Women AND THEIR Interests

Women Made Ridiculous By the Falacy of Youth

By DOROTHY DIX
The cult of youth has become an obsession with us, said a middle-aged woman who is brave enough to still celebrate her birthdays.

The Pattern for this Design Besides Allowing for All Seams, Gives the True Basting Line and shows Diagrams for Cutting and Making.

Each Piece of the Pattern Also is Lettered for Identification.

By MAY MANTON

8795 (With Basting Line and Added Seam Allowance) Princess Gown, 34 to 42 bust.

Princess gowns are unquestioned favorites just now, and this one is very new and unusually attractive. The plaits that are laid in the front and also in the side-backs relieve the severity and provide pretty fullness, while at the same time, the essential characteristics of the princess style are retained.

For the medium size will be needed, 9 yds. of material 27 or 36 in. wide, 6 1/2 yds. 44 if the material has figure or nap, but for plain material without up and down, 5 1/2 yds. 44 in. wide will suffice. The skirt is 3 yds. and 12 in. wide at the lower edge.

The pattern No. 8795 is cut in sizes from 34 to 42 in. bust measure. It will be mailed to any address by the Fashion Department of this paper, on receipt of ten cents.

THE WAR IN CANADA

By Frederic J. Haskin

[Continued from Editorial Page.]

of the places where the Canadian recruit finishes his military education. The troops are mobilizing in every little town along the horizon. The close of the harvest season has brought a great influx of young farmers, who only hurried to help the home folks gather the crops before ending the holiday season.

Many Are Arrested
The street cars running between the United States and Canada have become a stage of dramatic incidents. One never knows when he is going to be arrested or how long he may be detained, if he crosses Niagara River.

The Canadian women are bending all their energies toward preparing luxuries for the soldiers. Every one is canning fruit. The guild houses of the churches have been turned into canning factories.

Experimental Station to Be Built at Philadelphia

Special to The Telegraph

Washington, D. C., Oct. 29.—The experimental station suggested by Thomas A. Edison, chairman of the advisory board of the navy, probably will be built in Philadelphia, if the advantages of Philadelphia as pointed out by Mr. Edison and several engineers in the navy are recognized.

It was stated to-day that Secretary Daniels had apportioned \$1,000,000 to the building of this station in this year's estimate, which will be sufficient to begin the erection. It is to cost \$5,000,000, when completed.

It developed to-day that Mr. Daniels, after looking over the best places for the station, had come to the conclusion that it should be placed where there is skilled labor, a good market and near to the coal and steel fields.

Preparations for the paving of Second street from Seneca to Emerald streets are practically completed and if the weather holds good the work may be started in a few days.

His Tack Bag Bursts; Forty Autos Punctured

Johnstown, Pa., Oct. 29.—A lumberman with a paper bag of tacks containing six pounds of the kind used in fastening down tar paper, caused much wailing and profanity among automobile drivers and owners here yesterday.

Nat Hanson, the lumberman, who lives in the mountains near New Florence, did not notice that his bag of tacks burst just after he had started for home, strewing the contents along the highway, a splendid macadam road much used by automobile traveling from this city to nearby towns.

Every automobile that passed over the road yesterday got from five to fifty punctures. More than forty cars were pulled into garages along the route with flat tires.

Investigation showed that for a mile the road was thickly strewn with the big tacks measuring an inch in length. With their big, heavy flat heads, the punctures had landed point up when they hit the road.

Angry automobilists hastily got together and prepared to prosecute the miscreant who had barbed the road. Hanson came to town to-day for more tacks to replace those that were lost and the story leaked out. He will not be prosecuted.

Golfer Herreshoff Begins Court Fight For Liberty

Philadelphia, Oct. 29.—Frederick Herreshoff, well-known golfer player and son of J. B. Francis Herreshoff, New York chemist, has presented through counsel a petition to Judge Patterson asking that he be released from Gladwyne Colony, a sanatorium near Conshohocken, where he was sent about two weeks ago under a commitment from Judge Sulzberger.

Herreshoff came to this city after he learned that his father had petitioned the Supreme Court of New York to commit him to a sanatorium. He was charged with being a habitual drunkard. Detectives found him in a local hotel and he spent a day in Moyamensing prison before going to Gladwyne. It is understood that he will appear in court as soon as his impaired nerves permit.

Herreshoff is prominent in club and society circles. When 19 years old he inherited a fortune estimated at \$1,000,000.

His father's petition to the court says that the young man, who is now 27, began drinking when a schoolboy.

Frederick Herreshoff is a nephew of Capt. Nat Herreshoff, the yacht designer.

GAS FUMES KILL MINER

Special to The Telegraph

Tamaqua, Pa., Oct. 29.—Coal-dale, where 11 men were entombed in a living grave for nearly a week the first part of this month, was again visited by a mine casualty yesterday when one man was killed by gas fumes. Another is critically ill as the result.

PLANS FOR GIANT AEROPLANE

Washington, D. C., Oct. 29.—Secretary Daniels signed an order to-day for the construction at the navy yard here of a giant biplane for the navy, the first aircraft to be built at any government establishment.

MARRIED AT PHILADELPHIA

Harrisburg, Pa., Oct. 29.—E. C. Hatter, of Harrisburg, and Miss Anna E. Wilbert, of Harrisburg, were married at the parsonage of the First United Brethren church at Philadelphia on Wednesday by the pastor, the Rev. C. A. Funk. After a trip to the eastern cities they will live at Harrisburg, Pa.

NURSE ESCAPES TRIAL

Atlantic City, Oct. 29.—Criminal proceedings are not to be brought against Margaret Martin, the Canadian pupil nurse in the City Hospital, whose mistake in giving three patients oxalic acid for salts caused the death of James Thomas on October 14.

Cleanse The Blood Banish Rheumatism

Rheumatism Due to Bad Blood. S. S. S. Your Remedy

Thousands have been made well. People in the poorest health, suffering from Rheumatism, with whom pain was constant. Who believed that their vitality was sapped beyond repair. It was proven to them that the cause of their trouble was the blood; that Uric Acid, the most faithful ally of Rheumatism, had gripped them. The poison in the blood had sapped its strength. The weakened blood had allowed poison and impurities to accumulate, and all energy was gone. They felt "poorly," were listless, pain was ever present, with poor digestion and dyspepsia. They tried S. S. S.—nature's blood tonic. They gave up drugs. This compound of nature's remedies of roots and herbs did what drugs failed to do. It literally washed the blood free from poison, and with the flow of pure blood came back health, strength, vigor and happiness. Get S. S. S. from your druggist. Insist upon S. S. S. If yours is a long standing case, write for special advice to S. S. S. Co., Atlanta, Ga., but begin taking S. S. S. at once.

Pretty Teeth Add to the Natural Beauty of All Faces
