# GAINS RECORDED FRENCH STEAMER PREDICTIONS ARE LORD KITCHENER REALIZED ON "8" TRAVELS TO INDIA

Baldwin Locomotive Rose to Captain Juham, in Wireless, Multiple Cylinder Car Has Ful- Uprisings Reported to Have filled Expectations of Those Who Introduced New Type

> By C. P. HENDERSON General Sales Manager, Cole Motor Car Company.

The world is witnessing the com-plete fulfillment of one of the most startling prophesies ever made in the automobile industry—that within a year the multiple cylinder car would be pre-eminent in the medium and high priced class.

high priced class.

Records which are being compiled

Records which are being compiled with reference to the past seasor's production indicate that with the close of the year approximately 85 per cent. of the cars sold in this country for \$1,750 or more are of the multiple cylinder type. And better yet, these very cars are setting a new standard comfort that was never before realized. It is rather amusing to us, now that we have passed through the stormy period and overcome successfully the many knocks and prejudices that conformed us in launching this new idea, to look back over the year and view have passed through the stormy period and overcome successfully the many knocks and prejudices that conformed us in launching this new idea, to look back over the year and view have been substantiated and admitted by the skeptics sprang up on every hand, berating us for even attempting to produce a multiple cylinder car.

"It's a dream—it's all theory—it work out in practice," they crited, and they cautioned us that we would ruin ourselves and our reputations as wise motor car builders if we endeavored to market our product, they consider the state of the cole ight as a part of our regular production we had seen the car in operation. Of course, it was by no means a finished specimen, but even in its experimental stages it was such a revelation to us all that we knew it could not fail. Then came a long period of watchful, waiting. Improvement followed improvement until at length our regular it aleast the Cole eight was ready for the public.

Again it was tested—more rigidly by far than any previous model. And

last the Cole eight was ready for the public.

Again it was tested—more rigidly by far than any previous model. And after we had satisfied ourselves that it was 'right' we announced it.

What has followed has been an endless chain of satisfaction. And what has been our experience has been borne out and substantiated by the experience of the other big motor car manufacturers who with us have made the multiple cylinder car a possibility. The motoring public was not slow in recognizing the merits of the multiple cylinder motor car and its advantages over the former types. This has been proved by the fact that, as I said before, approximately 85 per cent. of the cars selling for \$1,750 or more which were produced during this year have been of the multiple cylinder type.

And we are planning for an even

Caused England Much Concern

By Associated Press

Washington, D. C., Nov. 9 .- Earl Kitchener's ultimate mission during his mysterious absence from the Brit-ish war office is said by confidential information received here to-day to be information, British rule is confronted with a more serious state of unrest than has generally been known out-

menace to a community.

Frank McGrann, of Lancaster, himself a game warden and secretary of the poultry association, is greatly in favor of the law. He said Dr. Kalbfus has prepared a pamphlet which endeavors to see that none of the game laws are misconstrued. With a paid game warden in each district whose duty it is to instruct foreigners, it is not usual to have pet animals killed. There is no end to the dogs claimed by our foreign population, the largest of any State in the Union. An alien can rarefy be induced to kill a dog, whether he has money to feed it or not. Thus without restriction in certain sections it would be impossible to raise sheep or poultry, not to mention the total destruction of game, in a short time.

As Mr. McGrann pointed out sheep.

the total destruction of game, in a short time.

As Mr. McGrann pointed out, sheep and poultry are destroyed by the aliens' dogs in great numbers. Cruelty committed against them is just as reprehensible as when a dog is the victim. We must therefore have some laws to protect other interests.

Mrs. Lovell, of the Woman's Penn-sylvania S. P. C. A. of Philadelphia, said yesterday that she firmly be-lieves if there had been in Europe a thorough humane education in the broad and full sense for the last generation the present cruel war would never have come. DE ETTA M. REESE DIES

Young Lady Passes Away at Her Home In Newark

Her many friends in Harrisburg, where she spent her childhood and where her family resided for a number of years were shocked to-day upon receipt of the news of Miss DeEtta M. Reese's death at her brother's, (Dale) home in Newark, N. J. She died Sunday night and burial will take place in Newark to-morrow. Miss Reese had not been in good health for several years, but her death was wholly unexpected. She frequently visited in Harrisburg where her father was formerly identified with the Foundry and Machine Works.

TO CONFER DEGREE The inititary degree will be conferred upon five candidates at a meeting of State Capital Lodge, No. 30, I. O. O. F. in its hall, 304 North Second street this evening.

THE Harrisburg Polyclinic Dispen-sary will be open daily, except Sunday, at 3 P. M., at its new location, Front and Harris streets, for the free treat-ment of the worthy poor. NUBBER STAMPS SEALS & STENCILS MFG. BY HBG. STENCIL WORKS
