

TO REAPPORTION DUTIES OF NEW COMMISSIONERS?

Municipal Circles All A-Gog Over Possible Departmental Changes

GROSS FINANCE HEAD?

Gorgas to Head Park Department and Oves to Be City Treasurer Current Report

Close upon the heels of Tuesday's election has followed the usual aftermath of gossip in county and municipal circles as to probable appointments, reorganizations of departments and the possibility of reapportionment of the duties of members of the new City Council.

Neither the county nor city reins of governments change hands until after January 1, but while the new officers themselves decline to discuss these matters as yet, reports of probable changes are already rife.

What the new Council may or may not do of especial interest and notwithstanding the fact that the commissioning report persisted to-day to the effect that a rearrangement of the different departments is assured.

Mayor to Get Fire Department One rumor is that the fire department might be dropped from the present department of parks and public property and attached to the department of public affairs headed by the Mayor. Mayor-elect Meals is quoted as favoring the incorporation of the fire and police branches of government.

Another current report is that the already heavily burdened department of public safety may be relieved of the bureau of health and sanitation and that the fire department may be added to the office of the superintendent of finance and accounts. In many quarters it has been argued during the last year or so that the duties of the superintendent of finance are not nearly so burdensome of some of the constructive branches, and that the financial

OFFICIAL COUNT NOW UNDER WAY

Working on City Vote First; May Take Many Days

Official computation of Dauphin county's election results of Tuesday was begun at 12 o'clock noon to-day by Additional Law Judge S. J. M. McCarrell, with Prothonotary Harry F. Holler and Attorneys B. F. Umberger and Frank E. Ziegler assisting.

The count of the city vote was considered first and the official counting board expect to keep figuring away all afternoon and throughout to-morrow, and the next day, if this be necessary. Just how long will be required is a matter of conjecture in view of the unusual length of time spent over the ballots and tally sheets by some of the election board.

The legal count will hardly change (Continued on Page 13.)

WILSON RAPIDLY LOSING HIS HOLD

Effects of German Opposition Shown in Maryland and Massachusetts

REPUBLICANS GAINING

Mexican Policy Also Plays Part in Election; Progressives Dissolve

Washington, D. C., Nov. 4.—If the elections in States and congressional districts show anything of a national aspect, it is that the trend is back to the Republican party and that the strength of President Wilson is largely imaginary. The best evidence of this is seen in Maryland, where there is a good-sized German population. There, with the Democrats holding a lead of 40,000 in the registration over the Republicans, the result on the governorship was close. In Maryland and Massachusetts the gubernatorial candidates sought to introduce national issues and in the latter State the Democrats lost control.

In Maryland, where the President (Continued on Page 13.)

Will Rebuild Parts of Sylvan Heights Orphanage Destroyed by Fire

Arrangements for remodeling and rebuilding damaged parts of the Sylvan Heights Orphanage, which was partly destroyed Tuesday morning by fire, will be made by the board of directors immediately after the insurance adjustors have decided the amount of the loss.

At present forty of the little girls, ranging in age from 4 to 14 years, are being cared for at the Children's Industrial Home, Nineteenth and Swatara streets, while the remaining 75 have been sent to the homes of friends in various parts of the city.

Although nothing definite has been planned, the Rt. Rev. J. W. Shanahan, of the Catholic Church, said this morning that in all probability the home would be repaired and remodelled at once along modern lines with many more conveniences than it had formerly.

C. E. Bard to Build Piano-Player Action Factory at Paxtang

Harrisburg is to have a second piano-player action factory. Announcement was made this morning by Charles E. Bard, inventor of several pneumatic actions widely known throughout the music trade world, that within a short time work on a piano-player action factory will be started at Paxtang. Mr. Bard was formerly superintendent of the Slinger Piano-Player Company, Derry and Carlisle streets, he having resigned his place there several weeks ago to undertake the organization of his own business. The new factory will do business under the name of "Charles E. Bard, Pneumatic Piano-Player Actions."

Bids have already been asked for the erection of a factory which will be built in Bainbridge street, Paxtang, at what will be the corner of the new city parkway boulevard, about 150 yards north of the pike. It will be a two-story brick structure, 40 by about 160 feet, and is adjoined by ground for future expansion.

Mr. Bard said this morning that he expects to see manufacturing actions in the new factory within the next three months. He has already ordered his machinery. A force of about twenty skilled workmen will be employed at first, the number being increased as the business expands.

GREEK CABINET WILL SOON QUIT

Resignation Is Expected as Result of Defeat by Vote of 147 to 144

ALBANIANS IN REVOLT

King Peter Goes to Visit and Encourages His Soldiers at the Front

Prince Von Buelow, former German Chancellor, is not in Switzerland on a peace mission, he declared to-day in Lucerne. He is not engaged in peace discussion with any one in that country, he stated, nor will he visit Madrid or Washington on a peace errand. He declared Germany was united and was determined to push the war to a conclusion by force of arms.

Advanced trenches in the Champagne district recently taken by the Germans have been recaptured by the French. The Paris War office announced to-day. The major part of the German gain was cancelled by the French counter attacks, it is asserted.

The Austrian armies have failed in the counter attacks by which they sought to retake positions which the Italians captured in their offensive movement Rome declares.

Additional French troops, Paris announces, are being landed at Saloniki. Resignation of the Zaimis cabinet in the Chamber by a vote of 147 to 144, dispatches from Athens state. The Zaimis ministry has stood for the policy of neutrality for Greece in contrast with that of its predecessor, headed by M. Venizelos, who favored the entry of Greece into the war in support of Serbia and the entente allies.

King Peter of Serbia is reported, in a message from Sofia, to have gone to the front to encourage his troops and take them the news that the allies were bringing them aid.

A revolt of Albanians in southwestern Serbia is reported through Rome. An Albanian uprising of large proportions would be likely to menace the retreat of the Serbian army, now under attack in the north by Germans and Austrians and in east by the Bulgarians.

STANLEY WINS BY 2,081

Louisville, Ky., Nov. 4.—Unofficial but apparently reliable tabulation to-day of the gubernatorial vote in Kentucky, Tuesday, gave A. O. Stanley, Democrat, an indicated majority of 2,081 over Edwin P. Morrow, Republican. A few precincts were missing but it was stated their normal vote could not materially change the result.

Peking, Nov. 4.—The sixteenth son of President Yuan Shi Kai was born to-day. The president now has thirty-one children.

Washington Nov. 4.—Carranza troops were the main offenders in firing across the border in the battle at Agua Prieta, according to a report from Major General Funston received to-day at the War Department. The general says both Calles and Villa did all they could to prevent injury to American lives and property.

VON BUELOW NOT IN SWITZERLAND ON PEACE ERRAND

Published Report of His Plan to End War Denied in Statement

IS NOT COMING TO U. S.

Makes It Clear That He Will See No Person in Relation to Peace

By Associated Press. Lucerne, Switzerland, Nov. 4, via Paris, 1:50 p. m.—Prince Von Buelow, former German chancellor, informed the Associated Press to-day that he had not come to Switzerland on a peace mission.

He declared Germany was resolved to continue the war to its conclusion, by arms. The prince made it clear that he is not going to Washington to see President Wilson or to Madrid to see King Alfonso in relation to terms on which Germany might be willing to discuss peace. Nor is he engaged in such discussion with a papal delegate or any one else.

"Must Be Fought Out" In addition to disposing of these reports Prince Von Buelow said to the correspondent to-day: "The war must be fought out."

At another time during the conversation he said: "Germany is united and possesses every resource in material and above (Continued on Page 8.)

Present Is Premature For Discussion of Peace

By Associated Press. Berlin, Nov. 4, via Amsterdam and London, 12:30 p. m.—The Norddeutsche Allgemeine Zeitung which frequently expresses the views of the government, declares it would be premature to speak of peace conditions at this time.

The newspaper refers to reports that peace proposals are being discussed by German representatives in Holland and adds: "The imperial chancellor has made no such statements. It would be altogether premature to speak of peace conditions."
