

# Tells Her Experience To Benefit Others

### Mrs. Dunlap Sends a Letter Addressed to the Readers of the Paper

A sense of duty to others who might suffer as she had impelled Mrs. R. C. Dunlap, of Dekalb, Mo., to send the following signed statement to the St. Joseph, Mo., News Press:

"The readers of the News-Press, especially those suffering from gallstones, stomach trouble and appendicitis, will find in Fruitola and Traxo a permanent cure. After suffering for three years the most excruciating pain from gallstones I found this wonderful remedy and am now in perfect health and have been for almost four years. Never have any symptoms of the old trouble. I had been told by three doctors that nothing but an operation would save me. I know several who have undergone an operation but still have gallstones. This medicine is an oil which softens the stones and cures the liver. It can be bought at any drug store."

Fruitola is an intestinal lubricant that softens the congested masses, disintegrates the hardened particles that cause so much suffering, and expels the accumulation to the patient's great relief. Traxo is a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Harrisburg they can be obtained at Gorgas, the Druggist, 16 North Third street and P. R. Station.

# LOST LEG WORTH ABOUT \$10,000

### Foreigner Brings Trespass Action Against Junk Dealers

One leg, clipped from his body at the knee, is worth at least \$10,000 to Nicola Estran, according to the action in trespass he filed yesterday afternoon against Williams & Freedman, junk dealers.

No statement has been filed, but the facts, according to Maurice E. Metzger, of the law firm of Wickersham & Metzger, counsel for Nicola, are that the plaintiff was employed by the junk men in the scrap yard. It was his duty to operate the big shears, or "clips" that cut up the old iron. The machine was unprotected, he contends, and he was caught by the wheels and drawn into the knives. And Nicola's good right leg was cut off close to the knee.

Magistrate's Decision All Wrong.—In a brief opinion handed down yesterday afternoon President Judge Kunkel decided that E. Dunkle, secretary of the peace, Lucknow, was without jurisdiction in holding Lewis Stricker under \$100 bail because his wife killed a pair of chickens belonging to Sarah Shultz, a neighbor. Justice also charged Stricker \$150 for the chickens. Attorney Harvey E. Knapp took the case into court in an appeal from the magistrate's decision and was sustained.

### Wants \$3,000 for Lost Thumb.—Suit for \$3,000 damages for the loss of his thumb was filed yesterday afternoon by William Noel against the Edinboro Car Works. He caught his hand in some unguarded machinery, he contends, and the thumb was crushed.

# "Carmen" Will Be Shown at the Regent Friday, Saturday, Monday and Tuesday With Geraldine Farrar, the Famous Operatic Star

Geraldine Farrar, most famous of all women artists of to-day, will make her photodramatic debut in the Lasky Feature Play Company's production, "Carmen," Friday, Saturday, Monday and Tuesday at the Regent.

Recognized as one of the greatest actresses of her generation, Miss Farrar's Carmen as revealed last winter in the Metropolitan Opera House, New York, established the prima donna still higher in the esteem of opera lovers. Her characterization was an absolute revelation of power, skill and subtle delineation. Miss Farrar's Carmen is now imperishable on the screen.—Adv.

# Own This Auto

1916 Maxwell—\$655  
This is a real, powerful, sturdy, beautiful, dependable, full five-passenger automobile. It is completely equipped, including electric starter and lights, demountable rims, high-tension magneto, one-man mohair top, new stream-line design, improved instrument board with all instruments set flush, handsome rounded radiator and hood. You have nothing extra to buy but a license.

# Pay As You Ride—

And this is a plan that I have decided personally to introduce—a "Pay-as-You-Ride" Policy that permits you to complete your actual investment in this "Wonder Car" AFTER YOU PURCHASE—out of your monthly income. Think what this means. You can know all the benefits of an automobile in business—the joys of an automobile for pleasure—yet without adding any burden to your financial affairs.

# My Plan—

Never before in Harrisburg has said a startling "Pay-as-You-Ride" plan been advertised in connection with a nationally-popular automobile like the Maxwell, selling at \$655. But I am offering the Maxwell because it is the car of the lowest first-cost and after-cost—the most economical car to buy and run — the greatest dollar-for-dollar value to be found anywhere. This offer merits consideration. It is sound, sensible, bona-fide. For every man—even of moderate means—it is an exceptional business proposition. Let me give you complete details

### CORN SHOW AT HOGESTOWN

Mechanicsburg, Pa., Oct. 28.—Tomorrow afternoon and evening the 3rd annual corn show will be held in the Hogestown schools. The exhibition will include corn and other cereals, fruit, vegetables, cake, bread and needlework. A program will be given during the evening and refreshments served.

### SHIPMENTS MAY BE STOPPED

San Francisco, Cal., Oct. 28.—Fear that shipments of general cargo by sea from San Francisco may be entirely suspended was expressed today by shipping men, who based their opinion on the fact that the demand for nitrates by eastern powder mills, combined with the closing of the canal, offered indications that ship owners could not afford to overlook.

# BIG CONFERENCE IN NOVEMBER

(Continued From First Page.)

Under the joint auspices of the State governmental department and the Engineers' Society of Pennsylvania, the preliminary announcement issued to-day refers to the widespread popular interest and spirit of cooperation resulting from the conveniences of engineers of the State in 1909 and 1910 and to the industrial conferences in 1912 and 1914, which were arranged by the Engineers' Society. The objects of the conventions were broadened this year to include matters affecting the operations of the industries of the State, particularly along lines of safety and welfare. The object is to bring together the industrial and engineering interests of the State in close contact with these various departments in order that there may be a better mutual appreciation and understanding of what is being done for the safety and welfare of the factory workers, the conservation of the natural resources of the State and the progressive development of the resources for the benefit of the citizens of Pennsylvania.

### Big Men on Program

Governor Martin G. Brumbaugh is expected to make the principal address at the opening of the conference and the same day Highway Commissioner J. P. Cunningham Superintendent of Public Instruction N. C. Schaeffer, Chairman W. D. B. Ainey of the Public Fisheries Commission, Commissioner of Agriculture Charles E. Patton, Frank Hall, deputy chief of mines, will make addresses.

At night Warren H. Manning, of Boston, who holds Harrisburg's park system, will speak on the role of the city of Harrisburg to the Capitol Park Extension.

On the second day Farley Gannett, president of the Engineer's Society; Commissioner John Price Jackson, a former president; R. A. Zentmyer, of the State Water Supply Commission; State Fire Marshal J. L. Baldwin, Superintendent Samuel B. Rambo, of the Department of Public Buildings and Buildings; Irvin C. Williams, deputy forestry commissioner; Secretary J. Kalbus, of the State Game Commission, will speak and that night there will be a general inspection of the industrial exhibit, which will be a big feature.

Thursday morning F. Herbert Snow, chief engineer of the Public Service Commission, will open the meeting and the speakers will include Charles G. McClain on agricultural engineering; Dr. W. T. Hornaday, of New York, on wild life conservation; A. P. Irwin, of Chicago, on co-operation in highway work; N. M. Edwards, of Harrisburg, on stream pollution, and Dr. J. H. Rothrock, the State's first forestry commissioner on what Pennsylvania should do with its waste land.

The exhibit committee has been working energetically to secure exhibits that are appropriate to the convention, and they call attention to the splendid list of the finest industrial concerns in the country that have already been secured. The exhibits in the past have always been something to be very proud of. They have been varied and interesting. They have demonstrated the latest developments in machinery and methods, the safeguarding of the lives and health of the workers.

The Exhibitors Listed  
Bell Telephone Company of Pennsylvania, public service; Pennsylvania Steel Co., steel products; Thompson Electric Co., electrical supplies; E. W. Dugdale, elevator doors; Travelers Insurance Co., accident prevention; American Issue Co., Anti-Saloon League Publication; Telegraph Printing Co., printing and engraving; Keasby & Mattison Co., asbestos products; W. D. E. Gurley, surveying instruments; Shepard Electric Crane & Hoist Co., electric hoists; Reading Specialties Co., steel castings; Norton Co., grinding wheels and machinery; Lewis-Roth Co., electrical supplies; Wm. O. Robinson & Sons Co., oils; Electric Controller & Mfg. Co., controllers; Elliott-Fisher Co., book writers; Burrhett Light & Machine Co., adding machines; Tabulating Machine Co., accounting system; Independent Pneumatic Tool Co., tools; Crane Co., valves and plumbing specialties; American Abrasive Metals Co., grinding machines; Alliance Machine Co., cranes; Department of Labor and Industry, departmental work; The Rail Joint Co., rail joints; Department of Fisheries, departmental work; Hammermill Paper Co., business papers; Keystone Motor Car Co., automobiles; Overland-Harrisburg Co., automobiles; Crispin Motor Car Co., automobiles; Harrisburg Light & Power Co., public service; Forestry Department, departmental work; Keystone Lubricating Co., oils and greases; Philadelphia Electric Co., public service; Westinghouse Electric & Mfg. Co., electrical machinery and safety work; United Gas Improvement Co., public service; New Jersey Zinc Co., Safety and welfare work; General

Electric Co., electrical machines and safety appliances; Pennsylvania Railroad, public service.

The announcement says: "You will note from the above that there are a good many companies that are old friends of ours and that have been with us in a good many of our exhibits. Your attention is called particularly to the Rail Joint Co., Burroughs Adding Machine Co., and the Pennsylvania Steel Co., who have been with us every one of the five exhibits we have had, and there are several of the above exhibitors who have been with us four out of the five, the Shepard Electric Crane and Hoist Co., Norton Co., Electric Controller & Mfg. Co., Crane Co., The Alliance Machine Co., Westinghouse Electric & Mfg. Co., General Electric Co., and the Pennsylvania Railroad."

### NEW MINISTER LIKELY

Paris, Oct. 28, 4:35 A. M.—It is understood that Premier Viviani will retire from his present position in favor of Aristide Briand, former premier, and that M. Viviani will be minister of justice in the reorganized cabinet.

### ROMANCE OF THE R. F. D.

What is said to be one of the longest and loneliest rural mail routes in Mississippi is in charge of Mrs. Carrie D. King, who has been in the service for the past twelve years. As an advertisement for the route, it is stated that the State penitentiary is but one of the thrilling spots that must be passed. The writer would like to take that route with Mrs. King—she would rather take it with Mrs. King—than alone, for evidently she is much superior to any thrill that can be produced by long larking terror on that route, or she would not have traveled that route twelve long years. From Williamsport, Ind., comes the information that Mrs. Anna Hunter has for the last ten years covered a route of twenty-five miles, and she has done splendid work, adds our informant. We believe that, and believe it of every one of these one hundred and fifty or more women carriers. The fact is rather remarkable that most of the letters which come to us tell of women who are on very long routes and have served for many years. Mrs. Louise Middaugh, who are said, has been carrier out of Ames, Neb., for eleven years, her route being a daily

### Cheating Father Time And Other Aids to Beauty

Not so much the big wrinkles, but the little ones are what rob the face of its youthful appearance, and it's to keep old time from putting his bookmark on the complexion that interests most women. Wrinkles and crow's feet can be prevented and, if not too old and big, can be massaged away if only the proper means are employed. A skin cream that will make the skin plump and vigorous and remove quickly all traces and signs of age can be made as follows: Get from your druggist about two ounces of powdered opol; dissolve this in half a pint of hot water and add a tablespoonful of glycerine; massage this freely into the skin and you will soon notice the difference in your appearance.

A hair tonic of unusual worth—simple to use—that will dissolve away every particle of dandruff and will stop itching scalp and falling hair—can be made by mixing half a pint of alcohol with half a pint of water and adding one ounce of beta-quol. If you have any hair faults whatever, just try this and see what a few weeks' treatment will do for you.

With fashions of to-day demanding hairless neck, arms, armpits and other parts of the body, the removal of superfluous hairs has been quite a problem. The electric needle is probably the best method, but this is painful and quite expensive. Pastes and powders and razors only increase the growth. The only safe and sure way to dissolve the hairs; then you kill the hair roots entirely. If you will get a small bottle (an ounce) of Dephaseum, you will find that it will be all you will need of simple sulfo solution from your druggist and apply to the hairs you will find that in a few minutes they will be dissolved away entirely, leaving the skin soft and white.—Advertisement.

HEADQUARTERS FOR SHIRTS SIDES & SIDES

### A PENNSYLVANIA WOMAN TESTIFIES

Dack Hurt—Nervous—Sleepless.  
Cherry Tree, Pa.—"Eight years ago when my little girl was born I came near dying. When I got able to go about, my back hurt so when I would bend over that I would have to take hold of something with my hands to get up. My husband got me two bottles of Dr. Pierce's Favorite Prescription, which I took and got along nicely. I could sit up, and my back did not hurt me. Was so nervous I could not sleep nights; my heart troubled me and my back had sharp, stinging pains when I would lean my head forward. I wrote to Dr. Pierce and was advised to take 'Favorite Prescription.' I used several bottles and now I do all my own work and tend to my garden and flowers. May God bless you is my prayer."—Mrs. ELLIS W. STIFFLER, Route 2, Box 35.

Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

If you are troubled with indigestion, Constipation, Biliousness, Bilious Headaches, and a hundred and one ills which depend upon an inactive liver—use Dr. Pierce's Pleasant Pellets.

### Ask The Merchants For Whom We Work As To Our Ability

NIGHT PRICES—10c, 20c, 30c, and 50c.

### MODERN OPTICAL OFFICES

Eyes Examined and Lenses Ground At Reasonable Price  
When you need glasses don't be satisfied with simply reading a card and testing your own eyes. Have us do the testing. We use only the latest scientific methods. Broken lenses replaced no matter where you bought your glasses. We grind lenses on the premises.  
GOHL OPTICAL CO., 34 North Third Street (Where glasses are made right.)

### Sun-Glo Coal Bought In Summer Time

Our two large coal yards are full of SUN-GLO COAL.  
This coal was bought in the summer time when conditions governing mining, preparation and shipments were at their best.  
No ice, snow and freezing weather to interfere.  
We are advising all our customers to put into their coal bins as much coal as they can.  
There is a serious scarcity of experienced miners in the coal regions. Late winter will find coal of "poorer quality" being sold owing to the labor trouble.  
Let us send you 2000 lbs., 4000 lbs., or as much as you desire?  
United Ice & Coal Co. Forster & Cowden Hummel & Mulberry Third & Boss 15th & Chestnut Also Steelton, Pa.

# Relief for Catarrh Sufferers Now FREE

### You Can Now Treat This Trouble in Your Own Home and Get Relief at Once.

### How the Remedy for Catarrh Was Discovered.

THIS terrible disease has raged unchecked for years simply because symptoms have been treated while the vicious germs that cause the trouble have been left to circulate in the blood, and bring the disease back as fast as local treatments could relieve it.

C. E. Gauss, who experimented for years on a treatment for Catarrh, found that after perfecting a balm that relieved the nose and throat troubles quickly, he could not prevent the trouble beginning all over again. On test cases, he could completely remove all signs of Catarrh from nose and throat, but in a few weeks they were back.

Careful experiments and investigations have shown that as the troubles were expelled from the nose and throat, the real cause of the disease was overlooked and in a short time the Catarrh would return stronger than ever. Mr. Gauss has gone way ahead of the ordinary methods of treatment and has provided a remedy that

### Goes to the Root of Stopped-up noses Constant "frog-in-the-throat" Nasal discharges Sneezing and spitting Snoring at night Bad Breath Frequent colds Difficult breathing Smothering sensation in dreams Sudden fits of sneezing Dry mucus in nose and any of the other symptoms that indicate approaching or present catarrh.

### Removes the Cause of the Nose and Throat and Immediately Gives Relief

Reese Jones, of Scranton, Penn., says that after trying many other treatments, he used this new method and—"My nose is now entirely clear and free and I am not bothered by the disease any more. The New Combined Treatment is worth its weight in gold."  
Temporary relief from catarrh may be obtained in other ways, but the New Combined Treatment must inevitably be accepted for permanent relief.

### Send the Test Treatment FREE

C. E. GAUSS, 7087 Main Street, Marshall, Mich.  
If your New Combined Treatment will relieve my Catarrh and bring me health and good spirits again, I am willing to be shown. So, with no cost or obligation to me, send fully prepaid, the Treatment and Book.

# Thin Folks Who Would Increase Weight

### SIMPLE DIRECTIONS EASY TO FOLLOW

Thin men and women — that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly got enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation are sadly out of gear and need reconstruction.  
If every way you've tried to put on weight has failed try these simple directions. Cut out everything but the meals you are eating now and eat with
