

# LEBANON HIGH PROTESTS RATE OF CENTRAL--PLANS FOR FASTEST SPEEDWAY

## GREENSBURG STUDENTS TO TRAVEL IN AUTO TRUCKS

Trip Includes Lincoln Highway Route to Chambersburg; Due in Harrisburg Saturday at Noon

Special to The Telegraph  
Greensburg, Pa., Oct. 29.—Unable to engage a boxcar from the Pennsylvania Railroad Company in which to go to Harrisburg Saturday to attend the Greensburg High-Harrisburg Tech football game, local rooters are figuring on going over the mountains in auto trucks.

On account of the passenger rates on the railroad, the high school boys felt that they could not afford to go that way, no special rate being offered. Then they tried to charter a boxcar. For auto trucks, the boys expect to pay \$5 each for the round trip.

## Ask Reinstatement For Yale Men on Blacklist

Special to The Telegraph  
New Haven, Conn., Oct. 29.—The Yale University Athletic Association has received letters from Harvard and Princeton asking for the reinstatement of Harry Legore, Arthur Milburn and the three other Yale athletes who were disqualified from intercollegiate athletics. Announcement of this fact was made last night by the association in the following statement:

"In answer to inquiries made at the offices of the Yale University Athletic Association in regard to the published reports that Dean Briggs, chairman of the Harvard athletic committee, had sent a letter to Professor Robert N. Corwin requesting that the five Yale undergraduates who recently withdrew from intercollegiate athletics should reinstate their teams, it was said that Chairman Corwin was out of town and that no official statement could be made in his absence.

"It was admitted, however, that letters had been received both from Dean Briggs, of Harvard, and Dean McClenahan, of Princeton, expressing the desire of the players and of the undergraduates generally at both Harvard and Princeton that the five Yale players mentioned might again represent Yale in intercollegiate athletics."

## MUHLENBERG MEN BACK

Special to The Telegraph  
Allentown, Pa., Oct. 29.—All the football players among the dozen Muhlenberg students suspended on Monday on charges of hazing proved alibis at the hearing before the faculty yesterday afternoon, and, in fact, but one student was found guilty of any hazing at all.

This student got a sentence of two weeks off the campus. The charges were dousing several seniors with water, throwing baked potatoes in the refectory and joshing a Bible agent.

## SPEEDWAY HERE WORLD'S FASTEST

Records Likely to Be Broken on Keystone State Fair Track

Throughout the State increased interest is being manifested in the plans for the Keystone State Fair and Industrial Exposition, whose headquarters are in Harrisburg. C. D. Stewart and J. A. Plank, officials of the company, are home from a visit to stockholders in Central Pennsylvania. They explained the progress of this big enterprise and showed plans for the speedway and other features.

"The Harrisburg speedway will be the fastest in the world," said Mr. Anderson, of the firm of Graham, Burnham & Co., who have completed the plans. He gives the radius of the Sheepshead Bay of 550 feet at both ends. The Maywood speedway of Chicago is 1,300 feet at one end and two sharp curves at the other end of 990 and 685 feet, which makes it a sharp turn.

The Harrisburg radius is 1,110 feet at one end and 890 feet at the other end and the banking will be increased two degrees higher than the banking at either the Sheepshead Bay or the Maywood speedway, which will give Harrisburg the fastest track in the world, where the Keystone State Fair and Industrial Exposition expects to have the honor of breaking the world's record.

## Speed King Coming

Ray Harroun, the famous race driver, and now mechanical engineer for the Maxwell Motor Car Company, will be in Harrisburg in company with Mr. Anderson the first of next week to go over the grounds and see if further improvements can be made in the construction of the track.

"Chicago is the only course I know in America," says Mr. Harroun, "over which a car can be driven indefinitely at over 102 miles an hour at a steady pace and with continually wide-open throttle, but we shall see the time when such sustained speed will be possible. The challenge of the only race track in America that is faster than the cars which compete on it cannot be ignored by American engineers."

Specifications and plans are being mailed out to the different contractors to-day and the bids will be closed some time the first of next week. Operations upon grounds will start in the near future.

## TWO MILLION PAIRS OF HERMAN'S U.S. ARMY SHOES

Have been worn by U.S. Soldiers, Sailors, Marines and Militiamen.

Colonel Stephen C. Mills, in service in the Philippines, tramped 18 miles in a new pair the first day he ever wore Herman's U. S. Army Shoes, 15 miles the second day and long distances the next two days, through mud and water often waist deep, and over slippery, rocky hills, and his feet were neither rubbed, bruised nor abraded.

That was because U. S. Army Surgeons designed the lasts; uppers are of best calf skins; outsoles of Texas unscoured oak; insoles of superior quality leather, pliable, easy and durable; lining is specially tested drill; heels are solid whole oak lifts with hemlock top pieces; workmanship is best in the world.

HERMAN'S U. S. ARMY SHOES are built to keep the feet comfortable through the hardest service in all climates and all weathers. Write for catalog. We fill mail orders carefully and promptly. Herman's U. S. Shoes Wear Longer.

## Annual Cross Country Run Between Yale and Princeton

Special to The Telegraph  
Princeton, Oct. 29.—Princeton and Yale will engage in their annual cross country meet to-morrow morning before the Williams game. The Princeton squad has been working out all fall under the tutelage of D. S. Morrison, captain of last year's team, and has shown the results of the personal coaching Morrison has been able to give the men. He accompanies the squad on all of its runs.

At present there are ten men on the training table: Captain Dowell, Glover, Colwell, Bischoff, Shotwell, Paul, Boyd, Zunino, Decker and Floto. Floto was captain-elect of the Washington and Jefferson team before coming to Princeton. The schedule: Yale at Princeton, October 30; Pennsylvania at Philadelphia, November 5; Intercollegiate at Boston, November 20.

## Sale of New York Club to End Baseball Conflict

Special to The Telegraph  
Chicago, Oct. 29.—Beyond the statement that the outlook for peace in baseball was more favorable now than at any time since peace negotiations were first proposed, President Weighman, of the Chicago Federals, yesterday advanced little further concerning the move to end the war.

He did say, however, that the death of R. E. Ward probably was the only thing that prevented the conclusion of peace immediately following the meeting Federal Leaguers and representatives of organized baseball held in Philadelphia during the world's series.

It was said that the whole question of peace hinges on the sale of the New York Nationals.

## Lebanon Valley Line-up Will Include Local Star

Special to The Telegraph  
Annville, Pa., Oct. 29.—The finishing touches were placed on the Lebanon Valley varsity team this afternoon in preparation for the game with Ursinus at Collegeville on Saturday. The practice on Annville field this week has brought to Coach Guyer's attention the playing of Jaeger, former Harrisburg Tech football and track athlete.

In last Saturday's game with Dickinson this player's hard work on both the defensive and offensive stood out prominently, his tackling being partly responsible for Dickinson's failure to gain a first down. Guyer has placed Jaeger at halfback and in his work against the scrubs this week he has repeatedly carried the ball for ten and fifteen yards at a time.
