#### TRY THIS FOR A COLD---IT'S FINE!

"Pape's Cold Compound" ends severe colds or grippe

You can end grippe and break up a severe cold either in head, chest, body or limbs by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the grenuine—Advertisement.

Uric Acid in meat excites Kidney and irritates the Bladder.

Take Salts at first sign of Bladder weakness or Kidney-Backache.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in avoiding it.

Bladder weakness, most folks call it.

times with a scalding sensation and is very profuse; again there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which quickly relieves bladder trouble,—Advertisement.

#### The Greatest Medical Authorities in the World have

made public statements in which they endorse the value of such ingredients as are contained in Father John's Medicine.

These great physicians say in substance, that these ingredients "are beneficial notably in wasting diseases and those maladies which are connected with or have their origin in colds and in debilitating and wasting diseases."

To detail here the statements of these various authorities would require too much space, but if you desire to see these statements in more complete form, write to Father John's Medicine, Lowell, Mass., and we will be glad to give the names of the authorities quoted, with brief excerpts from their public statements.

Father John's Medicine is a pure and wholesome body builder, contains no alcohol or dangerous drugs. Best for throat and lungs.

of the largest and most influential in of the largest and most influential in Steelton, wil celebrate its thirtieth anniversary.

Sermons by prominent out-of-town clergy, elaborate musical exercises by leading Central Pennsylvania artists and historical sketches by local men will feature the celebration.

A leading figure in the various services and ceremonies will be Professor L. E. McGinnes, superintendent of the Steelton public schools. For the entire thirty years since the foundation of the congregation the veteran educator has been superintendent of the Sunday school. Both Superintendent McGinnes and Mrs. McGinnes are charter members of the congregation.

A historical sketch of the First Presbyterian Church has been prepared by the Rev. C. Benjamin Segelken. It follows:

"The first service of the Presbyterian Church, which begins the celebration of its thirtieth anniversary tomorrow, was held in Reehling's hall, in the West Side, Sunday-afternoon, June 25, 1882. The Rev. William A. West, pastor at that time of the Westminster Presbyterian Church of Harrisburg, preached the sermon. The atendance at this service was so encouraging that arrangements were made to have service every Sunday afternoon. The Rev. George S. Chambers, pastor of the Pine Street Presbyterian Church, Harrisburg, preached on the second Sunday afternoon.

"On the evening of September 27, 1882, a meeting of the congregation was held at the residence of John W. Davis for the purpose of organizing a Sunday school. The following officers were elected: Superintendent, Prof. L. E. McGinnes, who enjoys an unbroken record as superintendent, Prof. L. E. McGinnes, who enjoys an unbroken record as superintendent of the school up to the present time. Assistant superintendent, Charles P. Baker; secretary, James F. Newlin; treasurer, William Neely; librarian, Frank T. McElroy; superintendent of the primary department, Mrs. L. E. McGinnes, "The first session of the sunday school was held sunday afternoon, Oc-

mary department, Mrs. L. E. McGinnes.

"The first session of the sunday school was held sunday afternoon, October 4, 1882, with an attendance of 50. The school and also the congregation enjoyed a constant growth until larger quarters became necessary. On the evening of June 11, 1885, the congregation decided to erect a church building. The corner-stone was laid July 16, 1885, after which the people assembled in Central Hall when the church was organized. The building was dedicated with appropriate services on October 5, 1885.

"The constant growth of the congregation and the Sunday School and the Congregation and the Sunday school made it necessary to enlarge the building. Hence the present Sunday school quarters were built as an addition to the church was changed at this time and pews were installed. The present building was dedicated June 18, 1897.

# Complete Protection.

This is addressed to you, Mr. Thinker.

HARRISBURG TELEGRAPH

Always, to you, the welfare of your family is of paramount importance.

I You carry life insurance for their benefit. You make a certain sacrifice every year to pay the premiums. But you do it cheerfully because you want to protect your loved ones.

Their's is a precarious dependence resting upon a single life—yours. You take a just pride in providing for them in case you meet death untimely. But, are they really protected?

They are not, unless you have at least a part of your life insurance payable to them in instalments. Think a minute! Your observation in the past tells you immediately that for many reasons it is dangerous to leave all your insura. e in lump sum to your beneficiaries. You add tremendously to their responsibilities when you do this. You don't need to do it and you should not do it.

The Monthly Income provision is the best legacy you can leave them. It can be attached to any part of your present insurance simply by means of a "rider" which your company will be glad to furnish free.

This plan is scientific and admits of no chance of loss or dissipation of the principal.

We urge upon you to look into the matter at once.

This modern plan insures your insur-
