SATURDAY EVENING,

11

We will sell you an Overland on convenient terms.

The idea is not new-other merchandise is purchased by deferred payments-and you should be able to get your car this way if you prefer.

The terms are \$275 down plus the freight-the balance in convenient monthly payments.

On this plan the price of Model 83 Overland, a five passenger touring car, is \$775 f. o. b. Toledo -no more.

If you would rather pay cash, the price is \$750 f. o. b. Toledo.

The difference covers interest at 6% and insurance, both fire and theft. There are no other charges.

Call or telephone for full particulars or mail the attached coupon to us.

# **STUDEBAKER CARS** Are the Most Powerful Cars at the Price

## Fifty Horsepower 7-Passenger Six, \$1085 Delivered

It is the only 7-passenger, fifty horsepower, 6-cylinder car with a 37%-inch bore by 5-inch stroke motor that has ever been offered in America or Europe for less than \$1450. And it is the most powerful car for its weight that any automobile maker has ever produced. In power, flexibility of performance and economy of operation, it stands alone in the 1916 market.

Price has been reduced from \$1450 to \$1050-a reduction of \$400. But nothing except the price has been reduced. In power, size and quality the car has been greatly improved. And to-day it gives more for every dollar of the price than any other 6-cylinder car in the history of the industry.

For a man owning and driving his own car in and around Harrisburg, there is no better car on the market. It has the power that the country around Harrisburg demands-it has all the style and comforts and conveniences that a Fifth Avenue of New York desires. Come in and see this Studebaker Six that has set a new Standard of Value in 6-cylinder cars.

### Forty Horsepower 7-Passenger Four, \$915 Delivered

This Studebaker 4-cylinder car at \$915, delivered, is the only 7-passenger, 4-cylinder car with a 37%-inch bore by 5-inch stroke forty horsepower motor that has ever been offered in America or Europe for less than \$1000.

It is the most powerful car at its price on the market. The motor is increased from 3½ by 5 to 3% by 5 inches—and develops and delivers full forty horsepower. In flexibility and pulling power, this Four equals most of the Sixes on the market. And it is as snappy in action as a high-strung thoroughbred. Yet it is economical of gasoline and oil-easy to operate - almost free from gear-shifting. Picks up like a flash without the slightest jarring.

Come in and see this snappy Studebaker Four to-day. It's a great car for driving in and around Harrisburg-all the size and conveniences that any man can want and power that makes it a wonder on the hills. The biggest investment value in Fours ever seen in Harrisburg-let us prove it.

Harrisburg and Reading that crews from Reading have been pressed into service on the Harrisburg division. From Pittsburg the rush of bitu-minous coal has been above previous records. Merchandise freight is also a big factor in the present rush. An average of 3,000 cars of freight are being handled daily between Hagers-town and Reading, which means con-siderable activity in the classification yards at Rutherford. On the Reading division 18,000 cars were handled in six days. This aver-age has been recorded for a month. It is said that from 1,500 to 1,800 cars of anthracite coal are shipped daily. While a large part of this busi-ness goes to tidewater, considerable. hard coal is being shipped to western and southern points. go first arts. 225. Fireman for 240. Conductor for 25.

RAILROAD NOTES RAILROAD NOTES William King, for several years a barber at the Pennsylvania Railroad Station, has been appointed a special officer by J. E. Barclay, captain of police of the Pennsylvania Railroad. Large shipments of war munitions from the Pittsburgh district passed through Enola yards during the week. In order to complete an additional siding in Enola yards it is said a num-ber of construction men will work to-morrow.
