

MYSTERIOUS PAINS AND ACHES

Make Life Hard to Bear For Many Harrisburg Women.

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination.

Mrs. Margaret E. Cleland, 1410 North Sixth street, Harrisburg, says: "I suffered from pain in my back and my kidneys seemed congested. At times I had inflammation of the bladder and found it difficult to void the kidney secretions."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cleland had.

PERFECT HEALING

LECTURE SUBJECT (Continued From Page 7.)

The healing. To know the absolute divine truth about man and the nothingness of mortal mind, brings the truth to bear upon the case no matter whether the person is near by or far away. Christian Science healing results from an awakened consciousness produced by the Christ Mind and neither time, distance, matter nor ether enter into it nor can they interfere with it.

Respecting this Mrs. Eddy has said: "To-day the healing power of Truth is widely demonstrated as an imminent, eternal Science, instead of a phenomenal exhibition. Its appearing is the coming age of the gospel of 'on earth peace, good-will toward men.' This coming age was promised by the Master, is for its establishment as a permanent dispensation among men; but the mission of Christian Science now, as in the time of its earlier demonstration, is not primarily one of the physical healing. Now, as then, signs and wonders are wrought in the metaphysical healing of physical disease; but these signs are only to demonstrate its divine origin—to attest the reality of the higher mission of the Christ power to take away the sins of the world" (Science and Health, p. 150).

Christian Science Treatment

A Christian Science treatment, or the scientific application of divine Principle, consists fundamentally of a clear knowing of the nature of God and the real man, and the consequent recognition of the unreality of matter and evil. It involves an analysis of that which is to be healed, a spiritual discernment of the mental causes of the trouble, and a correct application of the antidoting divine Truth which will correct and remove these causes.

Although this is a mental process, it is not a mere repetition of words but rather the reflection of divine Love through spiritual consciousness. It brings about not merely a physical change but improves the patient morally, mentally and spiritually. It brings a man nearer to God and changes his standpoint from a material to a spiritual basis. It uplifts his thought, gives him power over evil and improves his whole being in the degree that he can grasp its truth.

Each of us can begin to-day to improve our thought and life. We are doing something all of the time and we begin to think more of what is good and true, bearing in mind the supremacy of good and thus increasing its presence in our consciousness. We can begin to think more about life than death, more about harmony than discord, more

How to Destroy Catarrh Germs and End Catarrh Forever

Catarrh is a germ disease and the only way to cure it so it will stay and never come back is to kill and drive out of your system the catarrh germs which have found lodgement there. When the germs go the catarrh will stop. The trouble with most treatments, like sprays, salves, creams, greasy ointments, etc., is that they give only temporary relief by opening up for a while the clogged head, throat and nostrils. A little time the Catarrh comes back as bad as ever.

BETTER BABIES

The crusade for better babies has spread from coast to coast, and taken firm hold of American Mothers. Few women realize how much the ill health of the mother influences the unborn child, both physically and mentally. Women who suffer from mysterious pains, backache, nervousness, mental depression, headaches, etc., should rely on Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, which for nearly forty years has been the standard remedy for these ailments.—Adv.

about success than failure, more about joy than sorrow, more about love than hate, and with earnest desire and honest endeavor our faith in God will grow until we become, in simple science some of the "peace of God, which passeth all understanding."

Love For Mrs. Eddy

The love and gratitude which Christian Scientists feel toward Mrs. Eddy is not to be wondered at when one takes into account the great good which has come into their lives as the result of her teachings. People are grateful to one who has helped them out of a serious difficulty, supplied some great need or rescued them from some disaster. How much more grateful would they naturally be to one who has made it possible for them to be healed of incurable disease, hopeless sorrow, the bondage of degrading sin, of anger, just hatred, jealousy, revenge, poverty, ignorance, superstition and fear, and more than this, who has healed them of agnosticism and atheism by revealing to them the naturalness, simplicity and truth of the Bible teachings and the possibility of their fulfillment.

The whole world is indebted to her for her scientific and spiritual interpretation of the Bible, especially the words and works of the Master, and for her demonstration of the truth of his teachings. In the face of the so-called higher criticism and the doubt respecting the correctness of the Scripture teaching and the possibility of obeying Christ Jesus' commands, Mrs. Eddy's proof that the Bible is true stands out as the greatest, most significant achievement of this age, and hereby of Christianity and the rightness of its basis is scientifically established.

Mrs. Eddy early learned that the Bible is the word of God, the spiritual teacher of the ages. She turned to God for light and leading when human ways and means failed to give health and hope. In its inspired pages she found Christian Science, the spiritual fulfillment of Jesus' teachings and practice and she thus rediscovered the Science of Christianity. The proof of the sincerity of her aspiration and of the truth of her teachings and in the her own life and works to the end that those who honestly study and daily strive to practice Christian Science. She did not leave her work here until it was so established as to remain intact and inviolate.

With wisdom and foresight she insured the safety of the Christian Science organization and the preservation of the purity of her teachings as the anchor of the Mother Church for the government of the church, and a Board of Directors to administer its affairs. To Christian Scientists Mrs. Eddy is a living example of the triumph of faith in God, a faith deep and vital because rooted in spiritual experience. She knew God aright. She looked to God in intelligence and proved that God is Principle. She looked to God for health and proved Him to be Life. She loved all mankind and proved that God is Love. She gave all for the "pearl of great price," the knowledge of God, and offered it to all the world.

Christian Science is the renaissance establishment on a scientific demonstrable basis, of the Christianity which Christ Jesus taught and practiced. It is the fulfillment of his mission of bringing to the world salvation from sin, sickness and death. Its modest achievements of to-day prove the truth of its Principle and rule and enable any sincere seeker to begin to live it. It is a clarion call to every aspiring heart, to awaken to the great privilege of freedom and spiritual authority over human ills, and to demonstrate that the day of human redemption is at hand.

Mrs. Eddy writes:

"When will Jesus' professed followers learn to emulate him in all his ways and to imitate his mighty works? It is possible,—yes, it is the duty and privilege of every child, man, and woman—to follow in some degree the example of the Master by the demonstration of Truth and Life, of health and holiness. Christians claim to be his followers, but do they follow him in the way that he commanded? Hear these imperative commands: "Be ye therefore perfect, even perfect." "Go ye into all the world, and preach the gospel to every creature." "Heal the sick!" (Science and Health, p. 37).
