

STEELTON

PENNA. STEEL IN NEW HOLDING CO.

Donner Said to Be Planning of "Keystone Steel Company," Combining His Interests

William H. Donner, president of the Cambria Steel Company and dominant figure in the local situation, according to a story in a Philadelphia newspaper this morning, is planning the formation of a new company to be known as the Keystone Steel Company, with the ultimate intention of making it a holding company for both Pennsylvania and Cambria steel.

With this in view Donner who holds thirty-eight per cent. of Pennsylvania Steel, has made the following offer to the Pennsylvania Railroad, the Reading Iron Company and the minority stockholders of the Steel Company:

To lease the Pennsylvania Steel Company for 999 years on a five per cent. basis, or to exchange the preferred stock they hold at par and the common at 45 for Keystone Steel 20-year-five per cent. bonds, the stock to be deposited as collateral for the bonds.

The railroad companies, holding 38 per cent. of the stock, are said to look with favor upon the plan and if it goes through will probably turn over their Pennsylvania Steel for the new Keystone Steel bonds, as they would rather part with the stock and could easily find a market for the bonds of Donner's company.

All this information is in harmony with the manner in which Donner has manipulated his various deals during the past month. Within the past few days he has made an offer to the Pennsylvania Railroad for 150,000 shares of Cambria Steel. His price is said to have been \$75 a share, but it is not definitely known what action the company's officials will take.

If Donner is planning to form a big steel corporation, and there is every reason to believe that such a corporation would be the one he would likely pursue, some light is thrown upon the situation, which has been in a turmoil ever since Donner, on October 29, exercised his option on half the railroad's holdings of Cambria and Pennsylvania Steel, or 38 per cent. of Pennsylvania Steel. He then acquired 112,000 shares of Cambria. At that time it was generally believed that he had in mind the forming of a big holding company to operate both the steel companies.

Does Not Hold Control From the fact that Donner has made an offer for 150,000 of the 225,000 shares of Cambria Steel held by the Pennsylvania Railroad, it is plain that he does not hold control of that company despite his statement that he now has more of the stock than ever before.

Donner Takes Over Penna. Railroads' Interests in Cambria Steel Co.?

Philadelphia, Nov. 12. — Henry Tatnall, vice-president of the Pennsylvania railroad, in charge of finance, announced to-day that the Pennsylvania company had disposed at private sale the remainder of the stock it held in the Cambria Steel company. On October 20 it was announced that William H. Donner had exercised his option on the purchase of half of the holdings of the Pennsylvania company in the Pennsylvania Steel company. While no announcement was made as to the identity of the purchaser of the Cambria stock it was believed in financial circles that it went to Mr. Donner, who is president of the Cambria company and chairman of the board of directors of the Pennsylvania Steel company.

It was reported to-day that Mr. Donner is planning the organization of a new corporation to be known as the Keystone Steel Company with the purpose of making it a holding company for the Pennsylvania and Cambria Steel concerns.

Municipal Christmas Tree on Locust Street Steps

The Civic Club is making plans for a municipal Christmas tree, to be placed on the Locust street steps if permission can be obtained from council. The details of the plan will be worked out at a meeting of the club Monday afternoon in Trinity parish house, Pine street. At this meeting Miss Marie Wizemann, the Civic Club's trained nurse and investigator for the Steelton Associated Charities, will make her first annual report to the club. Mrs. James Kline and Miss Edna Garity will tell about their experiences in visiting the exhibitions at San Francisco and San Diego.

Who Is Measured For Your Clothes?

No two men are built identically alike. You may find your counterpart in height and weight but there's bound to be some difference somewhere. And the garment that is made to the other fellow's measurements may fit you, in a general way, but it can't be fit-perfect. This season, why not wear a garment tailored for YOU over YOUR measurements. It costs no more.

Is This a Sacred Truth or An Infernal Lie? Investigation Is Easy. Read the Wonderful Claim Made.

If it is true, give the credit where it belongs.

If it is a lie, the Health Teacher should be banished from the city.

Mrs. Andrew Shull, of No. 2251 North Sixth Street, This City, Takes the Quaker Treatment in the Morning and a Few Hours Later Expels a Monster Tapeworm.

All the Particulars Are Herewith Related So That Investigation Can Be Made by Phone, Mail or Visit.

The Tapeworm May Be Seen at Croll Keller's Drug Store, 405 Market Street.

Grand Work of the Famous Quaker Remedies Is Startling the People of Harrisburg.

The health teacher has shown many testimonials from people who derived great results from the Quaker Remedies during the past few weeks. You have undoubtedly read them and probably investigated and found them true in every particular.

Mr. Walter Carberry reported that his severe case of rheumatism in his back and shoulders had disappeared after using Quaker Extract and Oil of Balm.

Mrs. Wittekind reported seemingly miraculous results in a most severe case of stomach troubles from which she had suffered for years. She took the Quaker Remedies less than one month to obtain these wonderful results.

Mr. James V. Levan cheerfully allowed it to be published that Quaker Extract, Oil of Balm and Kidney Pills had cured him of Kidney and Bladder complaints and Lumbago.

Mrs. C. Cropper certified that her inflammatory sciatic rheumatism has completely left her since she took the Quaker Remedies.

Mrs. Matthew Mangold stated that she no longer has any symptoms of catarrh. Quaker Extract done the work.

All these testimonials have appeared in public print; have been found genuine and created confidence in the remedies. These proofs are surely convincing, but to make the arguments all the stronger to prove the powers of the wonderful Quaker Remedies here is another wonderful result, due to these great remedies. Full particulars are given, so that you can make every investigation, if you desire, by mail, phone or visit.

Mrs. Andrew Shull lives at No. 2251 N. Sixth St., this city. Her husband is very well known and is an engineer on a passenger train on the Middle division. For years Mrs. Shull was afflicted with a tapeworm, which caused her to be subject to all kinds of stomach complaints. She tried many treatments, some severe, some mild, some expensive, some cheap, and while at times she succeeded in

getting pieces of the worm it always thrived again, causing more trouble than before. Oh, how anxious she was to get rid of it. She realized that unless she expelled it serious consequences would surely result. But what should she do? What should she take? Where should she go for help? Was there really no cure for her?

Last Wednesday night she did a wise thing, for which she will ever be thankful. She called on the health teacher at Croll Keller's drug store, No. 405 Market St. She convinced him that she was afflicted with a tapeworm and he therefore recommended the Quaker treatment. She obtained it, took it according to directions the next day, Thursday (yesterday), and after a few hours she expelled the monster complete. It can never bother her again; she is cured and Quaker cured her after everything else had failed. The worm was placed in a glass jar and brought to Croll Keller's drug store. It is still there and all who wish may call and see it. Full permission is given to all who wish to investigate this remarkable case in any manner desired, as Mrs. Shull will be only too glad to acknowledge the marvelous powers of the Quaker Remedies.

If you have rheumatism, catarrh, indigestion, constipation or any stomach disorders, the health teacher welcomes you to call on him at Croll Keller's drug store. He can be seen there daily from 9 a. m. to 9 p. m. Call in the morning if you possibly can. He will tell you all about the Quaker Remedies. Remember none of the assistant remedies to Quaker Extract can be had in any store in Harrisburg excepting Croll Keller's. Do not delay. Call at once and let the health teacher prove what he preaches. It costs nothing to have a talk with him. For the love of your children, if they are pale, puny, restless or weak, they may have worms. Quaker expels worms. It cannot harm. Safe for a baby or weakest adult. Be careful. Look out. Be sure to get the genuine remedies direct from the laboratory. The health teacher is a direct representative of the producers.

Quaker Remedies Are Safe, Pure and Strictly Composed of Herbs

Call To-day, or As Soon As You Can and Ask the Health Teacher All About Them

Croll Keller's Drug Store, No. 405 Market Street

Any time between the hours of 9 o'clock in the morning and 9 o'clock at night.

THREE WOULD BE BORO TREASURER

Are Lining Up Friends to Land Office Which Will Be Vacated by L. H. Sutton

With the intimation that L. H. Sutton, Steelton's borough treasurer, will not accept the office at the expiration of his present term next January, a number of candidates for the job have started to line up their friends in a lively scramble for that office—one of the most lucrative of the appointive jobs in Steelton.

The names of three prominent men have already been mentioned for the office. They are Charles H. Beidle, a South Front street barber; Claude E. Brinser, a member of the hardware firm of C. Brinser, Sons, and Edward Lewis, at present an officeholder. Just which of these three men stands highest in the favor of Steelton's council, in which there will be three new members after January 1, is a matter of much conjecture in borough political circles.

Mr. Beidle has been a resident of Steelton for more than 30 years. He is widely known and has an excellent reputation as a businessman in the several organizations in which he has been interested from time to time. He has always been a staunch Republican and has never held public office.

As a member of the C. L. Brinser & Son hardware firm, Mr. Brinser has a good business training. He is an active young Republican and has never held an office. His father, though, has held many elective and appointive offices, both locally and in the county.

Mr. Lewis is a retired employe of the Pennsylvania Steel Company. He has served the people as a councilman and former burgess. When the recent paving operations were under way he looked after the borough's interests as inspector on the job. Since that time he has been made secretary of the Board of Health which office he holds along with the offices of inspector of plumbing and superintendent of sewers. The latter office now being changed from the water department. In politics, Mr. Lewis was a Republican. In 1912, however, after being defeated at the primaries for the Republican nomination for burgess, he bolted the party and ran on an independent ticket. He was defeated.

TACKABERRY ASSOCIATED WITH McVEY INTERESTS

F. H. Tackaberry, who recently resigned as assistant general manager of sales for the Pennsylvania Steel Company, has become associated with Martin McVey, Jr., 1 Liberty street, New York city. Here he will be an active officer and director in the Industrial Underwriters, Inc., the V. & O. Press Company, Globe Company, the Locke Steel Belt Company, Bridgeport, Conn. Mr. Tackaberry was member of the Sales force of the Pennsylvania Steel Company for nine years, part of which time he spent in Mexico. He is well known in Steelton.

LITERARY PROGRAM

At a business meeting of the Epworth League of the First Methodist church this evening, a literary program will be presented. It follows: Selection, orchestra; piano duet, Mrs. Thomas Smith and Miss Iva Thompson; readings, Walter Franke, cornet solo, J. E. George; debate, "Resolved, That Bachelors Should Be Taxed"; selection, league quartet; contralto solo, Miss Martha Armstrong.

STEELTON GETS RAIL ORDER

The Philadelphia and Reading Railroad Company yesterday divided an order for 12,000 tons of steel rails between the Pennsylvania Steel, Bethlehem Steel and Carnegie Steel Companies. This makes the Reading's total rail order for this year 20,000 tons.

MIDDLETOWN

MRS. GARVER DIES

Mrs. Sarah Garver, aged 81 years, widow of John Garver, died yesterday at the home of her daughter, Mrs. Jonas Dougherty, at Lancaster, from the effects of old age. She is survived by three sons, Simon, near Hummelstown; Nicholas and Leonard, at Hilldale; three daughters, Mrs. Emma Meckley, of near Elizabethtown; Mrs. David Foreman, Greenville, Ohio, and Mrs. Jonas Dougherty, of Lancaster; two sisters, Mrs. Elizabeth Witmer, of Elizabethtown, and Mrs. John Long-

TO GIVE MUSICAL

Under the auspices of the choir of St. Peter's Lutheran church, High-spire, a musicale will be given in the church next Tuesday evening. Those who will participate in the program include: Professor Wm. M. Harcel-rode, Mrs. Oscar Good, Miss Sylvia Witman, Miss Bird, Miss Potter, Miss Cover, Mrs. Etter, Miss Lawrence, Mrs. Foeher, Mrs. Kirkpatrick, Geo. W. Neff and Ellis Lawrence. Music lovers of Highspire will be given a rare treat through this array of musical talent. A silver offering will be received at the door for the benefit of the choir, Mrs. R. I. Mumma, leader.

HELD AS HOLD-UP MAN

Accused of holding up and robbing Ilja Menganin the night of November 9, Rada Loncar, an Austrian, was arrested by Detective I. N. Durnbaugh yesterday. Without bail he was committed to jail by Squire Gardner for a hearing.

Royal Baking Powder Absolutely Pure Avoid All Substitutes

Enhaut Youth Elopes With Steelton Girl

Eluding their friends, Lawrence Augst, 19, of Enhaut, and Miss Emma Lyons, 18, of Steelton, slipped away to Hagerstown, Md., Wednesday morning and were married by the Rev. E. K. Thomas, pastor of the First Baptist church. Mr. Augst, who holds a respons-

ible position in the frog and switch department of the Pennsylvania Steel Company, is well known in the lower end of the county. He is secretary of the Enhaut Fire Company. The bride is popular among Steelton's younger set. Mr. and Mrs. Augst have returned to Enhaut and will reside with the bridegroom's parents for the present.

A Different Kind of Jewelry Store

Telling the Truth About Jewelry

There was a time when some jewelry stores advertised without any regard for truth.

To-day every statement made must be absolutely correct or the advertiser is violating the law.

When we say that we give the greatest jewelry values in this city we present the opportunity for you to make comparisons. We can prove our claims.

A look at our windows right now will give you an idea of what we mean by unusual values.

How to find your sensible cigarette

The cigarette that you'll stick to when you find it must "make good" to you in three different ways.

It must delight your taste.

It must be cool and friendly to your throat and tongue.

It must leave you feeling as fit as a fiddle at the end of a hard-smoking day.

On the last two points we match Fatima against any cigarette in the world—it can't

be beaten. You can prove that by these two tests.

But when it comes to taste, that's up to you. There's no telling, until you try them, whether Fatimas will just suit your taste or not.

They are the biggest selling cigarette, costing over 5c, in the world. If so many thousands of men prefer Fatima's taste, it's pretty sure that you will, too.

Why don't you try them?

If you do happen to like their famously good taste, remember that Fatimas are the most SENSIBLE cigarette you can buy.

Buy your trial package of Fatimas today.

Liggett & Myers Tobacco Co.

TWO TESTS FOR ANY CIGARETTE. The taste of the cigarette—according to a leading tobacco journal—is up to the smoker. But there are other qualities that you should look for in the cigarette that you are going to stick to for your steady smoke. Here are a couple of tests that may help the average smoker to choose more wisely between different brands of cigarettes. The first test is for coolness, which means more comfort to the throat and tongue. Light any cigarette, draw a cloud of smoke—a small, ordinary puff is not sufficient to make this test. Let it go around against your tongue in your mouth for a few seconds. Let it "doat" around against the smoke. Now blow out the smoke. If the cigarette leaves, combined in just the right proportion, it will always feel COOL and smooth. On the other hand, if the proportions are not right and if the cigarette contains inferior grades of tobacco or hidden scraps of rank, oily leaf, you will feel a slipping sting at the tip of your tongue and "sandpaper" ticks in your throat. Test number two?—How do you feel after smoking a day? If the tobacco in the cigarette includes a correct proportion of mild grades—and if all of the various grades have been properly blended as to age—and if they have been so blended as to neutralize any unpleasant qualities in each of the different types of tobacco, you will be able to smoke practically whenever you feel like it throughout the day without feeling any effect from it. But with another cigarette in which the blend is less skillful, even though the tobacco are of the highest grade, you will find along towards the end of the day that you are likely to have that feeling of having "smoked too much."

FATIMA THE TURKISH BLEND Cigarette 20 Distinctively Individual FATIMAS 15c
