## CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

Look at tongue! Then give fruit laxative for stomach, liver, bowels.

"California Syrup of Figs" can't harm children and they love it.

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach

waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listiess, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's allment, give a teaspoonful of "California Syrup of Figs." then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A, thorough "inside cleansing" is offitness all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs." which has full directions for babies, children of all ages and for grown-ups platnly winted on the bottle. Look carefully

all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "Call-fornia Fig Syrup Company."

Rub stiffness away with small trial bottle of old "St. Jacob's Oil."

Housing facilities for the hundreds of canoes, motor and rowboats on the Susquehanna river basin, should be provided for by the municipality in commodious quarters erected on the site of what is now "Hardscrabble" according to City Commissioner M. Harvey Taylor, Superintendent of Parks and Public Property, to-day.

The proposed boathouse is shown by the Telegraph in the accompanying etching. It would be constructed of concrete in such a way as to provide ample room for caring of all the canoes and boats for years to come. A structure of about 200 by 150 feet with a great broad roof garden on top comprises the scheme.

Attractive lights would be placed around the railing and the "garden" should contain a bandstand and plenty of benefies and chair, according to Mr. Tayor. Access to the proposed stand would be readily had either from the bank at Front street or by a flight of steps. The boathouse should open on the river front wall.

"Such a municipal boathouse as suggested would certainly fill a long felt want," declared Mr. Taylor, "It is what Harrisburg needs now to accommodate the hundreds of boatmen and it will be doubly needed when 'Hardscrabble' has been moved. The people of Allison Hill as well as in the upper and lower ends of the city would be henefited as Residents of "Hardscrabble" enthusiastically endorse the plan and the sketch for the purpose was prepared by "Mayor" Harry J, Berrier.
