

POSTPONE ACTION ON ACTING CHIEF

Council, With Mayor, Alone Dissenting, Lays Over Dismissal Resolution

By a vote of 4 to 1, City Council this afternoon postponed action for one week on Mayor John K. Royal's request for the dismissal of Captain Joseph P. Thompson, acting chief of police.

Mr. Lynch asked for postponement because he said the case warranted serious consideration. Council has had no time to investigate the facts because of the sitting of the board of tax revision and appeals, he pointed out.

Most of the session was taken up with a hearing of property owners whose grounds abut on Brown street between Sixteenth and Seventeenth relative to the proposed extension. Council will visit the scene before taking action.

An offer of Edward Wilson, son of ex-Mayor Cameron Wilson, to present the city with a crayon portrait of his father was accepted.

New ordinances offered included: Mr. Lynch—Authorizing new sewers in Twenty-first street, Whitehall to Market and in Whitehall, from Twenty-first to 370 feet east; widening Bellevue park highways.

By Mr. Taylor—Authorizing purchase of 20.21 acres of land from the S. S. Rutherford estate extending from the almshouse tract to the Dull tract north of Derry street. Mr. Taylor obtained the ground for \$300 an acre, up \$500 less than it formerly cost. The total will be \$6,242.

The ordinance authorizing the opening and grading of Summit street from Mt. Pleasant alley to Chestnut street were passed finally. Council permitted the transfer of the city drug and distillery contract from Commissioner-elect E. Z. Gross to F. K. Kitzmiller.

Meat Dealers Ask Council to Adopt Food Guard Rules

City Council this afternoon was asked by a committee of representative butchers and meat dealers to adopt the new regulations relative to the guarding of meats, etc., on open stands or counters.

J. Rannick, city health officer, the committee of meat dealers and representatives from the Chestnut and Verbeke street markets last evening was for the purpose of framing rules whereby the law can be conveniently complied with in the required time.

In style they show some decidedly new charms that are bound to win immediate favor with ultra dressers.

Radium lace has been used unsparingly, and finest of velvet will be found. A new touch is fieldmouse fur (shade! shade it is—not the fur of a horrid old mouse).

In price—they are somewhat out of the common.

No Bobbins to Wind

Where is the woman with an average amount of sewing to do (to say nothing of the seamstress) who doesn't find an inconvenience in winding bobbins; and always they seem to "run out" purposely (?) at times when moments are valuable.

The Eldredge Two-Spool Sewing Machine avoids all this and other annoyances, as well.

You'll hear more about it.

We Say Again And Again That Bowman Millinery Leads

—a football squad is never captained by a loud, bold, boisterous fellow, and right there is meat for an interesting little millinery monologue.

Bold type and screaming headlines do not blend well with the choiceness and exclusiveness of style that good dressers demand.

Extravagant duplication of models is an unthought of practice. Cheapness is void.

Our Millinery Shop is distinctive. Rich in its appointment—complete in its scheme.

The newest will be found here first.

Ready With a Fresh Lot Of Auto Robes

Refuses to Confirm Vows by Proxy Because She Does Not Like Island

Denver, Col., Nov. 16.—A marriage by proxy, contracted last January by Miss Eugenia Campbell, of Denver, and John Pieter Scholten, of Java, has been allowed to remain unconfirmed, according to Miss Campbell, because she was not pleased with the tropical setting of her prospective home in the Dutch island. Miss Campbell is back in Denver.

Scholten, an officer in the Dutch army, met Miss Campbell in Cripple Creek in 1912. Afterward he was ordered suddenly to return to his post in Java. A proxy wedding was arranged. The bride's part of the ceremony was performed in Denver by the Rev. David H. Fouse, with a newspaper man acting as the proxy bridegroom. Scholten participated in a similar event in Havana. Shortly afterward the bride sailed for Java. According to Miss Campbell, when she found she did not like Java she refused to confirm the vows, a form required by the Dutch Government to make them binding.

Demurrers Entered For German Bomb Conspirators

New York, Nov. 16.—When the case of the five men indicted here in the alleged German bomb conspiracy was called in the federal district court to-day, demurrers were entered in behalf of two of the defendants, Robert Fay and Walter Scholz.

The demurrers alleged that the indictment against these men is insufficient and does not state an offense under the laws of the United States in that the munitions vessels on which bombs were to have been placed, according to the charge, would be blown up on the high seas.
