100 Free Prizes for You Women Who Tell Us the Most Uses for KEROSENE

It's past belief how many women, good housewives too, think that kerosene is good only for lighting and heating. But then, of course, there are other hundreds of you who know its uses are almost boundless.

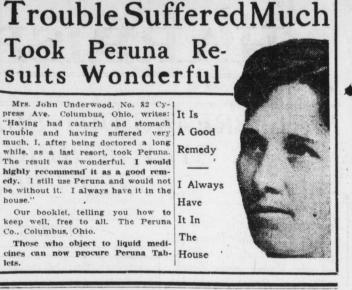

Some tell us they've tried kerosene as a floor polish-and find it splendid-that it will preserve the finish and beauty of a fumed oak set better than the most costly dressing, and, mixed with whiting, with almost no rubbing, will make nickel trimmings glisten. Then, for cleaning the porcelain bath tub, nothing equals kerosene. It leaves it shining snowy white.

What Do You Do With Kerosene?

What are your pet methods for making kerosene work for you? You are probably acquainted with many helpful, practical uses, if you'll only just take a little time and dig them up, out of the store of your household experience.

Write down all you can think of. Send your list to the Contest Department of the Atlantic Refining Company, and you're just as likely as not to be one of the fortunate winners of any one of the 100 valuable prizes pictured in this advertisement.

It's ordinary common sense and not fancy composition that'll win ese useful, handsome awards. All we want you to do is just tell us in your own way how you have found kerosene useful around the house.

You will wake up feeling at and fine. Cascarets never gripe or bother you all the next day like calo-mel, silts and pills. They act gently but thoroughly. Mothers should give cross, sick, billous or feverish children a whole Cascaret any time. They are harmless and children love them.

The Pennsylvania Historical Com-mission, after experimenting for months, has finally fixed upon the bronze keystone on the marker in River Park at the site of the Harris Ferry landing as the type for all of its markers. The one in River Park was presented to the city during the great municipal improve-ment celebration, September 23, 24 and 25.
