HOW THE CHURCH TAKES CARE OF SOLDIERS' FAMILIES

In England, every grade of society has made its contributions to the great war. Men of birth and privilege are fighting side by side in the trenches with miners, and bricklayers, and men of the humblest class, in a bonnie camaraderie that bespeaks a new social order when the war shall be over.

GIRLS! LOTS OF BEAUTIFUL HAIR

25 cent bottle of "Danderine" makes hair thick, glossy and wavy.

Removes all dandruff, stops itching scalp and falling hair.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itching scalp and it never fails to stop falling hair at once. If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this—Advertisement.

WHY—John H. Eby

OF LYKENS Aspires For Election to the Office of County Commissioner

I have entered this campaign for the sole purpose of placing the County Commissioners' office into the hands of the people. I stand pledged for a just and equitable assessed valuation. As the assessed valuation of the County increases the tax rate MUST decrease. The County Commissioners' office is the business office of the County, whose annual revenues approximate one-half million dollars, collected from the people primarily through taxation and expended directly or indirectly by the County Commissioners. These men should be EXPERIENCED, CAPABLE AND EFFICIENT and whose selection is up to the voters. If you agree with my views and feel that I should continue to represent you on the Board of County Commissioners, I respectfully solicit your influence and support. ELECTION TUESDAY, NOV. 2, 1915

Magazine Editor Tells Children Many Stories

A large crowd of boys and girls, as well as older folks, gathered in the Junior Sunday School room of the Market Square Presbyterian Church last evening to hear Miss Susan Mendenhall speak. At 7 o'clock she had a story telling hour for the children, and told in an interesting manner, "The Well Digger," "Margaret McKeller's Perseverance" and other anecdotes from the lives of John Bryan and Booker T. Washington. Following this she spoke at the Wednesday evening prayer meeting, on the subject, "The Training of the Child," showing that missionary education was a means of character building in the life of child. She concluded this talk with an impressive story, "The Child in Paradise." After this she held a short conference with the officers and teachers of the Junior and Intermediate departments in which she set forth helpful suggestions in training the child along missionary lines and other avenues of service. Miss Mendenhall is a secretary of the Missionary Education Movement, and the editor of "Everyland," an interesting missionary magazine for boys and girls.

WORDS OF CHEER FOR NEW JERSEY A house far away from stagnant water is likely to be safe against mosquitoes. If brush is left, how-

ever, the mosquito can get a rest after his two hundred feet of flight and get to the house. Mosquitoes come from eggs which are always laid in water. About one hundred eggs are laid at a time, and they hatch within two or three days, growing into larvae which remain in the water about ten days.
