FATHER STEALS HIS DAUGHTER

George Nagle, of Heckton, Kidnaps Little Child From Grandmother's Home

Dauphin, Pa., Nov. 10.—Yesterday morning while playing on the front porch at the home of her grandmother, Mrs. George Gilday, Elizabeth Nagle, aged 3 years, was kidnapped, it is alleged, by her father, George Nagle, of Heckton. Nagle and his wife, who was Miss Grace Gilday, have not been living together for several years and this is the second attempt. It is said Nagle has made to procure his youngest child. The older child has been in charge of Nagle, while the mother has kept the younger one. An attempt will be made to get the child back.

A Great Kidney Remedy According to Thousands of Reports

My wife has been suffering with kidney and bladder trouble in a bad form since she was nine years of age. She was in such a condition that she was confined to her bed and several doctors here treated her but to no effect. About nine months ago she began to take Dr. Kilmer's Swamp-Root and began to improve immediately. She is practically well now and is able to do all of her work. At the time she was sick she suffered greatly and it looked as if she would die, but thanks to your valuable remedy, she is now a new woman. I can recommend Dr. Kilmer's Swamp-Root as the best kidney and bladder remedy on earth and if you desire you may publish this letter in the hope that it may enable other sufferers to get relief.

Yours very truly,
G. T. CURRY,
R. F. D. 3, Box 39, Hubbard, Texas.
Subscribed and sworn to before me this 5th day of April, 1912.

Which Is Your Child?

- Glasses may do as much for your child as they have done for this one.
- Eyestrain is affecting the health and retarding the mental and physical development of one-third of the school children in the country.
- But a small percentage have received the attention they require.
- This is the age of efficiency but the habit of careful, accurate work must be formed in childhood or efficiency can never be required.
- The 75% men and women of to-morrow are the 75% children of to-day.
- A little care now may put your child in the 95% class and you will be relieved of the responsibility for its future failure.
- Don't blame the teachers. This is an obligation that YOU, as a parent, cannot evade.
- A few moments in our office will make the doubt a certainty, one way or another.
- Our long experience and exceptional facilities fully qualify us to render the best service.

Northampton Highway Is Subject of Dispute

Senator John E. Fox and John R. Under the wording of the act this was to be taken over by the State on June 1, 1915.

NEWS OF THE RAILROADS

CHRISTMAS CASH FOR RAILROADERS

Increased Business Indicates Happy Holiday Season For Penna. and Reading Men

On the next payday on the Pennsylvania and the Philadelphia and Reading railroads, employees will receive their first Christmas checks. There will be two check distribution days between now and Christmas.
Busy times in both the freight and passenger departments mean more cash this year for holiday buying. On the Pennsylvania men are working every minute the law permits. Extra men are also making big time. Unless for sickness, injury or death, none of the regular men get a layoff on short notice. Provisions must be made ten days ahead to fill the vacancy during their absence.
In addition to making full and extra time, the Reading yard men are busier now than they have been for some time. At present there are forty-six shifting engines and crews doing duty in the Reading, Lebanon and Rutherford yards. Freight business has shown a wonderful increase since August. Crews get only the legal layoff at home and at the terminals, Reading, Allentown and Hazleton.
Because of the increased business a re-arrangement of crews went into effect last week at Reading.
