"Anthology?--What's Anthology?" That's what I said to The Boss the other day after he'd called me on The Carpet. You see, it was like this: The Boss gets an idea now and then—and this was one of them. So I'm called to The Carpet and he says to me: "Phil, you've got 'em coming fine on that Want Ad page but your batting average isn't perfect. Not by any means. Now here's my point. Folks in and around Harrisburg are achieving wonderful results from the Want Ad page; selling houses and lots, automobiles, furniture, livestock, in fact anything one might mention. They're having lost articles returned, obtaining competent help, filling vacant rooms and houses. You know it, and I know it, and it's up to you to let other folks know about it or your work is lumpy. What I want you to do is combine these results and write an anthology."

Saved Her Life

The unqualified endorsement of Fruitola and Traxo in a recent letter from Mrs. S. Grindle, 2018 Mignonette St., Pittsburgh, Pa., will be of interest to other sufferers from stomach and intestinal troubles. Mrs. Grindle says: "The doctors had given me up, saying the only hope left was an operation. I tried Fruitola and passed hundreds of gall-stones with the first two bottles. Am now feeling better than I have for years past. I will be glad to tell any sufferer how it has helped me, for I owe my life to it." Fruitola possesses properties that act directly upon the intestinal parts, softening the congested waste and disintegrating the hardened particles that cause so much suffering, and expedite the accumulation to the great relief of the patient. Traxo is a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices, to aid digestion and removes bile from the general circulation. It serves to build up the weakened, run-down system. For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through representative druggists. In Harrisburg they can be obtained at Gorgas, the druggist, 16 North Third street, P. R. H. Station.
