Warms and Enriches the Blood

and drives out colds and inflammation by that method. We often hear people say that Linonine cured their cold so quickly that they were astonished. It was done so easily and so thoroughly that they could hardly realize their improved condition and their freedom from the customary bad aftereffects of some remedies. Linonine is effective in all cases of coughs, colds, run-down conditions and kindred ailments, both adults and children, because it removes the cause. The weakened and distressed tissues are bathed in new, warm vitality-bringing blood—disease is overcome by the health Linonines brings to the user. It is a wonderfully effective remedy for throat and lung complaints.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body. It is this splendid health measure to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.—Advertisement.

Legality of McEntee's Election Is Questioned

A question as to the legality of the election of T. T. McEntee to council in the Fourth ward may be raised, according to talk in Steelton political circles to-day.
Mr. McEntee, a former burgess, after being defeated for both the Republican and Democratic nominations at the primary, was placed on the Washington party ticket, which had candidates in the field. It is on this ticket that he was elected by a plurality of 26 votes over H. A. Hartman, Republican. The only question that could be raised would be whether or not the signing of his name to the Washington ticket after the primaries was legal.
Mr. Hartman, his opponent, was out of town this morning and his course of action could not be ascertained. Men close to the situation, however, say that Mr. Hartman considers the former burgess' election, a verdict of the voters and will make no contest.

TEACHERS WILL HOLD MEETINGS

"The Place of Experience in the Educative Process" Is General Topic

Programs for the winter meetings of the teaching staff of the Steelton public schools were announced this morning by Superintendent L. E. McGinness.

Four meetings will be held, the first on December 13; second, January 10; third, February 14, and the final meeting, March 11. The subject for discussion at all the meetings will be "The Place of Experience in the Educative Process." Each teacher's discussion will be limited to five minutes, following which questions may be asked.

In announcing the programs, Superintendent McGinness said: "The work selected for professional reading is to say the least practical. It is based upon the true principle that the values of life are ends that are good for every one, and that the sole cue to value is experience. With it the beginning point of all instruction is the experience of the learner."

"In order to avoid a congested program and to allow more time to a careful consideration of the chapters assigned for professional reading, fewer topics than usual are scheduled for each meeting."

Very Effective Method For Vanishing Hairs

(Modes of To-day)
At very little cost any woman can rid her face of hairy growth, if she will use the delatone treatment. This is made by mixing some water with a little powdered delatone. This paste is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone.—Advertisement.

Stole For Woman

Bellini came to Harrisburg about October 9. He was accompanied by a young Italian woman and one child. They secured rooms in South Ninth street. On October 12, Bellini was arrested for stealing two bicycles. He confessed, and said he stole to get money for his wife and child. On the day following his arrest the woman and child went back to New York. Subsequently, Bellini secured bail and returned to New York.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.
By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve an entirely destroy every single sign and trace of it, no matter how much dandruff you may have.
You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Gould Shoves Relative Out of R. R. Position

Special to The Telegraph
New York, Nov. 5.—George J. Gould, who has been a silent factor in the financial and railroad world since he was ousted from the management of the Missouri Pacific Railway by Kuhn, Loeb & Company and allied interests last summer, got back into harness yesterday and treated Wall Street to a new sensation. He gained control of the Denver and Rio Grande Railroad, and by the exercise of this control forced the president of the Denver road out of his office and elected a new president suitable to himself. He also ousted a vice-president to make way for his son, Kingston Gould, and appointed a new director on the Executive Committee, in place of his own brother-in-law, Finley J. Shepard, husband of Helen Gould.

SUGGESTION TO WOMEN

Who Are "Just Ready To Drop"
When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired-out next morning as when you went to bed, you need help. You can get it just as Mrs. Maxwell did. She says:—

"I keep house for my little family of three, and became completely run-down. I was weak, nervous and could not sleep; finally I was unable to do my house-work. A friend asked me to try Vinol. I did so, and improved rapidly. It toned up my system. I regained my strength, am no longer nervous, sleep well, and do all my housework." Mrs. J. C. Maxwell, Montgomerie, Ala.

There is no secret about Vinol. It owes its success to the medicinal extractives of fresh cod liver, tonic iron and beef peptone, the oldest and most famous body-building and strength-creating tonics.

So many letters like the above are continually coming to our attention, that we freely offer to return the money paid for Vinol in every case where it fails to give satisfaction.
