursed her and her mother. When she objected to this she said Anthony struck her.
