

ROMANTIC ITALY IN PICTURE TOUR

Land of Sunny Skies, Will Be Shown by Roberson, Tonight

With a picture-tour to-night across romantic Italy and a visit to-morrow night to London and Paris, Frank R. Roberson, the famous traveler and travelogue who has been appearing at the Chestnut street auditorium for the past two weeks and a half, will bring his engagement to a close. Harrisburg people have only two more opportunities to enjoy these fascinating screen-tours to foreign lands.

Those who have attended so far have found the travelogues well worth while. Travelogue Roberson has succeeded in placing an atmosphere of realism about his picture-tours, giving his audiences a vivid idea of the countries visited, their people and interesting places. It is the next best thing to traveling itself, and is achieved at a minimum of cost.

Through the action of the Telegraph in standing sponsor for the travelogues, admission prices have been absurdly low. Ten cents is all it need have cost anyone, this admission price being possible with the coupon which the Telegraph has carried on its first page each day of the engagement. One-half the house has been set aside as a reserved section, and admission to this being 25 cents, coupons not necessary.

To-night's subject has an unusual interest, Italy, the country visited, being one of the most fascinating of lands. Rome with its ancient ruins and Papal Palaces, Naples with its beautiful bay, Florence with its art galleries, Milan with its famous cathedral, Venice with its canals and gondolas, and Monte Carlo with its gambling halls, each with its individual points of interest will be included in the tour. Italy, "land of romance and sunshine" with all its delightful scenery and color and life, will be shown realistically.

A motion picture feature of unusual interest will be that of Italian cavalry officers—some of the finest horsemen in the world—on a daring maneuver. The film shows a ride over a hundred miles of the roughest country in Italy in which the riders plunge their horses down the steep sides of mountains, jump them over boulders and urge them at neck-break speed over broken ground. Several of the riders are thrown from their mounts. It is the most spectacular and thrilling of all motion pictures in the travelogue's collection. Other films will show Mount Vesuvius in action, gondola riding in Venice and scenes typical of the sunny country.

London and Paris, the final subject, is a combination tour to two of the world's most fascinating cities, now gripped in the intensity of war. All the historic and interesting places in both cities will be given. The pictures have not been shown in any other travelogue.

An added feature of each travelogue is a musical program each evening by Miss Sara Lerner and Charles Mackey on the violin and piano. The program for to-night will be made up entirely of Italian music.

Charges of Dr. Goricar Will Be Investigated

Washington, D. C., Nov. 12.—Published charges, attributed to Dr. Joseph Goricar, former Austro-Hungarian consul at San Francisco, that Austrian consuls in the United States, under the direction of Consul General von Nuberg and Count von Bernstorff, the German ambassador, are active in propaganda for destruction of munitions factories and fomenting strikes among the workers, will be referred by the State Department to the Department of Justice for investigation.

The Austrian embassy here denounced Goricar's published statement as untrue in every particular and announced it would try to find some way to prosecute him for it. Goricar, the embassy said, left his post at San Francisco on leave and failed to return.

Secretary Lansing to-day declined to comment on the charges, as has been his invariable custom when dealing with like cases.

Offer to One Person In Each Family

Enclose 10c in stamps or coin, to pay cost of packing and mailing, and we will send you a regular 25c bottle of Linonine to try. Write name and street number distinctly and address, Kerr Chemical Co., Danbury, Conn.

LINONINE Warms and Enriches the Blood

and drives out colds and inflammation by that method. We often hear people say that Linonine cured their cold so quickly that they were astonished. It was done so easily and so thoroughly that they could hardly realize their improved condition and their freedom from the customary bad aftereffects of some remedies. Linonine is effective in all cases of coughs, colds, run-down conditions and kindred ailments, both adults and children, because it removes the cause. The weakened and distressed tissues are bathed in new, warm vitality-bringing blood—disease is overcome by the health Linonine brings to the user. It is a wonderfully effective remedy for throat and lung complaints.

Governor Brumbaugh to Speak at Arbor Day Exercises at Derry Church

Special to The Telegraph
Derry Church, Pa., Nov. 12.—Arbor Day will be celebrated at the Derry Presbyterian Church to-morrow afternoon, at 2:15 o'clock, with exercises which promise to mark a great day in the life of the historic grove which surrounds the building. Many of the oldest trees have gone, and of those that remain not a few show signs of decay. It is to perpetuate the grove that this special Arbor Day is being held. With the actual planting of the trees, the main interest centers on the speakers of the day, of whom Governor M. G. Brumbaugh will be the chief. The Rev. George Snavely Rents, pastor of Derry Church, will be in charge of the exercises. Prayer will be offered by the Rev. H. E. King, of Paxton Church, and the Rev. Dr. George Lelivier Hawes, of Market Square Presbyterian Church, Harrisburg, will make the first address of the day.

Dismissal of McCall Will Be Recommended by Senator Thompson

By Associated Press
New York, Nov. 12.—State Senator Thompson, chairman of a legislative committee engaged in investigating the Public Service Commission, announced to-day that the committee would recommend to Governor Whitman the summary dismissal of Edward E. McCall, chairman of the commission of this district, and had notified Mr. McCall of its intention.

Chief of the reasons for recommending Mr. McCall's dismissal, Senator Thompson said, were the revelations recently made by him on the witness stand concerning the ownership of stock in the Kings County Light and Power Company, a corporation whose activities are to some degree under the supervision of the commission.

Formerly justice of the State Supreme Court, Mr. McCall was appointed by Governor Lutz early in 1913 as chairman of the Public Service Commission of this district. He resigned from the bench to accept the position. In the Fall of 1913 he was the Democratic candidate for mayor of New York, but was defeated by John Purroy Mitchell.

VILLA'S ARMY SQUAD OF NACO
Douglas, Ariz., Nov. 12.—General Villa's army is to-day several miles south of Naco, having occupied that position. It is said, for strategic reasons. It is claimed by I. G. Lelivier, Mexican consul at Naco, that 1,000 men, under command of General Juan Medina, are awaiting an opportunity to join General P. Elias Calles, Carranza commander at Agua Prieta. Medina is said to have formally renounced Villa two days ago.

Exposition Will Not Be Extended

Governor Brumbaugh to-day received this telegram which may interest many Pennsylvanians: Exposition Grounds, San Francisco, Cal., November 5, 1915. Martin Grove Brumbaugh, Governor, Harrisburg, Pa.—The Panama Pacific International Exposition will positively close December fourth. There seems to be rumor somewhat prevalent that the exposition will continue longer, and we have reports of many people planning to come here after December fourth, expecting to see exposition. I am sure from what you saw of the exposition on your visit here, you will agree that it would be most unfortunate if anybody planning to come would arrive too late. Appreciating the great interest you have always taken in this exposition as an expression of pride of the American people in the completion of the Panama Canal, I would earnestly request you to give all possible publicity to fact exposition will positively close December fourth next, so that the people of your State may be informed to that effect. (Signed) CHARLES C. MOORE, President, Panama Pacific International Exposition.
