

THE GLOBE OPEN TILL SIX THE GLOBE

## The People Have Spoken

"Globe Famous Fifteens" are elected the best values and smartest styled suits and overcoats ever offered at the popular price of

**\$15.00**

"Globe Famous Fifteen" Suits and Overcoats "stand out" distinctly from any other clothes usually sold at this price and compare favorably with most clothes sold at \$20.

In the making of "GLOBE FAMOUS FIFTEENS" every detail is carefully watched—from the weaving of the cloth to the finishing of the garment. Fabrics are all-wool and London Shrunken and every suit or overcoat is hand-tailored throughout and many are silk and satin trimmed.

Your style—your size is always here

**Men's Extra Value Trousers—\$3.50**

The man who needs an extra pair of trousers will have no trouble making a selection from our assortment of Blue Serges, Worsted Chevrons and Cassimeres in neat Gray and Black and White Striped effects. All sizes.

The Globe "The Big Friendly Store"

## NEW ENGINEER CO. WILL COME NEXT

Additional Guard Unit May Be Located in Western Part of the State

### GOVERNOR RETURNS

Normal School Principals Meet at the State Capitol to Talk Over Business

Steps for the organization of another engineer company for the National Guard will likely be taken before the close of the year and while officials of the Guard refuse to discuss the matter it is understood that Altoona and Harrisburg are being considered as the location of the new company. An effort was made to secure some favor for an engineer company here, but it did not go very well. Altoona appears to be pretty generally favored. The Guard has two engineer companies now, one at Philadelphia and one at Scranton, and needs another to make up its battalion.

Nothing could be learned at the Capitol to-day regarding the prospects for an early order for conversion of the Third Infantry at Philadelphia into a regiment of field artillery. This has been reported as pending for months and has been under consideration. When the two new batteries are organized in Pittsburgh the State will have one regiment of artillery, but it must have another.

**Rabbits Abundant.**—Officials of the State Game Commission say that reports being received here indicate that rabbits appear to be unusually abundant in some parts of the State. That some hunters found little difficulty in getting their quota in the first hour of hunting.

**Police Force Filled Up.**—The State Police force has been filled up, all vacancies having been filled by enlistments. Most of the men enlisted were of former soldiers in the regular army.

**Board to Meet.**—The State Board of Accounts will have a meeting probably next week to take up the accounts for advertising constitutional amendments. The work of the board is now being outlined.

**Started for San Francisco.**—Adjutant General Stewart and Lieutenant Colonel L. V. Rausch and M. E. Finney left to-day on limited for San Francisco to attend the National Guard convention. The delegates from central, northern and eastern military organizations met here.

**Board to Meet.**—The State Industrial Board will meet at the middle of the month to pass on the standard of safety for ladders which was the subject of a hearing in Philadelphia last week. The code will be generally revised throughout the State soon.

**New Company.**—The Cush Creek Light and Power Company has been chartered to operate in Glen Campbell, Indiana county.

**Governor Returns.**—Governor Brumbaugh returned to the city last night and put in a busy day at the State Capitol. He had many visitors and discussed matters with heads of departments of the State government.

**Demis Made Address.**—L. H. Dennis, the chief of the agricultural education bureau, was the speaker at the opening of the agricultural school at Avondale, Chester county, yesterday.

**To Return Soon.**—Highway Commissioner Cunningham, who has been in the western part of the State, is expected to return late to-day. He will open bids for new roads to-morrow.

**Commission Meets.**—The Public Service Commission resumed sittings to-day and the protest over the Williamsport city electric contract was taken up. The whole day was devoted to contracts and agreements.

**Going to College.**—Governor Brumbaugh and members of the State Commission of Agriculture will spend Friday at State College attending the Pennsylvania day exercises.

**Discusses Estimate.**—Attorney General Brown and Auditor General Powell will talk over the coal tax this week. The estimate matter was lost sight of to-day in the interest over the election.

**General Clermont Here.**—General C. M. Clement, of Sunbury, commander of the National Guard, was at the Capitol to-day.

**Boards to Meet.**—Most of the meetings of State Boards have been announced for next week except Compensation and Insurance Fund.

**Lebanon Visitors.**—Senator D. P. Gerberich, of Lebanon, was here with a delegation of visitors to-day.

**Principals Meet.**—Normal school principals spent to-day discussing problems attending their work. Each one presented a paper on some phase. Superintendent Schaeffer attended the sessions.

**Full Crew Next.**—The hearing in the full crew complaints will be held by the Public Service Commission to-morrow. All that have been formally listed will be taken up and a general clean-up made. The Brotherhood of Railroad Trainmen will appear in most of the cases.

**Asked Advancement.**—William M. Hargest, deputy attorney general, was in Washington before the Supreme court yesterday to ask advancement of the case in the cream law. It comes from the State Supreme Court and involves right of the Dairy and Food Commissioner to inspect ice cream shipped from another State.

## DYSPEPTICS! END STOMACH MISERY, GAS, INDIGESTION

"Pape's Diapepsin" neutralizes acids in stomach and starts digestion.

Stops any sourness, heartburn, or food rising in few moments.

The question as to how long you are going to continue a sufferer from indigestion, dyspepsia or out-of-order stomach is merely a matter of how soon you begin taking some Diapepsin. If your stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak stomachs should take a little Diapepsin occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, gas on stomach or belching of undigested food, headaches, dizziness or sick stomach, and besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved five minutes after taking a little Diapepsin.

Go to your druggist and get a 50-cent case of Pape's Diapepsin now and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

## France Gives Support to Representations Made to China by Japanese

By Associated Press

Peking, Nov. 3.—France has given her support to the representations made to China by Japan, Great Britain and Russia concerning the advisability of postponing the decision as to re-establishment of a monarchy. Although the French government was not represented in the original action, and accordingly was believed to have decided to abstain from participation, to-day the French Minister, A. R. Conty, called at the Foreign Office. He gave verbal ratification of the request of the other powers. Notwithstanding the declaration of the Chinese government to postpone the decision on the ground that the matter now rests in the hands of the people, it is possible that the actual change in the form of government, if decided upon, may not be made for some time. There is an unverified rumor that, if the election now in progress results in favor of a monarchy, coronation of the emperor will be delayed until the conclusion of the European war.

## WRESTLING WITH A WHIRLWIND

One of the remarkable features of the climate and atmosphere of Syria is the prevalence of whirlwinds and waterpots both on land and over the sea. They are most prevalent in the deep trough of the Jordan valley and also in Coela-Syria, where the Lebanon and Anti-Lebanon form an trough for the winds. They sometimes do an immense amount of damage, and often kill almost unexpected seasons. As a touring missionary in Northern Syria I often met the whirlwinds. They appear in the shape of a column of dust perhaps two to five feet in diameter, rising straight in the air for several hundred feet, opening like a large funnel at the top. The lower end touches the ground and swings over the surface, picking up dust and pebbles in its path. The chaff and even grain on the threshing floors is sucked up and disappears. Small fish are sometimes drawn up when the swaying column passes over a stream or lake. Many years ago I tried the experiment of riding through the swaying column of a rather innocent looking whirlwind. My horse was terrified, and I had difficulty in keeping my seat in the saddle. It is impossible to say exactly to what did happen. It took me some time to find my hat, and several days to get the sand and dust from my eyes and ears and clothing, and I have never tried it again.—The Christian Herald.

## COLORED VOTERS SUPPORTED EQUAL SUFFRAGE AMENDMENT

Colored voters to-day drew attention to the fact that the equal suffrage amendment ran especially strongly in almost every precinct of the county where the negro vote is a factor. They expressed the belief that the majority of colored people are in favor of giving the vote to women.

## GERMAN REPORT AUTHENTIC

Paris, Nov. 3, 2.15 p. m.—The German announcement of the sinking of the French submarine "Turquoise," is accepted as authentic by the marine ministry.

It will be COMFORTABLE every day this year. The weather? No—something more pleasant. We'll help you to

# find "yours"

If "yours" isn't fatima, try some other good one—but be sure it's SENSIBLE.

you think you've guessed it. But—?

## NO COMMENT AT WHITE HOUSE

By Associated Press

Washington, Nov. 3.—No comment was made at the White House on the elections nor on the result on the suffrage amendments, and it was announced that there would be none.

## STEELTON REPUBLICANS WIN EVERYTHING HERE

### Stees Is Next Squire; County Ticket Gets Huge Majority; Suffrage Endorsed

Like an Alpine avalanche the entire Republican ticket, both county and local, swept Steelton at the polls yesterday. Woman's suffrage carried the town by a good majority as did the other three constitutional amendments. Head, Orady and Williams received good majorities for judges of the superior court.

In one of the hardest campaigns in years for the office of Justice of the Peace, Frank Stees, the Republican candidate was swept into office with a plurality of 362 votes over Fred Wigfield, the Washington candidate. Oliver P. Baskins, the Democratic nominee ran third. The vote in detail for this contest is printed elsewhere in the Telegraph.

**Mumma Heads Ticket**

Led by Mark Mumma, Steelton's candidate for county treasurer, the entire Republican ticket carried the borough by an overwhelming majority which in some districts reached 3 to 1 proportions. The constitutional amendments, while they received far less attention than the rest of the ballot, were all carried with the Workman's Compensation article leading. The suffrage amendment carried every precinct except the second of the First ward and the tiny third precinct of the Third ward. In both of these it went down to defeat, although in the latter district the margin was only a few votes.

**Reynolds Gets Big Vote**

In the various local contests the Republicans had easy sailing. Four Republican and one Democratic councilmen were chosen. In the First ward, Charles E. Klein, Republican, was unopposed. E. C. Henderson had it just as easy in the Second ward. In the Third ward J. V. W. Reynolds, president of council, was re-elected by one of the largest majorities ever given a candidate here. In two of the three precincts he received 434 against his opponent's 112 votes. In the Fourth ward, T. T. McEntee, a Democrat and a former Burgess, running on the Washington ticket, defeated H. A. Hartman by 36 votes. The vote was McEntee, 152; Hartman, 116 and Atticks, 68. In the Fifth ward Michael O'Leary, Republican, overwhelmed Murray Hoeker, Democrat, by 174 to 121 votes.

The borough's next high constable will be Levi Still, a Republican, who has had much experience in police work in the borough. The various ward constablers were won as follows: First, John H. Gibb, unopposed; second, Robt. Brashers, Republican; third, Silas Bailey, Republican, by 3 to 1; fourth, George B. Lehr, Republican, almost unanimously; and fifth, Peter R. Day, Republican, almost unopposed.

William H. Nell, John R. Reider and Samuel A. Brehm, Republicans, were elected school directors without opposition. Nell and Reider were elected for full terms and Brehm was chosen for a two-year term. Harry C. Deik, Republican, was elected borough auditor. He was unopposed.

And 1916 is Coming

Yesterday's election showed conclusively that the return to the party in Steelton at least is now complete. The dissatisfaction which a few years ago resulted in a big break in the Republican ranks and the loss of the presidential delegates has been healed. The party is now solidly united and next year this big steel making centre will turn out almost unanimously to endorse a Republican

### SMALL CHILD DIES

Catherine, the infant daughter of Mr. and Mrs. Mike Cerjance, of Bressler, died yesterday. Funeral services will be held to-morrow morning at St. Mary's Croatian Catholic church with the Rev. Father Anthony Zuvich officiating. Burial will be made in the Paxtang cemetery.

### WOOLCOTT RECOVERS

H. J. Woolcott, superintendent of the Hofer flour mills, is recovering from injuries sustained in a fall from a steep ladder several days ago.

### LAUFFER ENTERTAIN

The Rev. and Mrs. G. N. Lauffer entertained 45 members of St. John's Lutheran Christian Endeavor Society at the parsonage last evening. Games and music were enjoyed and refreshments were served.

### FUNERAL OF MRS. GRUNDEN

Funeral services for Mrs. Margaret Grunden, who died Sunday, were held at the home of her daughter, Mrs. J. W. Bricker, 15 North Third street, this afternoon at 1.30 o'clock. The Rev. Charles A. Huyette, pastor of the First Reformed Church, officiated. The body was taken to Hummelstown by H. Will's Sons for burial. Mrs. Grunden, who was 90 years old, is survived by her brother, Fred Grunden, of Lebanon, and three children, John of Paxtang, Samuel, Middletown, and Mrs. J. Gardner, Steelton. One grandchild also survives.

### PERIL TO OUR TRADE

New York, Nov. 3.—Announcement that British cruisers had seized the American steamer Hocking and the Dutch ship Hamburg just off the port of New York was taken in shipping circles yesterday to mean that the British government has inaugurated a new policy with regard to vessels no matter under what flag they may sail or to what port they may be bound, provided they suspect the vessels of being owned in whole or in part by German subjects or German capital.

The effect of this policy, shipping men prophesied, will be felt most keenly in the United States, as it will affect many ships now sailing 'out of New York' under the Norwegian, Danish, Swedish and Dutch flags. It may cripple America's new trade with South America and the West Indies to a great extent and may also send freight charterers of supposedly safe vessels out to prohibitive rates.

### ARREST LANCASTER EDITOR

Raymond G. Rutter Accused of Embezzling Society's Funds

Lancaster, Nov. 3.—Raymond G. Rutter, managing editor of the Lancaster Examiner, and financial secretary of Lancaster Castle, Knights of the Mystic Chain, has been arrested on the charge of embezzling between \$6000 and \$10,000 from the castle.

### CASTORIA For Infants and Children.

The Kind You Have Always Bought

## HUNDREDS WATCH TELEGRAPH COUNT

Big Portion of Eager Crowd Gathers to See Federal Square Screen

Anxious thoughts of the morrow's possibilities should the alarm clock fail of its duty, finally cleared the streets of the city last night of hundreds of folks who waited patiently for some definite results on the returns of the polls. The blustery night didn't bother the crowds much, although furs and heavy overcoats aplenty were in evidence.

From as early as 9 o'clock until long after midnight the people stayed, but the unusually late hour at which anything like a definite idea of the results were obtainable, proved to be too long a wait for most of them and they decided to be patient until to-day for some figures.

As usual the "Telegraph" gave the best results earlier than anyone else and within a few minutes from the time the big corps of special youthful reporters turned in the counts from various city precincts, the figures were flashed on a big screen. An accurate idea of how the county fight was going was obtained from the lantern slides as they came in. Of course the figures could not be kept on the screen all the time and in the interim when election returns were not displayed, an interesting series of moving pictures amused the crowd. The "Telegraph" employed a special staff of high school boy reporters to cover every city precinct as fast as the results were counted, while a continuous round of the polling places was made with motorcycle and automobile.

At a fairly early hour the returns indicated victory generally along the lines for the various Republican candidates in the county offices and the attention of the crowds as a rule was centered mostly on the outcome of the city councilmanic fight. The vote that was turned in for woman's suffrage attracted the most attention of all amendments perhaps while many people eagerly awaited the figures on the Walnut street bridge and the fire apparatus loans.

The "Telegraph" was aided materially in compiling early returns through the kindness of the Burroughs' adding machine agency in this city, which placed a couple of machines at the disposal of the tabulators.

## CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! See if tongue is coated, breath hot or stomach sour.

"California Syrup of Figs" can't harm tender stomach liver, bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a little, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember a good "inside cleanser" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Advertisement.

## TEMPERANCE FORCES IN OHIO, ALTHOUGH DEFEATED, MAKE NOTABLE INROADS

By Associated Press

Columbus, Ohio, Nov. 3.—Though Ohio voters yesterday rejected statewide prohibition for the second time in two years, great inroads were made by the temperance forces on "wet" territory. Fairly accurate returns from 77 of the 88 counties of the state gave a majority of 41,000 against the prohibition amendment. Estimates on the official majority against the proposal run from 25,000 to 40,000.

Last year the prohibition amendment was defeated by a majority of 84,152. In Hamilton county, the stronghold of the liberal interests, last year's adverse majority of 75,896 was cut down to approximately 60,000, while in Cuyahoga county the "wet" majority of 44,710 was reduced to about 26,000. White forerunners of the "drys" in many other counties.

The voters not only rejected pro-
