DANDRUFF GOES! HAIR GETS THICK, WAVY, BEAUTIFUL

Save your hair! Double its beauty in a few moments. Try this!

Hair stops coming out and every particle of dandruff disappears.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few week's use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow more luxuriant and beautiful.

P. O. S. OF A. TO MEET ANNUALLY

Condemn Delegates' Action in Violating Instructions at Convention

Delegates at the semiannual session of the Dauphin-Southern District convention of the Patriotic Order Sons of America, yesterday, decided to make the meeting an annual one, instead of semiannual, the next session to be held in Dauphin, February 22. This date was fixed as a permanent one for the convention each year. Camp 424, of Dauphin will entertain the visitors next year.

The delegates condemned the action of the eleven men from the State Camp who violated instructions by voting for an increase of the per capita tax at the National Camp session held in Baltimore. The Quilt League having proved a success will be continued another season. Camps who have not entered the league were urged to do so.

J. W. German, delegate from this district to the National convention presented a report of the sessions which was followed by short addresses by other members.

The following committees were appointed: Resolution: J. M. Schaffner, E. Duncan and Harry L. Zorger; Laws: C. E. Bricker, Martin Klein and E. H. Fisher; Credentials: Ed. H. Weigle, J. L. Porter, J. A. McCahan; Appeal: F. Lindsay, R. Behman, George Hohenfeldt; Auditing: J. W. Bricker, Ira Hoover and George Hohenfeldt.

Officers who were elected follow: President: J. S. Peiffer, 716 Harrisburg; vice-president, C. Gallagher, 102 Steelton; master of forms, Marion King, 8 Harrisburg; secretary, Ed. H. Weigle, 8 Harrisburg; treasurer, J. M. Schaffner, 716 Harrisburg; conductor, Robert Kelm, 522, Enhaut; inspector, Russell Behman, 102 Steelton; guard, Lloyd Hartman, 102 Steelton; assistant secretary, Jesse Wells, 716 Harrisburg, and chaplain, Ira Hoover, 505, Highspire.

P. O. S. of A. Notes Camp 522 of Enhaut, Pa., will hold their annual fair during the week of November 22. Camp 8 will hold another class initiation on December 2. Camp 716 will hold a mock trial on the evening of December 6.

McCauley Property, No. 13 South Front St., Sold to Christian W. Lynch

Christian W. Lynch, 211 State street, to-day purchased No. 13 South Front street, the residence of the late Mrs. Sarah E. McCauley, widow of Gilbert H. McCauley. The sale was effected by Edward Bailey and the Harrisburg Trust Company, executors, under Mrs. McCauley's will.

The property is one of the old residences of the city and will be occupied by Mr. Lynch and his family in the near future, it is understood. The property has a frontage of 26 1/2 feet and a depth of 210 feet with a garage in the rear. The price was \$1 and other considerations.

Other real estate transfers recorded to-day include the sale of Nos. 2426 and 2428 Reel street to George A. Herring and Charles M. Myers, respectively, by James C. Thompson. The consideration in each instance was \$1.

MONEY ORDERS STOPPED

Washington, D. C., Oct. 6. — Egypt has suspended money order business with the United States. Notification from the Egyptian post office, which operates independently from the British organization, came to-day without any explanation, and American officials are in the dark as to the cause.

BIG DOINGS IN REAL ESTATE AT HAND

So Predicts Miller Bros' Bulletin; Point Out Crying Need of Hotel

The advisability of forming an association of Harrisburg Real Estate dealers, for their benefit and protection, the crying need of a modern hotel in this city, and a prediction of big accomplishments within the next ten years are only a few of the points brought out in Facts and Figures, a semiannual real estate news publication by Miller Brothers & Company, one of the largest firms in real estate business in Harrisburg.

Prizes for the City Planning Commission and a short account of the development of Bellevue Park were also included.

In speaking of the organization of the dealers in this city, the bulletin claims that much good would be accomplished, and should any action be taken in the near future, every real estate dealer will be urged to support the plan.

Big Things at Hand Big results and improvements during the next ten years are predicted through the State, county, city and school governments together with private enterprises.

That a period of big doings for Harrisburg is close at hand in no mere trite phrase, but in the most realistic and practical sense, is the opinion of the authors of Facts and Figures, a semiannual real estate news publication by Miller Brothers & Company, one of the largest firms in real estate business in Harrisburg.

The present institutions are all well located and it is felt that the new hotel, they will be valuable for many other purposes.

The paving of Market street to Twenty-first street, the construction of the main entrance to Park joining it to Bellevue Park, and the grading of Market street, from Twenty-first street to the city line, by the Chamber of Commerce, are some of the developments and improvements in Bellevue Park. The extension of the present trolley car line, on out Market street for the entire length of the park, was suggested, because of the work done on Market street by the city, and by the State beyond the city line.

nor write and needed assistance in marking their ballots. Percy Moore and George Potter, Secretary of the Dauphin County, were also present to assist when said voters did not make affidavit to the effect that they needed such assistance.

Second precinct, Judge of election, permitting men to receive assistance in voting when they had made no affidavit that they needed assistance.

These arrests are the first of several hundred, Guyer said. All deal with the September primaries.

Guyer said he had been investigating the cases since September 21 and that he had been doing so "without recompense." Mr. Guyer's statement as to his connection with the league, its purposes, etc., follows:

"The Dauphin County Law and Order League, of which I am general secretary, is a body of permanently organized patriotic citizens who regard the constant and widespread violation of election and other laws as a grave scandal and menace to good government.

This organization knows no party. It seeks no partisan advantage. It means to trail the ballot crook and other law violators. Its life is not for a day or a campaign. It will continue until this territory is purged of vice and restored to decency.

"The league purposes to be ready at all times to render what assistance it can to the proper legal officers for the suppression of vice and crime, since the primary it has learned of and taken cognizance of stories of sensational fraud and violation of the primary laws. To run down these stories, sift the evidence and prepare cases has been its work since the primaries.

"The league is as nonpartisan in its aims as it is in its purposes. It welcomes and asks the moral and financial support of all those persons who regard law observance more highly than party loyalty."

WILL INVESTIGATE PITTSBURGH FIRE

Punishment Promised If Negligence Caused Big Catastrophe Yesterday

Pittsburgh, Pa., Oct. 26.—Investigations started last night by city and county officials into the box factory fire yesterday that took the lives of twelve girl employees and one man and caused serious injuries to eight other persons, were resumed to-day. Mayor J. G. Armstrong announced that a sweeping probe of all the circumstances would be made. If there has been any criminal negligence the guilty shall and must be punished," the Mayor said.

Two reports showing that the factory owners had negligently were returned into the Department of Public Safety within the last few months, it was learned. County Fire Marshal Thomas L. Parr said last night that he considered that structure to city officials last June as "a place unfit to the uses to which it was being put."

Houseman W. H. Kuhlman, whose duty it was to inspect the building for the department, said he reported a few months ago that there were insufficient means of exit.

Building Laws Inadequate Officials complained that inadequate building laws and insufficient powers handicapped them in preventing catastrophes of this kind.

At the hospital to-day it was stated that the death of Gertrude Niedt, one of the factory girls who jumped from the third story to the sidewalk, was hourly expected. She sustained many broken bones and severe injuries to her head.

George H. Woods, who also jumped, was another victim said to be in a critical condition. Both legs were broken and physicians feared he sustained internal injuries. The remainder of the injured were reported to be in a satisfactory condition, although it will be weeks before some of them will be able to leave the hospital.

DEMOCRATIC ENDORSEMENT FOR MR. STROUP

[Continued From First Page.]

dering why, if not for purely political reasons, the Patriot does not want a man with such a record as that referred to office. But the Democratic organ did not stop at this.

At that time Mr. Stroup was district attorney and he was the official referred to as driving out the "loan sharks."

And again, on September 25, 1912, the Patriot said in an editorial, again referring to the good work by District Attorney Stroup at that time: "We give our hearty approval to a fair warning that the loan sharks, then by this newspaper and the District Attorney and his assistants will go on as long as the Patriot and the Democratic party in Harrisburg entrapping the poor and unwise by false and seductive advertisements."

Stroup's friends are asking, if he was the Democratic ideal for district attorney in 1912 and 1913 and was so fulsomely praised as a champion of the people's rights, why he is not now the choice of those self-appointed champions of good government for reelection.

VITAL FORCE.

Disease germs are on every hand. They are in the very air we breathe. A system "run down" is a prey for them. One must have vital force to withstand them. Vital force depends on digestion—on whether or not food nourishes—on the quality of blood coursing through the body.

Union City, Pa.—"I was all run down and had to get a medicine to build me up. I had little appetite and lacked strength. I was tired out all the time. My husband brought home a bottle of Golden Medical Discovery and it did me so much good we bought six bottles. I built up fast on it, my strength and appetite came back and I became fatter. It did me lots of good and I have always been glad I took it."

—Mrs. M. E. KNAPP, 7 Concord St.

Dr. Pierce's Golden Medical Discovery strengthens the weak stomach; gives good digestion; enlivens the sluggish liver; feeds the starved nerves. Again full health and strength return. A general upbuilding enables the heart to pump like an engine running in oil. The vital force is once more established to full power.

Year in and year out for nearly fifty years this great health-restoring remedy has been spreading throughout the entire world—because of its ability to make the sick well and the weak strong. Don't despair of being your old self again. Give this vegetable remedy a trial—To-day—Now. You will soon feel "like new again." Sold in liquid or tablet form by Druggists or trial box for 50c by mail. Write Dr. Pierce, Buffalo, N. Y.

The most valuable book for both man and woman is Doctor Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy will be sent to anyone sending three times or thirty cents in stamps, to pay the cost of wrapping and mailing only, to Doctor Pierce, Buffalo, N. Y.

The most widespread disease in the world

The most widespread disease in the world today is that dread affliction of the teeth called pyorrhea. Nine out of every ten grown persons have it to some extent. You may have it and be unaware of it. Why? Because scientists have proved that the cause of this disease is a germ which inhabits every human mouth, and that thousands have this disease and do not realize it until it reaches the advanced stages of bleeding gums and loose teeth.

Accept the advice dentists everywhere are giving and take special precautions in your daily toilet against this disease. To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form of Senreco Tooth Paste.

ROTARIANS VISIT HAMILTON BLDG.

Will Recommend Certain Changes to School Board; More Play Space Needed

Under the new plan of school visitation inaugurated by the Harrisburg Rotary club, Dr. John A. Sherger, and a party of nine invited West End people visited the Hamilton school building this morning. They were much pleased with what they found and as a result certain changes will be recommended to the school board.

Each meeting night six Rotarians are selected to visit schools, each to take with him at least five nonmembers of the club. Dr. Sherger's visit was the first to be made. In his party were Mrs. David Cotterell, Mrs. Sherger, the Rev. Dr. Edwin A. Pyles, the Rev. Harvey Kler, B. B. Drum, Dr. C. Dapp, Adam Houtz, John Bricker, and Dr. Samuel Z. Shope, chairman of the Rotary educational committee. Prof. Jacobs, supervisory principal, escorted the party about and treated them to every courtesy. He turned in an alarm of fire and the drill that followed cleared the three stories of the building of their 600 pupils in seventy seconds.

The visitors looked over the school for defectives and the physicians present were much pleased with what they saw; also with the excellent corps of teachers, the discipline and sanitary nature of the building. The only fault they found, and this will be made subject of a report, is that 250 boys have a play space of only 90 by 90 feet and that the 350 girls have none and must find their recreation on the street. Also it was found that the building has no assembly room. Otherwise the visitors had nothing but praise for what they found and Dr. Sherger will so report to the club.
