JUST TRY RHEUMA NO CURE, NO PAY

That is the Basis on Which Druggists Offer This Great Remedy for Rheumatism.

Anybody can afford to use Rheuma to get rid of terrible rheumatism, sciatica, or gout, for it is sold by H. C. Kennedy and other druggists at only 50 cents.

It is wonderful how speedily this simple remedy takes hold and how sore muscles limber up and swollen joints come down to normal. It is the best remedy you can find to drive rheumatic poison from the system and bring back health to misery-racked bodies.

"I had rheumatism for a long while, and was not cured until I used Rheuma. My advice to those suffering from rheumatism is to use this great remedy, as I believe it will effect a cure in any case."—C. E. Lanham, Sattles, W. Va.

JONES INCIDENT IS NOW HISTORY

Council Appoints Kevan Burrell to Succeed Man Dismissed After Fight

WHAT STEELTON COUNCIL DID LAST NIGHT

Appointed Kevan Burrell successor to Clinton Jones, dismissed patrolman.

Authorized borough secretary to settle with delinquent water renters at from 10 to 50 per cent. of bills.

Passed first reading ordinance, changing tenure of office of borough solicitor.

Passed first reading ordinance placing 29 new lights and eliminating 5 arc lights.

Ordered drainage improvements at Fifth and Elm streets, costing \$30.

Ordered payment of final installment on paving bills, about \$1,600.

Reappointed Walter H. Chick member of Water Board.

Instructed borough solicitor to redraft all borough ordinances to conform with new code.

Referred plumber's bond to Board of Health for investigation.

Confirmed appointment of Bent Shrauder, subdivider West Side Hose Company, vice William J. Lutz.

Paid bills amounting to \$13,910.54.

The story of the bitterest clash in Steelton's history between the legislative and executive branches of the borough's government was ended last evening, when, as a last chapter, council appointed Kevan Burrell, colored, of 129 Adams street, a patrolman to succeed Clinton Jones, the officer dismissed from the force after a long fight between Burgess Fred Wigfield and the police committee of council.

There were fifteen applicants for the job and Burrell was recommended by Chairman Nelley of the police committee after his committee had gone over the other applications. When Chairman Nelley placed Burrell's name before council Mr. Reich, of the fifth ward, objected to the procedure. He wanted to hear something about the other candidates, he said. In response to a suggestion of Chairman Nelley, he placed the name of John Murphy before council. This he later withdrew and Burrell was appointed unanimously.

The new officer Mr. Nelley declared well fitted for the job. He is a resident of Steelton for twenty years, owns his own home at 129 Adams street and was well recommended.

Clinton Jones, the dismissed officer, it was said to-day, boards with Patrolman Burrell.

ACCEPT WRIGHT PARK ROAD OFFER

Borough Park Development Can Now Go Ahead; Two Acres Given

Steelton's borough council last evening went on record as favoring the early development of a comprehensive system of parks and playgrounds for the borough by accepting the offer of Harry C. Wright, president of the Municipal League, of ground for a road entering the new Luther R. Kelker park tract.

The firm of Brightbill and Wright, of which Mr. Wright is a member, will give the borough a strip of land from Sixth and Swatara street to the entrance of Luther R. Kelker park. In return for this the borough will grade the street at an estimated cost of \$1,875.

It is this project that the Municipal League of Steelton has been urging council to take for some months past and now, that council has gone on record as favoring the early construction of this entrance, the actual work of developing a park system for the borough may be inaugurated.

Council has instructed the borough solicitor to draw up ordinances and the other necessary legal forms which must be passed before actual work on the new road may be commenced. There will be little delay in these negotiations.

In the strip of land which Brightbill and Wright will give the borough there are two acres of ground. In recommending council's acceptance of the offer, Chairman Henderson of the highway committee, praised Mr. Wright's generosity.

Defeated Burgess Makes Firemen Change Plans

Highspire firemen have been forced to change their plans for the big annual fair and festival which will open in a few days. Burgess Aaron E. Klugh has caused the change. He has issued a proclamation declaring that any wheels, other devices or games of chance will be strictly banned. Their operation, he declares, will cause arrests to be made.

Heretofore the firemen have "chanced off" various articles the same as at church fairs and other charitable events in small towns, and they are now wondering whether it isn't just possible that Klugh's defeat for justice of the peace at the recent election might not have something to do with his new stand. This, it is understood, Klugh denies.

Officials Await Developments Now

State officials are disposed to await developments in the anthracite coal tax matter before taking any steps. Attorney General Brown, who is in Philadelphia this week, engaged in the trial of a case, will determine the future course of the State within a few days and afterward Auditor General Powell will take up with him the questions of the tax paid by consumers to dealers.

State officials refused to talk to-day upon the possible effect of the offer of the Reading and other coal companies to return the amount of the tax and the declarations of retailers that they would not give up.

TO-DAY'S BEAUTY SUGGESTIONS

Face powder simply covers up an unattractive complexion and leaves no lasting benefit. Those who have tried a simple spritzing face lotion find it much better, as it removes skin discolorations, such as freckles and tan, and makes the skin smooth, white and velvety. This lotion is made by dissolving four ounces of sorbum in one-half pint hot water, then adding two teaspoonfuls glycerin. This complexion beautifier does not rub off or show like powder, and gives a more refined appearance. It removes both shininess and sallowness, rapidly giving the skin a permanent healthy, youthful appearance.

An especially fine shampoo for this weather can be had at trifling expense by dissolving a teaspoonful of canthrox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a fluffiness which makes it seem very much heavier than it is. After a canthrox shampoo arranging the hair is a pleasure.—Advertisement.

AIDS TO DIGESTION

Whatever improves bodily conditions in general aids digestion. Cheerfulness, exercise, fresh air, baths and good habits make your digestion better able to take care of any burdens you impose upon it. But the greatest aid to good digestion is good blood. Anaemia, or thin blood, is a common cause of indigestion. Normal action of the stomach is impossible without healthy, well-oxygenated blood. Dyspepsia which does not yield to ordinary treatment may be quickly corrected when the blood is enriched. Many people have secured relief from chronic forms of indigestion by the use of Dr. Williams' Pink Pills which make the blood rich and red, capable of carrying an increased amount of oxygen, the great supporter of human life.

Have you ever seriously considered giving Dr. Williams' Pink Pills a trial to tone up your digestion, increase your vitality and make life better worth living. If your blood is thin and your digestion weak you certainly need them. Send for a diet book. It is free and will help you decide.

Your own druggist sells Dr. Williams' Pink Pills or they will be mailed postpaid on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.—Advertisement.
