### WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."—Mrs. J. M. RESCH, 1900 West Broadway, Louisville, Ky.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### NOTICE

I have been informed that men selling eye glasses, from door to door, have represented that they were associated with me in the optical business.

I wish to inform the public that all such representations are fraudulent, as I employ no canvassers to make examinations, or to sell eye glasses.

Following the custom of reputable optometrists, I make all examinations and fit patrons with glasses in my office, where I have the proper facilities for testing eyes scientifically.

Very truly,

### PROSPERITY NOT DUE TO WILSON

Republican Defeat in 1912 Good Thing For Party, Says Taft

*Special to The Telegraph*  
Chicago, Ill., Nov. 12.—Ex-President Taft told members of the Hamilton Club to-day that the Republicans would come back to power next year. He paid his respects to the Democratic administration by saying that President Wilson should in no way receive credit for the present indications of prosperity.

Mr. Taft put the finishing touches on his Republican optimism by saying the Progressives were coming back into the party in droves. "The rank and file of the Progressives are coming back so rapidly," said Mr. Taft, "that in 1916 there will not be enough left in their own organization to make their party anything more than a negligible quantity."

New York, Nov. 12.—Former Senator Elihu Root, president of the Union League Club, presided last night at a meeting of the club at which a resolution was passed in favor of a national defense program bigger than that proposed by the administration, one that will include a universal military service of all able-bodied men and a navy of forty-eight ships of the first line with full equipment.

### War Department Will Give N. G. P. Ten Horses

*By Associated Press*  
Pittsburgh, Pa., Nov. 12.—Captain W. T. Rees, commanding Battery B, the crack artillery organization of the Pennsylvania National Guard, to-day received word from Washington that his requisition for horses had been allowed by the War Department and he sent here for service with the guns. The department not only provides the horses, but allows for their food and two men to care for them. While thirty-two soldiers are needed for the battery, it is expected that the ten allowed at this time will be used as nucleus around which the others can be trained. Heretofore it was necessary to take such horses as could be hired, and drill was seriously hampered.

### THERE IS A VAST ARMY

of men and women who really never know what it is to enjoy sound, vibrating health—who would be surprised to suddenly gain that exhilarating vitality that robust health brings.

Literally thousands without any particular sickness live in "general debility," as the doctors call it—have headaches, are tired and indifferent. To all such people we say with unmistakable earnestness—"Take Scott's Emulsion after meals for one month and allow its rare oil-food to enrich and enliven your blood, quicken your circulation, stimulate nutrition, and aid nature to develop that real red-blooded life that means activity, enjoyment, success."

Scott's Emulsion is not a drug, but a pleasant food- tonic—free from alcohol. One bottle may help you.

### Young Men Who Refuse to Enlist Will Be Drafted

*Special to The Telegraph*  
London, Nov. 12.—A strong intimation of compulsion at an early date is contained in a statement last night by the Earl of Derby, director of recruiting. This statement is made, Lord Derby declares, with the authority of the prime minister. It says: "If young men medically fit and not indispensable in any business of national importance or any business conducted for the general good of the community do not come forward voluntarily before November 30 the government will, after that date, take the necessary steps to redeem the pledge made on November 2."

### Bryan Denies Statements Printed in Newspapers

*Special to The Telegraph*  
Washington, D. C., Nov. 12.—William Jennings Bryan to-day in a letter repudiated statements accredited to him in his speech in Philadelphia on November 3, to the effect that the Navy League is subsidized by ammunition firms. He did so by sending a copy of the speech he has been delivering, and declared, in effect, without saying so directly, that he had been misquoted in the Philadelphia reports. Mr. Bryan's repudiation followed the threat of the Navy League yesterday to sue him on a charge of malicious libel. Colonel Robert M. Thompson, president of the Navy League, in his threat to Mr. Bryan relied upon the quotation in newspapers which said, in part: "The National Security League and the Navy League are paid agents of the shipbuilders and munition makers."

### War in Europe, which Mr. Bryan declares was the speech he made in Philadelphia, and has been delivering all over the country.

Mr. Bryan did not deny unequivocally the quotation referred to, saying merely in that reference: "I am not responsible for the newspapers to which you refer." In his letter, which did not deny the authenticity of the
