Seeks Living Death as Nurse to Lepers

MISS MARY CHEMIELEWSKA

New York, Nov. 5.—A young and beautiful New York girl has just declared her intention to become a nurse and join the leper colony in far-off Molokai. The young woman to choose this living death is Miss Mary Chemielewska, a 20-year-old parishioner of St. Casimir's Church.

Miss Chemielewska has gone to Dyracuse, the mother home of the Franciscan nuns, where after a novitiate of several months, during which time she will be instructed in nursing, she will leave for the Hawaiian Islands.

The colony she will join is the one where Father Damien labored and died. It is one of the most desolate islands of the Hawaiian group.

Begin Tabulating Vote in County; City Finished

Abolition of the county vote polled at Tuesday's election was begun early this afternoon by Additional Law Judge S. J. M. McCarrell, Prothonotary Harry F. Holler and Attorneys Frank E. Ziegler and B. F. Ueberger, clerks. The count of the city ticket was finished shortly after noon to-day, but the totaling will not be completed until all the figures have been tabulated. The count will likely last throughout to-morrow.

Several small election expense accounts were filed to-day among which were the following: Oscar Hawk, Republican, democratic and Washington candidate for constable of Lykens, and Edgar B. Lerew, Republican and Socialist candidate for judge of election, Pleasant View. Neither spent more than fifty dollars.

All the constables elected throughout the county last Tuesday will be sworn into office Monday, December 6, by Prothonotary Harry Holler. Justices of the peace and aldermen will not take office until the first Monday in January when the other officers assume office.

Owing to the official count in Pennsylvania no additional figures on the woman suffrage amendment were available to-day. No definite figures will be handed out until the completion of the official count. Unofficial figures received at State suffrage headquarters show that they carried thirty-three counties.

MORE CONTAGION
A slight increase in the number of deaths and of contagious diseases reported during October, compared with the same month last year, was shown in figures compiled to-day in the office of the City Bureau of Health and Sanitation.

COMMISSION TO STAND BY ORDERS

Refuses to Change Its Ruling in Passenger Train Service Complaints

The Public Service Commission to-day refused the petition of the Philadelphia and Reading Railway for a rehearing in the case of A. M. Strayhorn against the company's train service in which the commission made a ruling setting forth its policy in regard to accommodations for passengers. The company was directed to install the service December 15 and to make monthly reports until July 1 next when it will leave to apply for a modification of the order.

The commission to-day discussed ways and means to secure an agreement on a program for abolition of all grade crossings in Pottstown, the borough and railroad officials being represented. It was the first conference of the kind.

Two settlements of cases were secured by the commission to-day. The Reading railway agreed to protect three crossings in Tamaqua with watchmen and to put gates at another crossing in the same town. The Potter Gas company which had given notice of intention to abandon service has agreed to maintain service after complaints had been filed.

AMERICANS HELD AS PRISONERS

Four Men Are Detained by Villa Who Yesterday Said They Were Dead

By Associated Press
Douglas, Ariz., Nov. 5.—The four Americans, Dr. R. H. Thigpen, Dr. James Miller, J. D. Pylant and A. L. Wilson reported yesterday by General Villa as having been killed in the battle of Agua Prieta are prisoners at Villa Verde, according to George Snow, driver of an automobile truck, who arrived at Naco, Ariz., to-day. Snow said he saw the four men at Villa Verde last night, but could not learn the nature of the charges upon which they were held by Villa authorities.

According to the Villa report yesterday, the two physicians and their chauffeurs, Pylant and Wilson, were killed by gunfire from General Calles' forces while giving first aid between the lines. Villa reported the four men "dead and buried." He declined to say where they were buried or consent to exhumation of the bodies.
