

AUTOMOBILE LAW WILL BE ENFORCED

Highway Commissioner Cunningham Gives Warning of What He Will Do

State Highway Commissioner Cunningham is receiving hearty cooperation in his efforts to enforce the provisions of the automobile law in many cities and counties. The police authorities of many of the cities in the State have signified their intention of aiding the department in breaking up unlawful practices. Charles S. Hubbard, director of public safety of Pittsburgh, to-day notified the State Highway Department that he had issued orders to the Pittsburgh police to arrest all violators of the automobile law.

"The sooner that automobile owners and operators realize that the department is determined to enforce the law rigorously the better it will be for all concerned," said State Highway Commissioner Cunningham to-day in discussing Director Hubbard's notification. "While the State Highway Department is not going to persecute any owner or anyone running an automobile required by the law. We intend to be visors of this act must be obeyed. Cases of persons operating a motor vehicle while intoxicated where the facts are proven and where the punishment is inflicted by a court of record are being handled by the revocation of licenses after a hearing as required by the law. We intend to be equally severe with cases of reckless driving and with autoists who persistently operate with one tag, or without any tags, after having been warned that they are violating the law.

"It may seem to some that we are unduly severe, but I am convinced that the only way to compel the enforcement of the law is to make an example of those who persist in violating it. We feel that we are making the roads safe for everyone when we withhold the privilege of using them from the man who has demonstrated that he does not have the proper regard for the safety and rights of others."

The State Highway Commissioner also took occasion to emphasize the necessity of applying early for automobile licenses for 1916. "Many owners of automobiles who have been putting off applying for licenses for next year will find themselves in difficulties if they leave it too long," said the commissioner. "The automobile division of the State Highway Department is endeavoring to forestall the usual rush of applications at the end of each year and hopes to be able to issue nearly all of the licenses before December 31, but unless applications are made early it will be impossible to get the new license plates and registration cards to their owners before January 1, and those who attempt to operate their cars after that time of the year with 1915 tags render themselves liable to arrest on sight either by city policemen or by the State police. A word to the wise is deemed sufficient."

40 CENTS PER "CUSS"
Forty cents per "cuss" is what Alderman George D. Herbert, Twelfth Ward, fined James B. Deshong last evening for swearing at Charles E. Landis on election day. Deshong's bill amounted to \$2.50, and those who didn't hear the interchange of compliments between Landis and Deshong figured it out that the latter evidently started but didn't finish at least one swear-word. Six times forty cents would total only \$2.40, it is contended.

"Judge" Herbert gave himself over to considerable cogitation before imposing the fine, as the suit was brought under an old act, one dating back to 1794. Deshong will enter an appeal.

Another appeal has been issued by the Civic Club for clothing to be sent next week to the camp at Mont Alto. The boxes will be packed and shipped to that place early in the week, and all contributions should be sent as soon as possible to Mrs. William E. Bailey, Front and South streets.

PASTOR AGAINST PROHIBITION
Infringement of Personal Rights, He Tells Colleagues
Special to The Telegraph
Pittsburgh, Nov. 10. — Declaring that prohibition of the liquor traffic is impracticable and that such action deprives citizens of their constitutional rights, the Rev. John S. Young, pastor of the West End Presbyterian Church, startled his fellow ministers at the weekly meeting yesterday of Presbyterian clergymen.

"I have said, and now say," went on the Rev. Mr. Young, "that I am not an advocate of prohibition. The saloon to-day is the destruction of our American citizenship, but prohibition, which is directly against the Constitution of the United States, will never cure the evil.

"Men must be educated to leave liquor alone. No other way will be found, in my opinion, to correct the

A New, Harmless Way to Banish Hairy Growths

(Beauty Topics)

By following this suggestion any woman can, in the privacy of her own home, remove every trace of hair or fuzz from her face. With powdered delatone and water mix enough paste to cover the not wanted hairs; apply and in 2 or 3 minutes rub off and wash the skin. This method is unfeeling, harmless and quick in results, but care should be employed to get the genuine delatone.
